## EIT Undue Burden Exception Determination and Certification

To be completed by the Requiring Official (Purchase Requestor)

When acquiring commercial items, this Determination is not required to address Sec 508 technical standards of Electronic and Information Technology (EIT) products that are not yet available in the commercial marketplace in time to meet the agency delivery requirements. (Refer to *Attachment A* if this applies to your requirement.)

For each provision of 36 CFR Part 1194 (see Addendum of Attachment A) that an agency finds to be an undue burden, the Requiring Official must explain below why, and to what extent, compliance with each such provision creates an undue burden. A thorough, rational explanation is required. (The format may be expanded for additional space. Relevant attachments are encouraged. Explanations must be adequate to survive protests and litigation challenges.)

The data and findings providing the basis for my decision are the following:

- Products or services required to meet the agency's needs:
   Dollar value of the acquisition, including any options:
   Applicable Section 508 standards (see 36 CFR part 1194) that are met and those that are unmet:

- 5. The undue burden (i.e. the significant difficulty or expense the Government would incur in order to comply with a particular standard). If the monetary expense is deemed prohibitive, explain the costs and how they were estimated.
