

File Code: 1950

Date: December 4, 2002

Welcome to the Winter 2002 edition of the quarterly Schedule of Proposed Actions (SOPA) for the Kootenai National Forest. Four times a year, this SOPA is updated, published and made available on our website (www.fs.fed.us/r1/kootenai).

We invite your active participation in project planning. Contributing your comments, suggestions, and site-specific information about these projects early in the planning process can help our Forest make better decisions.

Here is how the SOPA can be best used:

- 1. Look through the list of projects and decide what projects you would like to know more about.
- 2. Call the contact person and let them know you would like to be on the mailing list for the given project. The phone number for that person is on the SOPA.
- 3. Once you are placed on a project mailing list, you will then be notified about opportunities for public participation and you will receive information concerning that project as it is developed.

We will continue to provide this SOPA to you unless you ask us to remove your name from our mailing list. If you would like to save paper and postage, we will be happy to send you an e-mail when the new SOPA is available on our website.

If you have comments or suggestions on making this SOPA more useful, would like to receive the SOPA electronically, or have any questions, contact Kirsten Kaiser, Forest Environmental Coordinator, at 406-293-6211 or kkaiser@fs.fed.us.

Sincerely,

BOB CASTANEDA Forest Supervisor

Enclosure

INFORMATION ABOUT THE QUARTERLY SCHEDULE OF PROPOSED ACTIONS (SOPA)

The enclosed SOPA provides information about projects for which we have a specific proposal and are in the process of analyzing, as directed by the National Environmental Policy Act (NEPA).

Projects on the SOPA are arranged in a table format and are sorted by Ranger District, by type of project, and by date expected for each decision for each project. There are several points in the planning process during which you can be the most helpful and influential, but exact steps and timing may vary depending on the type and complexity of the project. For example, the whole planning process may only take a few days for small, non-complex projects, or several years for large complex projects such as a major mining proposal. The enclosure labeled "Project Planning Process and Where You Fit In" describes these steps and identifies what you can do to be involved.

DEFINITIONS USED FOR THE SOPA

If you've received previous editions of this list you'll notice that some projects don't appear anymore. That's because we've finished the analysis, made the decision, and the appeal period (if applicable) has ended. In other cases, we've removed the projects from the list because we're unable to pursue them for various reasons (lack of funding, conflicts with other forest priorities, etc.). Please contact the person listed as the "contact" for a project anytime you have a question or would like to be included on the mailing list for the given project.

This list is not inclusive. Some projects may come up after publication that requires our immediate attention, and we may complete the decision document before the next edition.

At the top of each table we have listed the Ranger District, their address, and the "Newspaper of Record" (used by the District for legal notices of decision, and scoping of projects).

The following items describe the column headings and contents in the tables that follow.

MAP KEY: Identifies a number that goes with the attached small forest map to show the general location of the project.

 TYPE OF PROJECT: Identifies the Resource Program area that's affected. Acronyms used include:

 Mgmt – management
 Exchg – Exchange

NAME OF PROJECT: Identifies the name of the environmental document. Acronyms used are:

EIS - Environmental Impact Statement	EA – Environmental Assessment
BPA – Bonneville Power Administration	OSR – Overstory Removal
ORV – Off Road Vehicle	Salv – Salvage
MMBF – Million board feet	LE – Land Exchange
MBF – Thousand board feet	CCF-Hundred cubic feet
RUP-Road Use Permit	

LOCATION & PROJECT DESCRIPTION: Identifies both legal land description and the drainage or other identifying on-the-ground feature. If a project is located within an inventoried roadless area it is also noted here. Also included is a general description of the project, such as estimated timber volume, acres proposed for treatment, acres involved with a land exchange, etc.

