Overview:

Meaningful Work Experience

The employees that work here often feel privileged to have the opportunity to live in and work in this wonderful and unique cultural and challenging environment where they can grow and expand their horizons. Those that come to a place called Bethel, Alaska will also serve over 58 villages that span a territory the size of Oregon.

Compensation & Benefits

Benefits are excellent with extremely low co-pays for full health insurance. A single person pays just \$13 bi-weekly, a family \$39 bi-weekly. The retirement plan is outstanding with a matching program in addition to a generous amount put in your retirement for each and every employee. We have a signing and retention bonus listed under the compensation section. A very competitive relocation package offered.

Eligibility for Loan Repayment up to \$20,000.00 per Year

In order to help assist these underserved people, the Indian Health Services (IHS) has loan repayment programs available. Loan repayment is not guaranteed with offer of employment, as all employees must apply directly through Indian Health Services.

Modern Technology Meets The Last Frontier

Although located in a area where no roads leads, incredibly, this JCAHO approved hospital is state of the art, and equipped with some of the finest technology on the market.

The Community – A Vast Wilderness Experience

Within just a few minutes from the city of Bethel, you can experience a solitude that you will not find in very many locations in the US. Nature abounds, fishing and hunting is plentiful, and if you wish to leave your house on a dog sled, just step out of your front door and GO! One of the employees has described this unique life, please read www.tundramedicinedreams.blogspot.com for information about the culture and life of Bethel and the surrounding villages. Please check out our website at www.ykhc.org for further information.

Responsibilities:

Responsible for the delivery of patient care through the nursing process of assessment, nursing diagnosis, planning, implementation and evaluation.

Is responsible for directing and coordinating nursing care for patients based on nursing practice standards.
