Ski Trail Grooming Operations Curtailed at Round Meadows

Cross-country ski trail grooming at Round Meadow Ski Area on the Flathead National Forest has been curtailed indefinitely due to grooming equipment failure.

The Round Meadow Ski Area is located approximately 15 miles northwest of Whitefish near Farm-to-Market Road. Several miles of ski trails are routinely groomed through the efforts of volunteers and Forest Service personnel.

Please contact the Tally Lake Ranger District at 863-5438 for more information about the status of the grooming at Round Meadow.
