Lance Armstrong Foundation .....	33
Leukaemia Research Fund (LRF) .....	35
Leukemia and Lymphoma Society .....	37
Lotte and John Hecht Memorial Foundation.....	39
Melanoma Research Foundation .....	41
Multiple Myeloma Research Foundation .....	43
National Brain Tumor Foundation .....	45
Oberweiler Foundation .....	47
Oncology Nursing Society Foundation .....	49
Pediatric Brain Tumor Foundation of the United States .....	51
Prostate Cancer Foundation .....	53
Sontag Foundation .....	55
The Samueli Institute.....	57
Von-Hippel Lindau Family Alliance.....	59

## American Brain Tumor Association

<b>ID #:</b>	1	<b>Address 1:</b>	2720 River Road
<b>Org Type:</b>	Foundation (Cancer-Type)	<b>Address 2:</b>	N/A
<b>Website:</b>	www.abta.org	<b>City:</b>	Des Plaines
<b>Email:</b>	info@abta.org	<b>State:</b>	IL
<b>Phone:</b>	847-827-9910	<b>Zip Code:</b>	60018
<b>Fax:</b>	847-827-9918	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** The American Brain Tumor Association exists to eliminate brain tumors through research and to meet the needs of brain tumor patients and their families. (<http://www.abta.org/ourmission.htm>)

**Primary Activities:** Providing education to cancer patients, families, and health professionals. Raising money for and funding cancer research.

**Other Research Interests / Notes:** This organization is a member of the Brain Tumor Funders Collaborative and a member of the North American Brain Tumor Coalition.

### Points of Contact (primary and secondary)

<b>Name:</b>	Naomi Berkowitz	<b>Name:</b>	N/A
<b>Position:</b>	Executive Director	<b>Position:</b>	N/A
<b>Email:</b>	naomi@abta.org	<b>Email:</b>	N/A
<b>Phone:</b>	847-827-9910	<b>Phone:</b>	N/A

### Notes Regarding Points of Contact:

N/A

### Survey Diagnostics and Screening Questions

<b>Responded to the survey:</b>	Yes
<b>Date of survey response:</b>	5/8/2006
<b>Organization has an open grant application process?</b>	Yes
<b>Organization uses a peer review system?</b>	Yes
<b>Organization has funded cancer CAM research in the past?</b>	No
<b>Organization may fund cancer CAM research in the future?</b>	Yes

### Which of the following types of cancer research have you funded in the past? Which would you consider funding in the future?

<u>Have funded in the past</u>		<u>May fund in the future</u>	
<b>Brain:</b>	Yes	<b>Brain:</b>	Yes
<b>Breast:</b>	No	<b>Breast:</b>	No
<b>Colon:</b>	No	<b>Colon:</b>	No
<b>Lung:</b>	No	<b>Lung:</b>	No
<b>LLM:</b>	No	<b>LLM:</b>	No
<b>Ovarian:</b>	No	<b>Ovarian:</b>	No
<b>Pancreatic:</b>	No	<b>Pancreatic:</b>	No
<b>Prostate:</b>	No	<b>Prostate:</b>	No
<b>General:</b>	No	<b>General:</b>	No

### Notes Regarding Past or Future Funding of Cancer Research:

N/A

## American Brain Tumor Association (cont.)

Which of the following types of CAM research have you funded in the past?  
Which would you consider funding in the future?

### Have funded in the past

Alternative Medicine Systems:	No
Energy Therapies:	No
Exercise Therapies:	No
Manipulative Therapies:	No
Mind-Body Interactions:	No
Nutritional Therapeutics:	No
Pharmaco / Biological Therapies:	No
Spiritual Therapies:	No

### May fund in the future

Alternative Medicine Systems:	No
Energy Therapies:	No
Exercise Therapies:	No
Manipulative Therapies:	No
Mind-Body Interactions:	No
Nutritional Therapeutics:	Yes
Pharmaco / Biological Therapies:	Yes
Spiritual Therapies:	No

### Notes Regarding Past or Future Funding of CAM Research:

ABTA funds only brain-tumor related research. If the CAM project were focused on brain tumors/symptom management specifically for brain tumors, it may be appropriate for ABTA to review.

