[OR-958-1820-01; GP0-0107; OR-06519]

Public land order No. 7438; Revocation of Public Land Order No. 2407; Oregon**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Public land order.

SUMMARY: This order revokes in its entirety the remaining 2,230 acres withdrawn by Public Land Order No. 2407. The original order withdrew National Forest System lands as a roadside zone. The lands are no longer needed for the purpose for which they were withdrawn. Of the lands being revoked, 225 acres are within an overlapping Forest Service withdrawal and will remain closed to surface entry, mining, and mineral leasing. The revocation is needed to make lands available for several land tenure adjustments in accordance with the provisions of Section 206 of the Federal Land Policy and Management Act of 1976. This action will open the lands to such forms of disposition as may by law be made of National Forest System lands and to mining, subject to valid existing rights. The lands have been and will remain open to mineral leasing.

EFFECTIVE DATE: April 28, 2000.**FOR FURTHER INFORMATION CONTACT:**

Michael Barnes, BLM Oregon/ Washington State Office, P.O. Box 2965, Portland, Oregon 97208-2965, 503-952-6155.

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714 (1994), it is ordered as follows:

1. Public Land Order No. 2407 dated June 21, 1961, which withdrew National Forest System lands for road side zone purposes, is hereby revoked in its entirety as to the remaining withdrawn lands described in the order published in **Federal Register** Volume 26 page 5756, dated June 28, 1961.

2. At 8:30 a.m. on April 28, 2000, the lands shall be opened to such forms of disposition as may by law be made of National Forest System lands, including location and entry under the United States mining laws, subject to valid existing rights, the provisions of existing withdrawals, other segregations of record, and the requirements of applicable laws. Appropriation of lands under the general mining laws prior to the date and time of restoration is unauthorized. Any such attempted appropriation, including attempted

Acts required to establish a location and to initiate a right of possession are governed by the State law where not in conflict with Federal law. The Bureau of Land Management will not intervene in disputes between rival locators over possessory rights since Congress has provided for such determinations in local courts.

Title: Royalty-In-Kind Small Refiner Sale Program.

OMB Control Number: 1010-0135.

Abstract: The Department of the Interior (DOI) is responsible for matters relevant to mineral resource development on Federal and Indian Lands and the Outer Continental Shelf (OCS). The Secretary of the Interior is responsible for managing the production of minerals from Federal and Indian Lands and the OCS; for collecting royalties from lessees who produce minerals; and for distributing the funds collected in accordance with applicable laws. MMS performs the royalty management functions for the Secretary.

When the Secretary determines that sufficient need exists among small refining companies to justify taking royalty oil in kind and offering this oil

for sale to eligible refiners, small refiners may apply to participate in this sale of Federal royalty oil and follow procedures under which contracts for the purchase of royalty oil will be awarded. Completed applications to participate in the sale bid proposals, signed contracts, and surety instruments must be submitted to MMS.

The application must be complete and timely filed, and applicants for royalty oil will be required to provide a surety instrument with their bid package. This

surety instrument must be a Letter of Credit, Form MMS-4071, or a Royalty-In-Kind Contract Surety Bond, Form MMS-4072. We estimate the annual reporting burden for refiners submitting either surety document is 1 hour.

The PRA provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. A 60-day **Federal Register** Notice soliciting comments on this collection

of information was published on December 8, 1999 (64 FR 68699). No comments were received.

Respondents/Affected Entities: Royalty payors.

Frequency of Response: On occasion.

Estimated Number of Respondents: 25 payors.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 25 burden hours. Refer to the following chart:

Estimated Annual Reporting and Recordkeeping "Non-Hour Cost"

Burden: We have identified no cost burdens for this collection.

Comments: Section 3506(c)(2)(A) of the PRA requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. * * *" Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Send your comments directly to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by April 28, 2000.
