F. Unfunded Mandates

Under section 202 of the Unfunded Mandates Reform Act of 1995 (“Unfunded Mandates Act”), signed into law on March 22, 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a Federal mandate that may result in estimated annual costs to State, local, or tribal governments in the aggregate; or to private sector, of \$100 million or more. Under section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objectives of the rule and is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly or uniquely impacted by the rule.

EPA has determined that the approval action promulgated does not include a Federal mandate that may result in estimated annual costs of \$100 million or more to either State, local, or tribal governments in the aggregate, or to the private sector. This Federal action approves pre-existing requirements under State or local law, and imposes no new requirements. Accordingly, no additional costs to State, local, or tribal governments, or to the private sector, result from this action.

National Practitioner Data Bank for Adverse Information on Physicians and Other Health Care Practitioners: Medical Malpractice Payments Reporting Requirements

AGENCY: Health Resources and Services Administration, DHHS.

ACTION: Proposed rule; status.

SUMMARY: The Health Resources and Services Administration (HRSA) is announcing its intention to issue a second Notice of proposed Rulemaking (NPRM) on National Practitioner Data Bank (NPDB) Medical Malpractice payments Reporting Requirements following a period of data gathering and evaluation. This will involve a new 60-day public comment period for the revised proposal.

FOR FURTHER INFORMATION CONTACT: Thomas C. Croft, 301–443–2300.

SUPPLEMENTARY INFORMATION: Proposed rules regarding amending the medical malpractice payment reporting requirements for the NPDB were published on December 24, 1998 (63 FR 71255). More than 120 comments on the proposed rule were received. Given the large number of thoughtful comments and the high level of concern that was voiced about the potential impact of the proposal as published, HRSA believes it is imperative to gather additional data and conduct further analyses before proceeding. A new NPRM then will be published for public comment, with a goal of publishing the revised proposal by the end of 2000. The decision to publish another NPRM with its associated public comment period means that new final regulations likely will be implemented in 2001.

Authority: Secs. 401–432 of the Health Care Quality Improvement Act of 1986, Pub. L. 99–660, 100 Stat. 3784–3794, as amended by sec. 402 of Pub. L. 100–177, 101 Stat. 1007–1008 (42 U.S.C. 11101–11152).
