

Invitation For Bids (IFB), Number 1435-02-01-RP-40342.

DATES: The IFB will be posted on MMS's Internet Home Page on or about January 30, 2001. Bids will be due for both MMS and the State at the posted receipt location on or about February 15, 2001. MMS and the State will notify successful bidders on or about February 20, 2001. The Federal Government and the State will begin actual taking of awarded royalty oil volumes for delivery to successful bidders for a 6-month period beginning April 1, 2001.

ADDRESSES: The IFB will be posted on MMS's Home page at <http://www.mrm.mms.gov> under the navigation button "Royalty In Kind". The IFB may also be obtained by contacting Mr. Todd Leneau at the address in the **FOR FURTHER INFORMATION CONTACT** section below. Bids should be submitted to the address provided in the IFB.

FOR FURTHER INFORMATION CONTACT: For additional information concerning the IFB document, terms, and process for Federal leases, contact Mr. Todd Leneau, Minerals Management Service, MS 2730, P.O. Box 25165, Denver, CO 80225-0165; telephone number (303) 275-7385; fax (303) 275-7303; e-mail Todd.Leneau@mms.gov. For additional information concerning the IFB document, terms, and process for State of Wyoming properties, contact Mr. Harold Kemp, Office of State Lands and Investments, Herschler Building, 3rd Floor West, 122 West 25th Street, Cheyenne, WY 82002-0600; telephone number (307) 777-6643; fax: (307) 777-5400; Email: hkemp@misc.state.wy.us.

SUPPLEMENTARY INFORMATION: The offering in this IFB continues the ongoing RIK program in Wyoming. The State and MMS believe that taking oil royalties as a share of production, or RIK, from the properties offered in the IFB is a viable alternative to the agencies' usual practice of collecting oil royalties as a share of the value received by the lessee for sale of the production. Both agencies will continue to monitor the effectiveness of the RIK approach to taking crude oil royalties in Wyoming.

In the current sale under IFB No. 1435-02-00-RP-40329, the number of properties offered was a three-fold increase over properties offered in the prior sale. The new sale involves approximately 5,100 bpd of crude oil from 60 Federal and State properties

located in Wyoming's Bighorn and Powder River Basins. The 60 properties in the new sale represent approximately 20 percent of the properties in the current sale. However, the volume represents approximately 90 percent of the crude oil currently being delivered to purchasers under the current sale for production months October 2000 through March 2001. The production is pipeline-connected.

The properties will be identified in the IFB by specific pipeline subgroups of Wyoming sweet crude oil, Wyoming general sour crude oil, or Wyoming asphaltic sour crude oil. Purchasers must bid on a property basis. Bids will be due as specified in the IFB on or about February 15, 2001, and successful bidders will be notified on or about February 20, 2001. Successful bidders will be required to obtain Letters of Credit, unless they can self certify to the requirements in the IFB. Details will be available in the IFB.

The following are some of the additional details regarding the offerings that will be posted in the IFB on or about January 30, 2001:

- List of specific properties;
- For each property—tract allocations, royalty rate(s), estimated average daily royalty volume, quality, current transporter, and operator;
- Bid basis;
- Reporting requirements;
- Terms and conditions; and
- Contract format.

The internet posting and availability of the IFB in hard copy are being announced in oil and gas trade journals as well as in this **Federal Register** notice.

Dated: January 26, 2001.

Major Portion Prices and Due Dates for Additional Royalty Payments on Indian Gas Production in Designated Areas Not Associated With an Index Zone

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of major portion prices.

SUMMARY: Final regulations for valuing gas produced from Indian leases, published on August 10, 1999, require MMS to determine major portion values and notify industry by publishing the values in the **Federal Register**. The regulations also require MMS to publish a due date for industry to pay additional royalty based on the major portion value. This notice provides the major portion values and due dates for July and August 2000 production months.

EFFECTIVE DATES: January 1, 2000.

ADDRESSES: See **FOR FURTHER INFORMATION CONTACT** section below.

FOR FURTHER INFORMATION CONTACT: John Barder, Indian Oil and Gas Compliance Asset Management, MMS; telephone, (303) 275-7234; FAX, (303) 275-7470; E-mail, John.Barder@mms.gov; mailing address, Minerals Management Service, Minerals Revenue Management Indian Oil and Gas Compliance Asset Management, P.O. Box 25165, MS 396G3, Denver, Colorado 80225-0165.

SUPPLEMENTARY INFORMATION: On August 10, 1999, MMS published a final rule titled "Amendments to Gas Valuation Regulations for Indian Leases," (64 FR 43506) with an effective date of January 1, 2000. The gas regulations apply to all gas production from Indian (tribal or allotted) oil and gas leases (except leases on the Osage Indian Reservation).

The rule requires that MMS publish major portion prices for each designated area not associated with an index zone for each production month beginning January 2000 along with a due date for additional royalty payments. See 30 CFR 206.174(a)(4)(ii)(64 FR 43520, August 10, 1999). If additional royalties are due based on a published major portion price, the lessee must submit an amended Form MMS-2014, Report of Sales and Royalty Remittance, to MMS by the due date. If additional royalties are not paid by the due date, late payment interest under 30 CFR 218.54 (1999) will accrue from the due date until payment is made and an amended Form MMS-2014 is received. The table below lists the major portion prices for all designated areas not associated with an Index Zone and the due date for payment of additional royalties.
