SUPPLEMENTARY INFORMATION:

In compliance with the Paperwork Reduction Act of 1995, Section 3506 (c)(2)(A), each agency shall provide notice and otherwise consult with members of the public and affected agencies concerning this collection of information in order to solicit comment to: (a) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of automated collection techniques or other forms of information technology.

The MMS is requesting the continuation of this collection of information, Cooperative Agreements. The Secretary of the Interior (Secretary) is authorized by the Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA) at 30 U.S.C. 1732, to enter into cooperative agreements utilizing the capabilities of States and Indian Tribes to carry out royalty audits and related investigation and enforcement activities. Cooperative agreements benefit both the Minerals Management Service (MMS) and the State or Tribe involved by helping to ensure proper product valuation, correct and timely production reporting, and correct and timely royalty payment through the application of an aggressive and comprehensive audit program. To be considered for a cooperative agreement States and Indian Tribes must comply with the regulations at 30 CFR 228 by submitting a request to the Director, MMS, and preparing an application detailing the work to be done. While working under a cooperative agreement, the State or Tribe must submit quarterly vouchers to claim reimbursement for the cost of eligible activities. Information

required for the application is supplied voluntarily.

The MMS has simplified the process of applying for and lessened the burden of participating in cooperative agreements. The information requested is the minimum necessary to determine an applicant's ability to perform royalty audits. The MMS provides telephone assistance, written guidelines, and onsite assistance for the preparation of cooperative agreement applications, annual work plans, and quarterly reimbursement vouchers.

The initial information collection burden to cooperative agreement applicant involves becoming acquainted with the requirements and preparing the original request to the Director and preparing the application. If the agreement is approved, the burden in subsequent years includes preparing an annual work plan and budget and a quarterly request for reimbursement voucher. MMS estimates that the burden estimate to the applicant for preparing the request and application is approximately \$2500 (100 hours × \$25/hour). In addition, the agency estimates the burden for the annual work plan and budget (40 hours) and the quarterly request for reimbursement voucher (10 hours per quarter) is \$2,500 (80 hours × \$25/hour).

Dated: November 13, 1996.

James W. Shaw,

Associate Director for Royalty Management.
