Washington, DC 20591

June 27, 2008

Dear Industry Representative:

We are circulating Federal Aviation Administration (FAA) Advisory Circular 150/5370-10D, Draft Item P-620, SPECIFICATION FOR RUNWAY AND TAXIWAY PAINTING, to interested industry associations to obtain comments and recommendations of actions to be taken. Please review this draft and submit comments as appropriate. The final document may be revised as a result of comments received and our further review.

The principle revision to the specification is the addition of pre-formed thermoplastic marking material.

The draft can be accessed on the FAA website at
http://www.faa.gov/airports_airtraffic/airports/resources/draft_advisory_circulars/.

Comments received by August 1, 2008, will be considered for inclusion in the advisory circular.

Sincerely,

A handwritten signature in black ink that reads "Rick Marinelli".

Rick Marinelli, P.E.
Manager, Airport Engineering Division
