NC0730E2, Annexes C/2 and P/1 (HSC/31 – Report)

I. BACKGROUND

1. At its 31st Session, the Committee accepted without modification the amendments to the Correlation Tables in Doc. NG0023B1, proposed by the Secretariat, taking into account the observations of the **EC** (see Doc. NC0730E2, Annexes C/2 and P/1 (HSC/31 – Report)).

II. SECRETARIAT COMMENTS

2. In reflecting on the amended references set out in Annex P/1, the Secretariat noticed that some of these were not correct and that other consequential references were missing, in particular as concerns the references to subheading 1209.91. That being the case, the Secretariat has prepared a further corrigendum to the Correlation Tables, as reproduced in Doc. NG0023B1, which is set out in the Annex to this document. The suggested amendments are in italics and underlined.

III. CONCLUSION

3. The Committee is invited to examine the Secretariat's proposed additional amendments to the Correlation Tables, as set out in the Annex to this document.