Acronyms used are: T – Township R – Range S – Section

NEPA STATUS: Identifies where we are in the NEPA process. Acronyms used are:

NOI- Notice of Intent published in the Federal Register

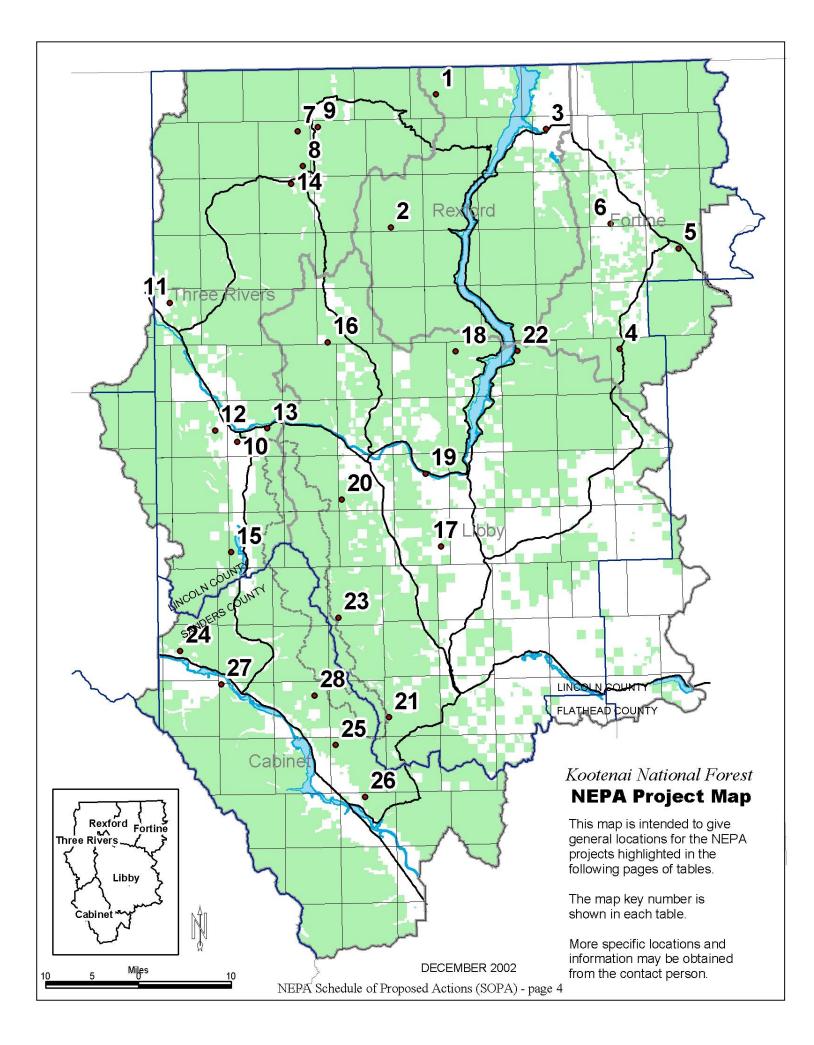

ANTICIPATED DECISION DATE: This is the best estimate of when the NEPA analysis will be completed. Sometimes we're not able to meet the date for various reasons but the schedule will be validated and updated each time we send it out.

YEAR ACTIVITY TO START ON THE GROUND: This is the best estimate of when ground disturbing activities would occur and/or contracts or permits would be offered.

CONTACT PERSON: This is the person at the Ranger District or Forest to contact for further information regarding the project.