## Typical Funding Parameters for Cancer and CAM Research

### Cancer Research

# of Grants per Year:	50
Total Dollar Value:	\$2 million
Typical Grant Amount:	\$50k-\$80k
Typical Grant Duration:	1-2 years

### CAM Research

# of Grants per Year:	0
Total Dollar Value:	0
Typical Grant Amount:	N/A
Typical Grant Duration:	N/A

### Overview of Grant Application and Review Process:

**Time From Application to Award:** 3 months

**Time From Award to Funding:** 3 months

**Funding Notes:** CAM grants/dollars are listed as "0" because, in a typical year, the organization does not make any awards that focus on CAM research.

**For Additional Information:** Please refer to [www.abta.org/research.htm](http://www.abta.org/research.htm) or consult the ABTA research award booklet (2005-2006 edition available online at [www.abta.org/pdf/ResearchBook2005.pdf](http://www.abta.org/pdf/ResearchBook2005.pdf))

Which of the following types of grants might your organization award to support cancer CAM research?

Community Based Institutions:	No	Travel to Conferences:	No
Conference Grants:	No	Program Development:	No
Demonstration Projects:	No	Basic Research:	Yes
Facilities Construction:	No	Clinical Research:	Yes
Fellowship (Pre-Doctoral):	No	Translational Research:	Yes
Fellowship (Post-Doctoral):	No	Seed or Development Grants:	Yes
Research Institutions:	No	Grants for Educational Materials:	No
Individual Researchers:	No	Other:	No

### Other Grant Types:

N/A

## American Cancer Society

<b>ID #:</b>	2	<b>Address 1:</b>	1599 Clifton Road NE
<b>Org Type:</b>	Foundation (Cancer)	<b>Address 2:</b>	N/A
<b>Website:</b>	www.cancer.org	<b>City:</b>	Atlanta
<b>Email:</b>	Ronit.Elk@cancer.org	<b>State:</b>	GA
<b>Phone:</b>	404 329-5740	<b>Zip Code:</b>	30329
<b>Fax:</b>	N/A	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** The American Cancer Society is the nationwide community-based voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives, and diminishing suffering from cancer, through research, education, advocacy, and service. (www.cancer.org)

**Primary Activities:** Providing education to cancer patients, families, and health professionals. Raising money for and funding cancer research. Developing and/or distributing publications on cancer. Raising public awareness about cancer issues. Addressing public policy that affects cancer patients and families. Providing psychosocial support services for cancer patients and families.

**Other Research Interests / Notes:** ACS is the biggest non-government funder of cancer research in the U.S.

## Avon Foundation

<b>ID #:</b>	72	<b>Address 1:</b>	1345 Avenue of the Americas
<b>Org Type:</b>	Public Charity (501c3)	<b>Address 2:</b>	N/A
<b>Website:</b>	www.avonfoundation.org	<b>City:</b>	New York
<b>Email:</b>	info@avonfoundation.org	<b>State:</b>	NY
<b>Phone:</b>	866-505-AVON	<b>Zip Code:</b>	10105
<b>Fax:</b>	N/A	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** To improve the lives of women, globally. (www.avonfoundation.org)

**Primary Activities:** (I) Breast Cancer: Through 2006, the Avon Breast Cancer Crusade raised and awarded more than \$450,000,000 worldwide for advancing access to care and finding a cure for breast cancer, with a focus on the medically underserved. Funding supports five areas: awareness and education; screening and diagnosis; access to treatment; support services; and scientific research. (II) Domestic Violence: In 2004, the Avon Foundation launched the new Speak Out Against Domestic Violence program, which expands a long history of Avon grassroots support of the domestic violence cause. The new Speak Out program supports awareness, education, direct services and prevention programs while developing new community outreach and support for victims. (III) Special Projects: The Avon Foundation and Avon Products Inc. also respond quickly to national and international emergencies. Recent projects include: (1) the Avon Heart of America Fund, to support families, especially children, of those lost in the attacks of September 11, 2001; (2) the Avon Yellow Ribbon Pin, to assist families of servicemen and women lost or wounded in Operation Iraqi Freedom and other armed conflict; (3) the Heart of Asia pin, to support relief efforts following the December 2004 tsunami disaster in Asia; and (4) the Heart of America Key Chain, in response to the hurricane disasters in fall 2005.

