

# Bucks Lake Recreation Area

Mt. Hough Ranger District

## About the Area

Bucks Lake is located 17 miles southwest of Quincy. The area offers year-round recreation opportunities, making it a popular destination for outdoor enthusiasts.

**Summer** - During the warmer months visitors can enjoy an array of water sports and other activities. There is something for everyone including skiing, fishing, swimming, camping and picnicing.

**Winter** - Cold weather brings snow and lots of opportunities for winter recreation. With over 100 miles of groomed snowmobile trails Bucks Lake is one of the most popular destinations in the west. Snow play, cross-country skiing and sledding are also enjoyed by visitors.

## Getting there

From downtown Quincy, take the Bucks Lake Rd. for 17 miles. From Oroville, you have the choice of two alternate routes. You can either take Hwy 70 east through the Feather River Canyon to Quincy and then follow the Bucks Lake Rd. to the lake. Or, from Oroville, take Oroville Dam Blvd., turn right on Olive/ Hwy 162 and follow it to the lake. This route is only open during the summer months after the road is plowed. Call ahead for road status.

## Supplies

Many private businesses are located at Bucks Lake. There are lodges, cabin rentals, grocery stores, a marina, restaurants, boat rentals and gasoline. Because Bucks Lake offers year-round recreation, many amenities are available all year.
