NIH Manuscript Submission

Manuscript # 10881

Review of NIHMS submission statement

Submission Statement

Manuscript Title: Iterative Active Deformational Methodology for Tumor Delineation: Evaluation Across Radiation Treatment Stage and Volume

Accepted for Publication in: Journal of magnetic resonance imaging : JMRI

I am an author of this manuscript, and I am providing it to the National Institutes of Health (NIH) to make publicly available in PubMed Central **12 months** after its official date of publication in the journal.

I confirm that:

Publication and Copyright Agreements - In any agreements that I have made with the journal, I have retained the right to deposit *this version* of the manuscript with PMC, so that it may be appropriately tagged and made available to the public on the PMC web site; or, I otherwise am legally authorized to deposit this manuscript for the purposes described.

Confidentiality - The manuscript may contain confidential information that must not be publicly disclosed prior to publication of the paper in the named journal.

Peer Review - The version I am depositing has been peer reviewed and accepted for publication and includes all modifications resulting from the peer review process.

Funding - The manuscript is the result of research supported, in whole or in part, by direct costs funded by NIH.

Review the **Submission Statement**. You may
