Patent Grant Bibliographic Data/APS (Text Only) (Retro. 1976-2001), available for \$2,500, provides a complete bibliographic data retrospective to January 1976.

The 7 Patent Grant Data/OCR DLT Cartridges contain patent grant text produced by an Optical Character Recognition (OCR) process using U.S. Patent Grant Image data from 1920 through 1979 as input. An additional DLT Cartridge, Patent Grant Data/OCR (1920-1979 Update), contains documents from 1920 through 1979 that were either captured again because of errors in the original OCR'ed documents or because they were not present in the original capture. Sample data of this OCR data is available on a CD-R at no charge.
