

Student Ambassador
Mehmet Balman

Bachelor of Science- Computer Engineering (June 2000)

Bogazici University

Masters of Science- Computer Engineering (March 2006)

Bogazici University

PHD- Computer Science -Expected Graduation 2010

Louisiana State University

LANL Internship:

CCS-1: Computer Science for HPC

What motivated you to work at LANL?

The chance to gain experience in a research institution

How many summers/years have you spent as a LANL intern?

One: summer 2008

Describe in a short paragraph the type of work do at LANL?

I've been working in CCS1, developing a 9-P based framework for cluster management in High Performance Computing.

What do you enjoy most about working at LANL?

The work environment, you are free to extend your research on any specific area without any limitations.

What advice do you have for incoming students?

Try to attend talks and panels the lab offers for students.

What are your hobbies and interests?

It is a great place for recreational activities. I enjoyed rafting and cycling. Besides, you will love to be here, if you are a nature photographer.
