

The mission of the **QOV Foundation** is to cover ALL Global War on Terror service members who were in harm's way. Whether physical or psychological injuries, QOV would like to cover them with Wartime quilts called **Quilts of Valor**.

VA Northern Indiana Health Care System Voluntary and Community Resources Department is proud to join **Quilts of Valor Foundation** in this effort to reach every injured veteran.

## VA Northern Indiana Health Care System Quilts of Valor

**Quilts of Valor** is a national foundation in which quilters from across the country team up to make quilts for wounded servicemen and women from the Global War on Terror.

VA hospitals are not mandated to provide these quilts but VANIHCS participates in this tremendous program as a way to say “Thank You” to the men and women who have served during the current conflicts.

If you or someone you know is a veteran from the Global War on Terror, and would like a quilt, please contact VA Northern Indiana Health Care System Voluntary and Community Resources Department.

Our goal is to provide these quilts, at no charge to the veteran, to all who have served during these conflicts.
