# America's Oceans and Coasts

safe, healthy, and productive

The **National Ocean Service** (NOS), part of the National Oceanic and Atmospheric Administration (NOAA) within the U.S. Department of Commerce, is focused on ensuring that ocean and coastal areas are **safe, healthy, and productive**. NOS scientists, natural resource managers, and specialists serve America by ensuring safe and efficient marine transportation, providing innovative science and technology solutions to coastal challenges, and conserving coastal and marine places.

## To protect coastal communities, NOS...

- Assesses the effects of natural hazards such as climate change, hurricanes, tsunamis, and erosion
- Provides tools, information, and training to help coastal decision makers choose wisely
- Responds to, assesses, and cleans up after oil and chemical spills
- Provides tools and information needed to restore damaged natural resources
- Improve and support habitat restoration and conservation

## In observing our oceans and coasts, NOS...

- Leads efforts to develop an integrated ocean observing system
- Measures and predicts tides and currents
- Monitors sea-level rise and provides data for tsunami and storm warnings
- Provides accurate aerial photography and coastal survey maps along 95,000 miles of coastline
- Develops ecosystem forecasts

## In support of safe, efficient, and environmentally sound marine transportation, NOS...

- Provides updated nautical charts and hydrographic surveys to navigators and mariners
- Coordinates more than 1,100 global positioning reference stations
- Develops the standards, specifications, and techniques needed to establish accurate elevations
- Delivers real-time oceanographic information
- Conducts hazardous obstruction surveys and emergency response

## To reduce ocean and coastal health risks, NOS...

- Evaluates and addresses contaminants and monitors cleanup efforts to improve water quality
- Studies, monitors, and assesses both natural and human impacts on ecosystems
- Provides early-warning systems and forecasts for threats to human health and coastal economies
- Forecasts harmful algal blooms
- Establishes links between land use and chemicals in the marine environment

## To protect coastal and marine places, NOS...

- Manages national marine sanctuaries, estuarine research reserves, and marine protected areas
- Helps to conserve the Nation's coral reefs
- Works to identify, reduce, and prevent debris in the marine environment
- Monitors sentinel habitats to assess environmental change
- Preserves our Nation's maritime heritage

## THE ASSISTANT ADMINISTRATOR'S OFFICE (AA)

**JOHN H. DUNNIGAN**  
*Assistant Administrator* 301-713-3074  
Jack.Dunnigan@noaa.gov

**WILLIAM CORSO**  
*Deputy Assistant Administrator* 301-713-3074  
William.Corso@noaa.gov

**CAPT STEPHEN A. KOZAK**  
*Chief of Staff* 303-713-3074  
Steve.Kozak@noaa.gov

**MARIE COLTON**  
*Technical Director* 301-713-3074  
Marie.Colton@noaa.gov

**MICHELLE CROCKETT**  
*EEO and Diversity Programs Manager* 301-713-9882  
Michelle.A.Crockett@noaa.gov

## CENTER for OPERATIONAL OCEANOGRAPHIC PRODUCTS and SERVICES (CO-OPS)

**Michael Szabados**, *Director* 301-713-2981 x126  
Mike.Szabados@noaa.gov

**Richard Edwing**, *Deputy Director* 301-713-2981 x123  
Richard.Edwing@noaa.gov

CO-OPS collects and distributes oceanographic observations and predictions to ensure safe, efficient, and environmentally sound maritime commerce. The center provides water level and coastal current oceanographic products, measures and predicts tides throughout the nation, and is responsible for disseminating this information to the public.

[tidesandcurrents.noaa.gov](http://tidesandcurrents.noaa.gov)

## NATIONAL CENTERS for COASTAL OCEAN SCIENCE (NCCOS)

**Gary Matlock**, *Director* 301-713-3020 x183  
Gary.C.Matlock@noaa.gov

**Alicia Jarboe**, *Deputy Director* 301-713-3020 x182  
Alicia.Jarboe@noaa.gov

NCCOS conducts and supports research, monitoring, assessment, and technical assistance for managing coastal ecosystems and society's use of them. These activities fit within a framework of five environmental stressors: climate change, extreme natural events, pollution, invasive species, and land and resource use.