<b>Fax:</b>	617-924-9998	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** The Brain Tumor Society (BTS) exists to find a cure for brain tumors. BTS improves the quality of life of brain tumor patients, survivors and their families by providing access to psycho-social support, information and resources. BTS raises funds to advance carefully selected research projects to enhance treatments and to find a cure.

**Primary Activities:** Providing education to cancer patients, families, and health professionals. Raising money for and funding cancer research. Providing psychosocial support services for cancer patients and families.

**Other Research Interests / Notes:** This organization is a member of the Brain Tumor Funders Collaborative and a member of the North American Brain Tumor Coalition.

<b>Fax:</b>	510-587-6325	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** To eliminate breast cancer by leading innovation in research, communication, and collaboration in the California scientific and lay communities. (www.cbcrp.org)

**Primary Activities:** The California Breast Cancer Research Program is the largest state-funded breast cancer research program in the nation and is administered by the University of California, Office of the President. Since 1994, the CBCRP has awarded over \$174 million in 725 grants to 89 institutions across the state. The CBCRP supports innovative breast cancer research—cow viruses, Tibetan herbs, snake venom—that might otherwise go unfunded. With continued investment, the CBCRP will work to find better ways to prevent, treat and cure breast cancer.

<b>Fax:</b>	703-836-4413	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** The Cancer Research and Prevention Foundation, (formerly the Cancer Research Foundation of America) is a national nonprofit health foundation whose mission is the prevention and early detection of cancer through scientific research and education. The Foundation has provided more than \$88 million in funding of research and education programs and supported more than 250 young scientists and established investigators at over 100 leading universities and medical centers across the country. The Foundation also focuses on education and outreach programs as a vehicle for increasing awareness about the prevention and early detection of cancer. The Foundation's main focus is on the following cancers: colorectal, breast, lung, skin, prostate and cervical. CRPF is the founder of National Colorectal Cancer Awareness Month.

**Primary Activities:** Providing education to cancer patients, families, and health professionals. Raising public awareness about cancer issues. Raising money for and funding cancer research. Addressing public policy that affects cancer patients and families.

**Other Research Interests / Notes:** N/A

<b>Fax:</b>	808-948-6860	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** The mission of the Hawaii Medical Service Association (HMSA) Foundation is to extend HMSA's commitment to providing access to cost-effective health care services; health promotion, education and research; and the promotion of social welfare. (<http://www.hmsafoundation.org/about/>)

**Primary Activities:** The HMSA Foundation is committed to addressing a broad array of health related priorities with a diverse strategy. This strategy relies on deep collaboration, sound and reliable data, innovative thinking and informed decision making. The various tactics employed by the Foundation are an attempt to find efficient and effective ways of serving our communities and building for the future.

**Other Research Interests / Notes:** The HMSA Foundation was established in 1986 by the Hawaii Medical Service Association to stimulate research of issues that confront Hawaii's health care industry. The Foundation is dedicated to improving health in Hawaii through grantmaking, strategic initiatives, publications, and community-wide programs.

## Hawaii Medical Service Association Foundation (cont.)

Which of the following types of CAM research have you funded in the past?  
Which would you consider funding in the future?

### Have funded in the past

Alternative Medicine Systems:	No
Energy Therapies:	No
Exercise Therapies:	No
Manipulative Therapies:	No
Mind-Body Interactions:	No
Nutritional Therapeutics:	No
Pharmaco / Biological Therapies:	No
Spiritual Therapies:	No

### May fund in the future

Alternative Medicine Systems:	Yes
Energy Therapies:	Yes
Exercise Therapies:	Yes
Manipulative Therapies:	Yes
Mind-Body Interactions:	Yes
Nutritional Therapeutics:	Yes
Pharmaco / Biological Therapies:	Yes
Spiritual Therapies:	Yes

### Notes Regarding Past or Future Funding of CAM Research:

In 2004, the organization provided \$49,000 in funding to the Hawaii State Consortium for Integrative Health Care to conduct CAM research and education within the Hawaii health community.

