Dear Sirs,

I'm not going to try to bore you with statistics you've seen and heard a hundred times. I am going to say the same thing to you that I say in any situation where a governing body won't look at new ideas or make compromises. IT'S NOT GOING TO BE YOU WEARING THE SCBA IN A FIRE, IT'S GOING TO BE US!!! If we are trying to increase safety and survivability, you should embrace the idea and work with the people who are trying to save lives.

Thank you for your time.