[coastalscience.noaa.gov](http://coastalscience.noaa.gov)

## OFFICE of NATIONAL MARINE SANCTUARIES (ONMS)

**Daniel Basta**, *Director* 301-713-3125 x110  
Dan.Basta@noaa.gov

**Margo Jackson**, *Deputy Director, acting* 301-713-3125 x252  
Margo.Jackson@noaa.gov

ONMS protects and manages 13 sanctuaries and one marine national monument encompassing more than 150,000 square miles of U.S. ocean. Important habitats like breeding and feeding grounds, coral reefs, kelp forests, and historical shipwrecks are represented within the system of sanctuaries.

[sanctuaries.noaa.gov](http://sanctuaries.noaa.gov)

## NOAA COASTAL SERVICES CENTER (CSC)

**Margaret Davidson**, *Director* 843-740-1220  
Margaret.Davidson@noaa.gov

**Jeffrey Payne**, *Deputy Director* 843-740-1207  
Jeff.Payne@noaa.gov

CSC provides state and local organizations with the skills, tools, and data needed to manage the nation's coastal resources and communities.

[csc.noaa.gov](http://csc.noaa.gov)

## OFFICE of NATIONAL GEODETIC SURVEY (NGS)

**David Zilkoski**, *Director* 301-713-3222 x141  
Dave.Zilkoski@noaa.gov

**Juliana Blackwell**, *Deputy Director* 301-713-3169 x134  
Juliana.Blackwell@noaa.gov

NGS develops and maintains a national system of positioning data needed for transportation, navigation, and communication systems, land record systems, mapping and charting efforts, and defense operations.

[geodesy.noaa.gov](http://geodesy.noaa.gov)

## NOAA INTEGRATED OCEAN OBSERVING SYSTEM PROGRAM (IOOS®)

**Zdenka Willis**, *Director* 301-427-2420  
Zdenka.S.Willis@noaa.gov

**Suzanne Skelley**, *Deputy Director* 301-427-2431  
Suzanne.Skelley@noaa.gov

NOAA IOOS® supports development of a coordinated network of people and technology that work together to generate and disseminate continuous data on our coastal waters, Great Lakes, and oceans.

[ioos.noaa.gov](http://ioos.noaa.gov)

## OFFICE of COAST SURVEY (OCS)

**CAPT Steven Barnum**, *Director* 301-713-2770 x134  
Steven.Barnum@noaa.gov

**Kathryn Ries**, *Deputy Director* 301-713-2770 x139  
Kathryn.Ries@noaa.gov

OCS is the nation's nautical chart maker. OCS collects, manages, and compiles the data and information necessary to maintain the national suite of 1,000 nautical charts, hydrographic surveys that measure water depth, and historic maps and charts.

[nauticalcharts.noaa.gov](http://nauticalcharts.noaa.gov)

## OFFICE of OCEAN and COASTAL RESOURCE MANAGEMENT (OCRM)

**David Kennedy**, *Director* 301-713-3155 x200  
David.Kennedy@noaa.gov

**John King**, *Deputy Director, acting* 301-713-3155 x158  
John.King@noaa.gov

OCRM provides leadership and direction to state and territorial coastal programs and estuarine research reserves; works with coastal managers to develop a scientifically-based national system of marine protected areas; and supports effective management and sound science to protect coral ecosystems.

[coastalmanagement.noaa.gov](http://coastalmanagement.noaa.gov)

## OFFICE of RESPONSE and RESTORATION (OR&R)

**David Westerholm**, *Director* 301-713-2989 x238  
Dave.Westerholm@noaa.gov

**Brian Julius**, *Deputy Director* 301-713-3038 x199  
Brian.Julius@noaa.gov

OR&R works to prevent and mitigate harm to coastal resources. It is the primary NOAA office that responds to oil spills and hazardous material releases. OR&R also works with federal, state, and tribal natural resource trustees to restore damaged coastal resources.

[response.restoration.noaa.gov](http://response.restoration.noaa.gov)

## INTERNATIONAL PROGRAM OFFICE (IPO)

**Clement Lewsey**, *Director* 301-713-3078 x213  
Clement.Lewsey@noaa.gov

IPO is the focal point for NOS's international activities to enhance U.S. and international capabilities for integrated ocean and coastal management.

[nosinternational.noaa.gov](http://nosinternational.noaa.gov)

## NOS MANAGEMENT and BUDGET OFFICE (MBO)

**Christopher Cartwright**, *Chief Financial Officer* 301-713-3056 x159  
Christopher.Cartwright@noaa.gov

MBO is the focal point for all planning, management, and budget activities.
