I. RECENT DEVELOPMENTS

1. On 7 July 1999, the Secretariat and the Swedish Administration signed an agreement for the supply of CD-ROM training materials. This CD-ROM will contain English and French versions on the same disc.
2. In June 1999, the Secretariat sent the Swedish Administration its comments vis-à-vis the draft English version. At the time of preparation of this document, the Secretariat is finalizing its comments on the draft French version of the CD-ROM.
3. The Secretariat envisages that the final product will be available for sale at the end of March.
4. As for the possible Internet version, the Swedish Administration and the Secretariat are still considering technical possibilities and the financial repercussions on the WCO.
