

**LC USAGE OF NEW MARC 21 CHARACTERS
PLUS LC PROCESSING IMPLICATIONS**

Revised 01/08/2001

Character Name	MARC 21 Hex	LC use in Bibliographic Records	Use in Authority Records (LC and NACO)	LC Processing Implications
Spacing circumflex	5E	Supply only in fields/subfields where URIs are likely to occur.	Continue to use %5E in authority records until more controlled use of URIs in authority records is implemented in NACO (e.g., 856, 678\$u).	CDS will lift substitutions in bib records; CDS will continue to reject authorities until further notice
Spacing underscore	5F	Supply only in fields/subfields where URIs are likely to occur.	Continue to use %5F in authority records until more controlled use of URIs in authority records is implemented in NACO (e.g., 856, 678\$u).	CDS will lift substitutions in bib records; CDS will continue to reject authorities until further notice
Spacing grave	60	Should not be supplied in LC cataloging (no known use for the character).	Should not be supplied in LC cataloging (no known use for the character).	CDS will lift substitutions in bib records; NACO preprocessing will reject contributions from NACO nodes; CDS will reject if found in distribution authority records

**LC USAGE OF NEW MARC 21 CHARACTERS
PLUS LC PROCESSING IMPLICATIONS**

Revised 01/08/2001

Character Name	MARC 21 Hex	LC use in Bibliographic Records	Use in Authority Records (LC and NACO)	LC Processing Implications
Opening curly bracket	7B	Supply.	Supply.	CDS will lift substitutions in both bib and authority records
Closing curly bracket	7D	Supply.	Supply.	CDS will lift substitutions in both bib and authority records
Spacing tilde	7E	Supply only in fields/subfields where URIs are likely to occur.	Continue to use %7E in authority records until more controlled use of URIs in authority records is implemented in NACO (e.g., 856, 678\$u).	CDS will lift substitutions in bib records; CDS will continue to reject authorities until further notice
Degree sign	C0	Continue to use the superscript zero until further notice.	Continue to use the superscript zero until further notice.	CDS will lift substitutions in bib records; NACO preprocessing will reject contributions from NACO nodes; CDS will reject if found in distribution authority records

**LC USAGE OF NEW MARC 21 CHARACTERS
PLUS LC PROCESSING IMPLICATIONS**

Revised 01/08/2001

Character Name	MARC 21 Hex	LC use in Bibliographic Records	Use in Authority Records (LC and NACO)	LC Processing Implications
Lowercase script l	C1	Pass through but not actively supply.	Pass through but not actively supply.	CDS will lift substitutions in both bib and authority records
Phono copyright mark	C3	Do not use until local font changes are implemented (no earlier than May 2001). After font changes are implemented, treat as “pass through but not actively supply”.	Do not use until local font changes are implemented at LC (no earlier than May 2001). After font changes are implemented, LC will treat as “pass through but not actively supply”.	CDS will lift substitutions in bib records; CDS will continue to reject authorities until further notice
Copyright mark	C3	Do not use until local font changes are implemented (no earlier than May 2001). After font changes are implemented, treat as “pass through but not actively supply”.	Do not use until local font changes are implemented at LC (no earlier than May 2001). After font changes are implemented, LC will treat as “pass through but not actively supply”.
