

**Subject:** support alternatives to testing  
**Date:** Thursday, June 7, 2007 7:24 PM  
**From:** Barbara Steinberg

I support alternatives to animal testing and find that is the best and only real solution to the problem of animal testing and it should be a law that a large percentage of tax dollars giving to animal testing should go to finding alternatives to each and every test that is done ; in a non invasive way on non animals with aloha spirit, Barbara  
may the blessings be!
