Salary Range:	\$48,000 - \$90,000
Position Location:	Knoxville, Tennessee
Number of Available Positions:	One

FUNCTIONAL STATEMENT AND PURPOSE

The Office of the Inspector General at the Tennessee Valley Authority has a vacancy in Knoxville, Tennessee, for an experienced IT auditor to conduct and direct performance audits of IT infrastructure, systems, operations, processes and computer facilities. These information technology audits are designed to promote the economy and efficiency of TVA operations to present and detect fraud, waste and abuse.

MINIMUM QUALIFICATIONS

Knowledge of network and server architectures and information security concepts
Experience auditing general computer and application controls
Sound understanding of controls in mainframe or multi platform, networked computing environments
Proficient with spreadsheet, data base and presentation software
Ability to communicate effectively both orally and in writing
Ability to manage and direct the work of team members
Excellent analytical and organizational skills

DESIRED QUALIFICATIONS

- Must have a bachelor's degree from an accredited college/university in Information Technology, Business, Accounting or other fields supplemented by courses in these areas.

DESIRED SKILLS/KNOWLEDGE

- Familiarity with computer-assisted audit and sampling techniques
- Experience with vulnerability assessment tools
- Demonstrated leadership abilities
- Ability to manage and direct the work of team members
- Experience applying generally accepted Government Auditing Standards
- Experience developing complex audit programs
- Professional certification, i.e. CISA/CISSP