## Typical Funding Parameters for Cancer and CAM Research

### Cancer Research

# of Grants per Year:	0
Total Dollar Value:	0
Typical Grant Amount:	N/A
Typical Grant Duration:	N/A

### CAM Research

# of Grants per Year:	1
Total Dollar Value:	1
Typical Grant Amount:	\$50K
Typical Grant Duration:	1 year

### Overview of Grant Application and Review Process:

**Time From Application to Award:** Grant deadlines are on a quarterly cycle (January 1, April 1, July 1, October 1). HMSA begins reviewing proposals approximately 2 months after each deadline (e.g., those received by January 1 are reviewed in March).

**Time From Award to Funding:** N/A

**Funding Notes:** Cancer grants/dollars are listed as "0" because, in a typical year, the organization does not make any awards that focus on cancer research. In 2004, the organization funded 1 CAM research initiative. Funding is provided only for projects that benefit the people of Hawaii.

**For Additional Information:** [http://www.hmsafoundation.org/res/pdf/HMSA\\_Foundation\\_2004.pdf](http://www.hmsafoundation.org/res/pdf/HMSA_Foundation_2004.pdf)

## Which of the following types of grants might your organization award to support cancer CAM research?

Community Based Institutions:	Yes	Travel to Conferences:	No

<b>Fax:</b>	310-471-1020	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** To find a cure for pancreatic cancer in honor of Ron Hirshberg and the many others who are diagnosed with this disease. To establish a premier Pancreatic Cancer Center for ongoing basic and clinical research for early detection and a cure. To be recognized as a patient support reference source for pancreatic cancer victims and their families. To integrate and unite generations, young and old, through physical fitness participation, while creating public awareness and raising money to find a cure for pancreatic cancer. To be open to assist in funding new projects and/or programs that may improve patient care, treatment and survival of pancreatic cancer. (www.pancreatic.org)

**Primary Activities:** Providing education to cancer patients, families, and health professionals. Raising money for and funding cancer research.

**Other Research Interests / Notes:** N/A

## John Templeton Foundation

<b>ID #:</b>	182	<b>Address 1:</b>	300 Conshohocken State Rd
<b>Org Type:</b>	Foundation (Non-Cancer)	<b>Address 2:</b>	Suite 500
<b>Website:</b>	www.templeton.org	<b>City:</b>	West Conshohocken
<b>Email:</b>	info@templeton.org	<b>State:</b>	PA
<b>Phone:</b>	610-941-2828	<b>Zip Code:</b>	19428
<b>Fax:</b>	610-825-1730	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** The mission of the John Templeton Foundation is to serve as a philanthropic catalyst for scientific discovery on what scientists and philosophers call the 'Big Questions.' Ranging from questions about the laws of nature to the nature of creativity and consciousness (<http://www.templeton.org/>). The Templeton Foundation seeks to act as a critical catalyst for progress, especially by supporting studies which demonstrate the benefits of an open, humble and progressive approach to learning in the areas of Science and Spirituality.

**Primary Activities:** The Foundation currently funds more than 300 projects, studies, award programs and publications worldwide. Through the Laws of Life Essay Contest, it reaches students and communities worldwide. The Foundation supports free enterprise education and development internationally through the Templeton Freedom Awards, new curriculum offerings and other programs that encourage free-market principles.

**Other Research Interests / Notes:** N/A

<b>Phone:</b>	44 020 7405 0101	<b>Zip Code:</b>	WC1N 3JJ
<b>Fax:</b>	44 020 7405 3139	<b>Country:</b>	England

### Mission Statement / Primary Activities:

**Mission Statement:** To achieve the routine cure of all the cancers of the blood. This will be achieved by identifying the causes of these diseases, by understanding how healthy blood cells transform into cancerous cells, by improving the speed and accuracy of diagnosis and by testing new treatments in patients. (www.lrf.org.uk)

**Primary Activities:** Leukaemia Research is committed to the training and career progression of outstanding young haematologists and scientists who will be the next generation of research leaders. Leukaemia Research provides a series of career awards of increasing seniority to recruit and retain talented young researchers. This provides a career path to a University funded post.

