SUPPLEMENTARY INFORMATION:

Title: Training and Outreach Evaluation Forms.

OMB Control Number: 1010-0110.
Bureau Form Number: Forms MMS-4420 A-H.

Abstract: The Department of the Interior is responsible for matters relevant to mineral resource development on Federal and Indian Lands and the Outer Continental Shelf (OCS). The Secretary of the Interior (Secretary) is responsible for managing the production of minerals from Federal and Indian Lands and the OCS; for collecting royalties from lessees who produce minerals; and for distributing the funds collected in accordance with applicable laws.

MMS frequently provides training and outreach to its constituents to facilitate their compliance with laws and regulations and to ensure that they are well informed. We present training sessions to the oil and gas payors and solid minerals reporters on various aspects of royalty reporting, production reporting, newly reengineered reporting forms, and new valuation regulations. We also provide outreach sessions to individual Indian minerals owners, Indian Tribes, and the Bureau of Indian Affairs on Indian royalty management issues. Additionally, we provide training sessions to our financial and systems contractors and State and Tribal auditors.

MMS asks participants to complete and return evaluation forms at the end of each training or outreach session. Some questions are uniform across all of the evaluation forms. However, we also ask questions specific to each type of training or outreach or questions specific to that particular group of participants. We use the feedback from these evaluation forms to enhance future training and outreach sessions and to improve our services. Responses are voluntary. No proprietary, confidential, or sensitive information is collected.

Frequency: On occasion.

Estimated Number and Description of Respondents: 5,000 industry representatives; State auditors; Indian Tribes, allottees, and auditors; MMS contractors and employees.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 350 hours.

Estimated Annual Reporting and Recordkeeping "Non-hour Cost" Burden: There are no "non-hour costs" burdens identified for this collection.

Comments: The PRA provides that an agency shall not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. Section 3506(c)(2)(A) of the PRA requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a **Federal Register** Notice on August 1, 2000 (65 FR 46942), with the required 60-day comment period, soliciting comments on this information collection. No comments were received.

If you wish to comment in response to this Notice, send your comments directly to the offices listed under the **ADDRESSES** section of this Notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by July 30, 2001.

MMS Information Collection Clearance Officer: Jo Ann Lauterbach, telephone (202) 208-7744.

Dated: June 21, 2001.