THE PROJECT PLANNING PROCESS & WHERE YOU MIGHT FIT

ANALYSIS STEP	PARTICIPATION OPTIONS
Identify need for project – Forest Service, business, organization, or individual suggests a project	Bring need for a project to the attention of Forest Service
Develop detailed project proposal (Forest Service or other project proponent)	Develop project proposal
Scoping – solicit public comment on the proposal (how it might affect forest resources & uses; how the project could be done better). This defines the scope of environmental analysis needed and the range of alternatives that should be considered	Comment on proposal – suggest issues, concerns, alternatives or mitigation measures
Develop range of alternatives based on the issues raised during scoping. One alternative is to stay with the status quo (No Action)	Suggest variations to the original proposal
Initiate public comment process (scoping), which includes a 45-day comment period for Draft EIS's and 30-day comment period for most other projects. A copy of the environmental document will be mailed to those who requested a copy and to those who have participated in the environ- mental analysis process. A legal notice, requesting comments on appealable projects, will be published in the <i>Daily Inter Lake</i> , Kalispell, MT, which is our newspaper of record (36 CFR 215.5)	Provide comments on the environmental analysis. See 36 CFR 215.6 for description of information to provide
Notice of appealable decisions will be published in the newspaper of record. Copies of the decision document will be sent to those who submitted comments on the proposed action either before or during the comment period identified above (36 CFR 215.9)	Review decision: exercise option to appeal, when applicable, through administrative process
Appeal period will be open for 45 days following legal notice of decision in the newspaper except if no one expressed interest and there is no change from the proposed action. (36 CFR 215.10)	File Notice of Appeal (see section 36 CFR 215.14 for contents of an appeal) Only those who commented through the process described above or expressed interest will be able to appeal. (36 CFR 215.11). NOTE: Persons interested in or potentially affected by an appeal may participate as an interested party (36 CFR 215.11 (2)(b)). Interested parties must submit written comments to the appeal reviewing officer within 15 days after close of the appeal filing period (36 CFR 215.13(e). The informal disposition meeting is open to the public and interested parties (36 CFR 215.16(c)).
Implement the project	Contribute labor, equipment or funding
Monitor & evaluate project results	Provide feedback on the project

REXFORD RANGER DISTRICT, 1299 Hwy 93 N, Eureka, MT 59917 - Phone: 406-296-2536, Fax: 406-296-7188

7	Timber Sales, Fuels Reduction, Silviculture	Garver	Portions of T36N, R32W; T36N, R31W; T37N, R32W; and T37N, R31W; within the West Fork Yaak, Pete Creek, and Yaak Face drainages. Includes prescribed burning in the West Fork Yaak Inventoried Roadless Area, changes to old growth designations.	DEIS completed. Public Comments due 12/2/02	January 2003	2003	Kathy Mohar 295-7426
8	Fuels Silviculture	Yaak Community Fuels	Portions of Section 30, T36N, R31W. Hazard tree removal and fuel reduction on 4 acres around the Yaak Community Hall, Yaak, MT.	Decision Memo pending	December 2002	2002	Jeff Stevenson 295-7477
9	Fuels Reduction	Upper Ford Fuels Reduction	Portions of Sections 6 and 7, T36N, R31W, near the Upper Ford Work Center, Yaak Valley, MT.	Analyzing effects	January 2003	2003	Ed Koberstein 295-7456
10	Fuels Reduction	Plateau	Portion of Section 20, T31N, R33W; near Wilderness Plateau Subdivision, Troy, MT.	Decision Memo pending	January 2003	2003	Steve Straley 295-7481
11	Fuels Reduction	Lime Cr. Fuels Reduction	Portion of Section 9, T33N, R34W, off Lime Cr. Rd.	Seeking public comment, analyzing effects	January 2003	2003	Miles Friend 295-7479
12	Recreation	Callahan Interpretative Trail Extension	Portion of Sections 13, 23, T31N, R34W from existing trail into the town of Troy, MT. Trail would be extended on the historic railroad grade across FS and Plum Cr. lands and tie into the Callahan Cr. Rd. (427) right of way.	Seeking public comment, analyzing effects	January 2003	2003	Mark Mason 295-7480
13	Recreation	Old Highway 2 Interpretative Trail Relocation - Hwy 56 Portal	Portion of Sections 13, 14, and 22, T31N, R33W. Re- route existing trail away from shooting area (Plum Cr. lands) and improve tread corridor (FS lands).	Seeking public comment, analyzing effects	January 2003	2003	Mark Mason 295-7480
14	Special Use Permit/Easement	Cool Creek Access	T35N, R32W, Sections 2, 3, 4. Across the Yaak River from Yaak, MT.	Analyzing effects	June 2003	2003	Dick Harlow 295-7432
15	Road Uses	Stanley Creek Access	Request for a RUP to haul 200 MBF of timber on FS. Rd. 4626 within portions of Section 35 and 36, T29N, R34W and portions of Section 6, T29N, R34W.	Analyzing effects	June 2003	2003	Dick Harlow 295-7432
