Footnotes

The Angeles National Forest has a draft Motor Vehicle Use Map (MVUM) for its existing designated system. No changes are proposed so no NEPA will be undertaken to implement the Travel Management Rule.

The Cleveland National Forest released an Environmental Assessment (EA) for limited changes to the existing designated system in July 2008.

The Lake Tahoe Basin Management Unit has produced a final MVUM for the existing designated system.

The Los Padres National Forest produced final MVUM for the Santa Barbara, Ojai and Monterey Ranger Districts. Work is in progress on a Mixed Use Analysis for the Mt. Pinos and Santa Lucia Ranger Districts.

The Mendocino National Forest has produced a final MVUM for the existing designated system.

The San Bernardino National Forest will be preparing Environmental Assessment (EA) documents for limited changes to its existing designated system.

¹The Humboldt-Toiyabe is preparing an EIS for the Bridgeport Ranger District and an EA for the Carson Ranger District

²The Smith River National Recreation Area Travel Management EA document is under appeal. The Orleans Ranger District is working on the MVUM

³The Stanislaus National Forest is producing a MVUM for the existing designated system in the Summit Ranger District
