Date: February 14, 2008

Dear Interested Party:

On January 25, 2008, I made the decision to implement Alternative B (modified) as described in the Decision Notice for the Environmental Assessment (EA) for Jackson Thinning. I announced this decision in a letter dated January 25, 2008, which was mailed to those who had expressed an interest in the project and was posted on the Forest's webpage.

During a subsequent review of the map provided with the Decision Notice we discovered an error with the yarding system label for some of the proposed units. Portions of units 10, 11, 17, and 18 were incorrectly shown as cable yarding when in fact they were analyzed in the EA and described in the Decision Notice as helicopter yarded. The enclosed map shows the correct yarding systems for these units.

I apologize if this mapping error caused any confusion. The correction has no effect on my decision or the analysis we conducted as documented in the EA. If you have any questions concerning this correction please contact Tim Davis, Forest Planner, at the above address or phone 360-956-2375.

Sincerely,

DALE HOM
Forest Supervisor

ENCLOSURE
