

Vegetation Management Planning Process

STEPS:

- 1. Gather input from the public.**
- 2. Develop small focus groups to hear specific concerns.*
- 3. Develop a proposed action.*
- 4. Develop alternatives that address issues and concerns.*
- 5. Analyze how actions will affect the resources.*
- 6. Produce a draft Environmental Assessment.*
- 7. Respond to public comments.*
- 8. Produce final Environmental Assessment and Decision.*
