

## COMPLIANCE WITH RANDOLPH-SHEPPARD ACT

- 1. REASON FOR ISSUE:** To update requirements for ensuring that VA organizations and elements meet the Department's responsibilities under the Randolph-Sheppard Act.
- 2. SUMMARY OF CONTENTS/MAJOR CHANGES:** This directive sets forth the policies and responsibilities for VA's compliance with the Randolph-Sheppard Act. The Randolph-Sheppard Act gives priority to blind vendors in the operation of cafeterias, sundries sales, and vending machines on federally owned or occupied property. The provisions of this directive are applicable to all elements of VA.
- 3. RESPONSIBLE OFFICE:** The Office of Facilities Management (18), Veterans Health Administration, is responsible for the material contained in this directive.
- 4. RELATED HANDBOOK:** None.
- 5. RESCISSION:** VA Directive 7632, Compliance with Randolph-Sheppard Act, September 21, 1999.

## COMPLIANCE WITH THE RANDOLPH-SHEPPARD ACT

**1. PURPOSE:** This directive provides policy to Department of Veterans Affairs (VA) elements for compliance with the Randolph-Sheppard Act, as amended. Congress originally enacted the Randolph-Sheppard Vending Stand Act in 1936. It has also been known as the Randolph-Sheppard Act and will be so referred to throughout this document. The legislation was amended in 1954 and again in 1974. Its purpose is to give priority to blind vendors in the operation of cafeterias, sundries sales, and vending machines on federally owned or occupied property. The provisions of this directive are applicable to all elements of VA.

### 2. POLICY

a. VA will comply with the applicable provisions of the Randolph-Sheppard Act. However, the Act does not override the laws under which VA is required to provide health and other benefits to veterans. VA's implementation of the Randolph-Sheppard Act, therefore, must be consistent with those laws.

b. Nothing in this directive is intended to diminish the statutory role of the Veterans Canteen Service (VCS) in providing food services, sundries and vending machine services in VA facilities. No statutory or regulatory provision prohibits the co-existence of VCS and blind vendor operations at the same location.

### 3. RESPONSIBILITIES

a. **Under Secretaries** will:

(1) Review, approve and deny blind vendor permit applications for sites under their respective operational jurisdiction received from a State Licensing Agency (SLA). A permit application from a SLA may be approved only where there is a duty to do so under the Randolph-Sheppard Act.

(2) Justify to the Secretary of Education any limitation on the location or operation of a vending facility based on a finding that such location or operation would be adverse to the interests of the United States.

(3) Designate an individual to serve on an arbitration panel convened by the Department of Education.

(4) Establish procedures, consistent with the Randolph-Sheppard Act and implementing regulations, to implement the provisions of this directive to ensure compliance by their administrations with the Randolph-Sheppard Act, as amended. This will require ongoing analysis of space acquisition plans (whether space is acquired by construction, lease, or otherwise), notification to the appropriate SLA when

applicable criteria are met, and designation of an official who has authority to represent the administration in any dealings with a SLA.

(5) Provide to the VHA Chief Facilities Management Officer, within ten working days of signature by the VA representative or receipt from the SLA, a copy of any:

(a) Letter sent to notify a SLA of planned occupancy of space meeting the criteria for notification;

(b) Response to such notification received from a SLA; and

(c) Approval or denial of a blind vendor permit application submitted by a SLA.

(6) Provide oversight of the administration's compliance with the Randolph-Sheppard Act, as amended.

(7) Seek legal advice and assistance from the General Counsel as needed to ensure legal compliance with the provisions of law and regulation concerning the Randolph-Sheppard Act.

**b. The VHA Chief Facilities Management Officer will:**

(1) Establish VA policies for achieving Randolph-Sheppard Act compliance.

(2) Issue changes to this directive as necessary to achieve and maintain compliance with the Randolph-Sheppard Act.

(3) Collect information, on a Department-wide basis, necessary to complete an annual report of Randolph-Sheppard Act activity in VA which is requested by the Department of Education.

(4) Serve, or designate an employee to serve, as the liaison between VA and the Department of Education on Randolph-Sheppard Act issues.

**c. Additional Responsibilities of Selected Officials.** In addition to the responsibilities in paragraph 3a, the Under Secretary for Health and the General Counsel have the following specific responsibilities:

**(1) The Under Secretary for Health, through the Chief Facilities Management Officer, will:**

(a) Establish procedures for notification to the appropriate SLA whenever a VHA construction, leasing, or other space acquisition project meets the criteria requiring such notification.

(2) Prepare and submit VA's annual report of Randolph-Sheppard Act activity to the Department of Education.

