

**Pre-K to 2nd Grade: Blue**  
**3rd & 4th Grade: Green**  
**5th & 6th Grade: Red**

# June 2008

SUN	MON	TUES	WED	THURS	FRI	SAT
1	2 Go to the library and "bee"long to their summer reading program.	3 Draw a picture of a spider and a web. What would your spider eat?	4 Check out a book about an arachnid. Watch Charlotte's Web with your family.	5	6 Treat books with respect. Make colorful book covers for your favorite books.	7
8	9 	10	11 Draw a picture of the biggest mountain that you can see.	12 Create a book nook in your house or yard that becomes a relaxing place to read.	13 	14 Sit under a tree with your favorite book to read.
15 What insect does well in school? A spelling bee!	16 Learn three new words today before noon. Use them each three times in a sentence before you go to bed.	17 Read a book about insect fossils in the Cretaceous period - 130 million years ago.	18 Read an alphabet book with your child and trace the letters with your child's fingers.	19 	20	21 Pass on some of your favorite books to a younger sibling or a friend.
22 Plan a science experiment with your family. Record your findings.	23	24 Tasty treat - Ants on a Log - celery stick with peanut butter and raisins on top.	25 Read a newspaper together and circle all of the words that you know.	26 Write about the funniest thing you ever saw an insect do.	27	28
29 	30 Take a walk around your home and look for butterflies in daylight, or moths at night.					

**READ WITH A CHILD**
