

Sandia RD Travel Management

07/10/2008
Decision Map
Cedro Area

System roads are routes which meet the following INFRA database values:
System = Forest Service
Jurisdiction = Forest Service
Status = Existing
Operational Maintenance Level > 1

System trails are routes which meet the following INFRA database values:
System = Forest Service
Jurisdiction = Forest Service
Status = Existing

The proposed new construction for an ATV trail parallels road 462. This proposal is to avoid mixed use on road 462.

Cross country travel will not be permitted off of the designated system.

The Cibola National Forest uses the most current data available. Updates are performed as new information becomes available. No warranties are made regarding the accuracy of these data.
