Notes

1. This Appendix contains modifications of the provisions of the *Arancel de la República Dominicana de Importación*. Subject to note 4 of the General Notes of the Dominican Republic, originating goods included in this Appendix are subject to the rates of duty set out in this Appendix in lieu of the rates of duty set out in Chapters 1 through 97 of the *Arancel de la República Dominicana de Importación*. Furthermore, any quantity of goods imported from the United States under a tariff-rate quota provided in this Appendix shall not be counted toward the in-quota amount of any tariff-rate quota provided for such goods elsewhere in the *Arancel de la República Dominicana de Importación*.

Except as otherwise provided in this Appendix, the Dominican Republic shall allocate the in-quota quantities of each qualifying good to persons based on the proportion of the total quantity of imports of the good that each person imported during a previous representative period, while also allocating a reasonable proportion of the in-quota quantities to new entrants, if any.