**Other Research Interests / Notes:** Open to CAM grant applications, but only from researchers based in the UK.

## Lotte and John Hecht Memorial Foundation

<b>ID #:</b>	154	<b>Address 1:</b>	#502 - 325 Howe Street
<b>Org Type:</b>	Foundation (Cancer)	<b>Address 2:</b>	N/A
<b>Website:</b>	www.hecht.org	<b>City:</b>	Vancouver
<b>Email:</b>	info@hecht.org	<b>State:</b>	BC
<b>Phone:</b>	604-683-7575	<b>Zip Code:</b>	V6C 1Z7
<b>Fax:</b>	604-683-7580	<b>Country:</b>	Canada

### Mission Statement / Primary Activities:

**Mission Statement:** Investigation and support of complementary and alternative medicine, particularly in the treatment of cancer, and; Economic education that promotes the principles of a free market. (www.hecht.org)

**Primary Activities:** In 2005 the Foundation disbursed over \$3 million in support of it's objectives. The Foundation also supplies support to organizations that help people who fall through the social safety net of government programs for the needy. Most of these groups operate around the area of Main and Hastings in Vancouver and care for that very needy population. Some support is also given to existing charitable organizations that come to the Board's attention.

**Other Research Interests / Notes:** N/A

<b>Fax:</b>	732-821-5955	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** The Melanoma Research Foundation's (MRF) mission -- to fund research into the treatment toward a cure of melanoma, and to act as a resource to patients, families and friends -- makes MRF unique. MRF is the only national foundation funding research into melanoma, and the only organization where people who already have the diagnosis can turn for help. MRF hosts numerous patient and family gatherings throughout the US, puts on Symposia, and will be expanding its fundraising presence throughout the US. The vast majority of private donations go strictly to research and grants, which assist MRF in making its mission available to the melanoma community. Watch [www.melanoma.org](http://www.melanoma.org) for more information.

**Primary Activities:** Providing education to cancer patients, families, and health professionals. Raising money for and funding cancer research.

**Other Research Interests / Notes:** N/A

<b>Fax:</b>	203-229-0572	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** The Multiple Myeloma Research Foundation (MMRF) is the world's largest non-profit dedicated to the single mission of accelerating the search for a cure for multiple myeloma. To achieve this mission, the MMRF focuses on the following four goals: (1) funding research in the field of multiple myeloma; (2) building collaborations among researchers and industry; (3) providing disease and treatment related information to patients and family members while advocating for optimal patient care; and (4) raising awareness of multiple myeloma.

**Primary Activities:** Raising money for and funding cancer research

**Other Research Interests / Notes:** N/A

<b>Phone:</b>	866-257-4ONS	<b>Zip Code:</b>	15275
<b>Fax:</b>	877-369-5497	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** The mission of the Oncology Nursing Society Foundation is to improve cancer care and the lives of people with cancer by funding oncology nursing research, scholarships, awards, and educational programs.

**Primary Activities:** Since 1982, the Foundation has distributed more than \$17.6 million in research grants, research fellowships, academic scholarships, lectures, public education projects, career development awards, congress scholarships, Institutes of Learning, and oncology advanced practice nurse conference scholarships. In January 1998, the Foundation began the quiet phase of its first capital campaign, "Leading the Transformation." The public phase of the campaign was launched in the fall of that same year. This successful campaign raised more than \$16 million and is being used to support the ONS Foundation Center for Leadership, Information and Research (CLIR).

<b>Phone:</b>	800-757-CURE	<b>Zip Code:</b>	90401
<b>Fax:</b>	310-570-4701	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** Formerly CaPCure, the Prostate Cancer Foundation (PCF) is the world's largest philanthropic source of support for prostate cancer research. The PCF has a single goal: To find better treatments and a cure for recurrent prostate cancer.

**Primary Activities:** Founded in 1993, the PCF has raised more than \$260 million and provided funding to more than 1,200 researchers at 100 institutions worldwide. The PCF has been a pioneer in the grant making process, simplifying paperwork for grantees, leaving more time for researchers to conduct needed scientific research. The PCF also advocates for greater awareness of prostate cancer and more governmental resources, resulting in a 20-fold increase in government funding for prostate cancer.

**Other Research Interests / Notes:** The PCF's annual Scientific Retreat convenes leading cancer researchers, physicians, government officials, the biopharmaceutical industry and others to discuss new developments and remove barriers that impede progress.

