AGENCY: Minerals Management Service, Interior.

ACTION: Notice of meeting.

The purpose of the meeting is to discuss issues involved in implementing sales of Federal crude oil production to be taken as royalty-in-kind and sold under contracts resulting from the IFB.

DATES: The meeting will be held on September 14, 1998, from 1:00 p.m. until 5:00 p.m., Mountain time.

ADDRESSES: The meeting will be held at the Wyoming Oil and Gas Commission Building, 777 West First Street, Casper, Wyoming.

COMMENTS: Written comments on the meetings or the issues discussed below should be addressed to Mr. Bonn J. Macy at the address given in the **FOR FURTHER INFORMATION** section.

SUPPLEMENTARY INFORMATION: The subject of this Notice is the continuation of MMS's planning process for the oil RIK pilot in Wyoming, one of three RIK pilot programs MMS is developing based on the recommendations in our 1997 RIK Feasibility Study. The objective of the Wyoming crude oil pilot program, as with all three pilots, is to test the effectiveness of the RIK concept for collecting Federal oil and gas royalties. MMS seeks to produce an RIK structure that reduces the administrative burden of royalty collection for both industry and government without creating a negative impact on Federal royalty revenues shared, in some cases, with States.

Operators of Federal leases in Wyoming that were successfully bid on have been directed to deliver royalty volumes in-kind for affected leases and associated communitization/unit agreements. For all other leases or agreements, payors will continue paying royalties based on current requirements.

Topics to be discussed at the meeting are:

1. Overall framework and phases of the Wyoming pilot.
2. Intent of the pilot.
3. Operator responsibilities:
 - ▶ Reporting.
 - ▶ Imbalance procedures.
 - ▶ Communication with purchasers.
 - ▶ Verification of royalty volumes.
 - ▶ Special considerations regarding trucked volumes.
 - ▶ Project termination and next phases of the pilot.
4. Purchaser responsibilities:
 - ▶ 100% takes of all royalty volumes delivered.
 - ▶ Communication with operator.
 - ▶ Reporting.
5. Question and Answer Period.

MMS has notified operators of affected properties and successful bidders of this meeting. If you are the operator or lessee of an affected property, or are a successful bidder under the July 1, 1998, IFB on crude oil produced from Federal leases in

Wyoming, you are urged to attend or send representative(s) to the September 14, 1998, meeting to address these issues at the location provided under **ADDRESSES** in this Notice.
