Title: Coal Washing and Transportation Allowances.

OMB Approval Number: 1010-0074.

Abstract: The Government collects royalties resulting from the sale of Federal and Indian coal. Coal sales contracts are required to be submitted upon request by MMS to ensure that the Federal or Indian lessor receives royalties that are based on product values representing fair market value. In some cases an allowance may be granted from royalties to compensate the lessee for the reasonable actual costs of washing the royalty portion of the coal. An allowance may also be granted for transporting the royalty portion of coal to a sales point not on the lease or in the mine area. Failure to collect the data described in this information collection could result in the undervaluation of coal and render it impossible to ensure that the public and/or the Indians receive payment on the full value of the minerals being removed.