**(2) The Under Secretary for Health, through the Associate Deputy Under Secretary for Health, will:**

(a) Implement procedures established by the Chief Facilities Management Officer for notification to the appropriate SLA whenever a VHA construction, leasing, or other space acquisition project meets the criteria requiring such notification.

(b) Delegate appropriate authority to the Directors, Veterans Integrated Service Networks (VISN), and/or Directors of VHA field facilities, to review, approve and deny blind vendor permit applications, pursuant to the provisions of the Randolph-Sheppard Act, and to negotiate with SLAs regarding issues such as siting of vending facilities and types of merchandise to be sold.

(c) Ensure that VISN Directors and VHA field facility Directors obtain legal advice and assistance from the appropriate Regional Counsel in the exercise of their responsibilities in preceding subparagraph 3c(2)(b).

**(3) The General Counsel will:**

(a) Provide legal advice and assistance to VHA Central Office elements in developing policy and procedures to ensure compliance with the Randolph-Sheppard Act, as amended.

(b) Ensure that Regional Counsels are aware of their responsibility to advise and assist field facility Directors in complying with the Randolph-Sheppard Act, as amended.

**SUMMARY OF CRITERIA FOR STATE LICENSING AGENCY (SLA) NOTIFICATION**  
(from Title 34 Code of Federal Regulations, Chapter 3, Section 395)

**1. Notification to the appropriate SLA is required:**

a. When an agency undertakes to acquire by ownership, rent, or lease, or to otherwise occupy a building:

(1) Containing at least 15,000 square feet of interior space to be used by the government (in buildings where services are to be provided to the public) and

(2) In which 100 or more Federal employees are located during normal working hours.

b. When a building is constructed, substantially altered, or renovated, and the above criteria are met. "Substantial alteration or renovation" means a permanent material change in the floor area of a building which would render it suitable for the location and operation of a vending facility by a blind vendor. **NOTE:** *Converting patient wards to private rooms probably would not meet this definition, nor would repairs to a roof, seismic reinforcement, or many other structural alterations. Regional Counsels can advise whether specific projects will require notification.*

**2. Notification must be sent** to the appropriate SLA indicating that the SLA will be given an opportunity to consult as to whether there is a satisfactory site for the location and operation of a vending facility by a blind vendor. Notice must be by certified or registered mail with return receipt and must be provided at least 60 days prior to the anticipated acquisition or occupation.

**3. The SLA must indicate its interest in establishing a vending facility within 30 days of receipt of notification.**

a. The SLA must also submit an application for a permit to establish a blind vending operation. The application must specify each location where the SLA proposes to locate a vending machine and must describe the merchandise to be sold from each machine. Agencies have the authority to approve or disapprove the location or types of merchandise proposed in a permit application.

b. Agencies approving permit applications for blind vendors must provide space, utilities, and routine cleaning, maintenance, and repair of the building structure at no cost to the vendor. The vendor or SLA must provide cleaning necessary for sanitation, and the cost of installation, maintenance, repair, replacement, and removal of vending facility equipment.

**NOTE:** *When an agency leases space in a privately owned building in which there is an existing food service contract and a blind vendor would be in "proximate and substantial direct competition" with such food service, notification to the SLA is not required.*

**VA DIRECTIVE 7632  
APPENDIX C**

**SAMPLE NOTIFICATION LETTER TO STATE LICENSING AGENCY**

Mr. John Smith  
Director  
State Licensing Agency  
Address  
City, ST ZIP

Subject: Notification of potential opportunity to establish a vending facility under the Randolph-Sheppard Act

Dear Mr. Smith:

In accordance with the Randolph-Sheppard Vending Stand Act, Title 20 United States Code (U.S.C.) subsections 107-107f, and implementing regulations contained in Title 34 Code of Federal Regulations, Part 395, this is an official notification that the Department of Veterans Affairs (VA) intends to occupy a building that may include in its plans a satisfactory site for the location and operation of a vending facility by blind persons.

On or about (date), VA will (complete construction and/or renovation of)(occupy) a (type of facility) located at (address). Your agency shall be afforded the opportunity to consult as to whether such building includes a satisfactory site for a vending facility. Subject to approval of the Secretary of Veterans Affairs, or designee, your agency will also be afforded the opportunity to select the location and type of vending facility to be operated by a blind vendor prior to the completion of the final space layout of the building. If your agency is interested in exploring the possibility of establishing a vending facility in this building, please contact (name) at (telephone) to make the necessary arrangements to conduct a site survey.

Please be advised that VA has statutory authority under 38 U.S.C. Chapter 78 to operate its own vending facilities. The Veterans Canteen Service (VCS) may be providing vending services in this building. If a Randolph-Sheppard vending facility is established in this building, it will co-exist with any facilities operated by VCS.

Sincerely,

Jane Doe  
Medical Center Director
