

Attention OHV Users: Motorized Recreation and Wilderness

We need your help to develop educational materials to lessen impacts on Wilderness by motorized users.

-Meeting Objectives-

- Gain an understanding from the motorized recreation community about Wilderness.
- Identify motorized impacts to Wilderness.
- Identify ways of lessening impacts to Wilderness.
- Identify specific information to include in Wilderness education materials.

Hosted by NAU Wilderness Management Class, U.S. Forest Service, and Arizona Game & Fish Dept.
