NOAA, Ocean and Costal Resources Management
Mr. David Kaiser, Federal Consistency Coordinator
Costal Programs Division
1305 East-West Highway, 11th Floor
Silver Spring, MD 20910

Subject. CZMA

Dear Mr. Kaiser:

Please be aware that I oppose NOAA's proposed changes to the Costal Zone Management Act.

I oppose any changes in law or policy that might limit the ability of the States to effect the utilization of our costal resources. The oceans resoources, within the Federal territorial limits, belongs to all citizens and the law must encourage citizen involvement.

And I do vote.

Respectfully,

Sandra W Smith

Utah St. (120th Street)
Haven Beach, NJ 08008