## Sontag Foundation

<b>ID #:</b>	188	<b>Address 1:</b>	822 A1A North
<b>Org Type:</b>	Foundation (Cancer-Type)	<b>Address 2:</b>	Suite 300
<b>Website:</b>	<a href="http://www.sontagfoundation.org">http://www.sontagfoundation.org</a>	<b>City:</b>	Ponte Vedra Beach
<b>Email:</b>	kverble@sontagfoundation.org	<b>State:</b>	FL
<b>Phone:</b>	904-273-8755	<b>Zip Code:</b>	32082
<b>Fax:</b>	904-273-8745	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** The Sontag Foundation seeks to support early career scientists and their innovative research that could lead to improvements in treatment options, functional recovery and rates of survival for those individuals who suffer from brain cancer or rheumatoid arthritis. (<http://www.sontagfoundation.org/mission/mission.htm>)

**Primary Activities:** Provides funding for medical research regarding both brain cancer and rheumatoid arthritis.

**Other Research Interests / Notes:** This organization is a member of the Brain Tumor Funders Collaborative.

Grants target early career scientists with a focus on brain cancer research

## The Samueli Institute

<b>ID #:</b>	148	<b>Address 1:</b>	1700 Diagonal Road
<b>Org Type:</b>	Foundation (Cancer)	<b>Address 2:</b>	Suite 400
<b>Website:</b>	www.siiib.org/	<b>City:</b>	Alexandria
<b>Email:</b>	Wjonas@siib.org	<b>State:</b>	VA
<b>Phone:</b>	703-299-4800	<b>Zip Code:</b>	22314
<b>Fax:</b>	703-535-6752	<b>Country:</b>	USA

### Mission Statement / Primary Activities:

**Mission Statement:** To transform health care through the scientific exploration of healing.

**Primary Activities:** Conducts and supports health care research in areas such as patient-centered approaches, healing environments, complementary therapies and traditional medicines. Samueli Institute achieves it's mission by performing and supporting rigorous scientific research through a dynamic grants program, as well as through extramural partnerships and intramural basic, clinical, and health services research.

**Other Research Interests / Notes:** N/A

<b>Pancreatic:</b>	No	<b>Pancreatic:</b>	No
<b>Prostate:</b>	No	<b>Prostate:</b>	No
<b>General:</b>	No	<b>General:</b>	No

### Notes Regarding Past or Future Funding of Cancer Research:

Research into cellular mechanisms related to von Hippel-Lindau disease -- retina, brain, spinal cord, kidney, pancreas, and adrenal glands. All are cell growth out of control. Kidney, pancreas, and some other tumors may progress to metastasis if left untreated; the organization works to avoid metastasis through early diagnosis and preventive maintenance.

## Von-Hippel Lindau Family Alliance (cont.)

Which of the following types of CAM research have you funded in the past?  
Which would you consider funding in the future?

### Have funded in the past

Alternative Medicine Systems:	No
Energy Therapies:	No
Exercise Therapies:	No
Manipulative Therapies:	No
Mind-Body Interactions:	No
Nutritional Therapeutics:	No
Pharmaco / Biological Therapies:	No
Spiritual Therapies:	No

### May fund in the future

Alternative Medicine Systems:	No
Energy Therapies:	No
Exercise Therapies:	No
Manipulative Therapies:	No
Mind-Body Interactions:	No
Nutritional Therapeutics:	No
Pharmaco / Biological Therapies:	Yes
Spiritual Therapies:	No

### Notes Regarding Past or Future Funding of CAM Research:

The organization gathers experiences from families and shares information on mind-body interactions and stress management. A few nutritional strategies have emerged. The organization has done informal pooling of experiences, but no formal studies.

## Typical Funding Parameters for Cancer and CAM Research

### Cancer Research

# of Grants per Year:	2-4
Total Dollar Value:	approx. \$100k
Typical Grant Amount:	\$30-\$40K
Typical Grant Duration:	1 year, with 2nd year possible

### CAM Research

# of Grants per Year:	0
Total Dollar Value:	0
Typical Grant Amount:	N/A
Typical Grant Duration:	N/A

### Overview of Grant Application and Review Process:

**Time From Application to Award:** Annual review cycle -- due April 1, announced end of June.

**Time From Award to Funding:** If approved, funding begins July

**Funding Notes:** CAM grants/dollars are listed as "0" because, in a typical year, the organization does not make any awards that focus on CAM research.

**For Additional Information:** See [www.vhl.org/research](http://www.vhl.org/research)
