

Please reject Recommendation No 6.

One of the reasons I chose to move to CPN is because of the privacy, less traffic, and not airport noise. I drive an extra 10 miles a day to have this. Please do not re route the airport traffic over our neighborhood and lower our property values.

People who live in Highlands Ranch and Lone Tree knew about the noise before. It is a big reason we did not choose to move there. Please take this comment into consideration.

Sincerely

Brad Clemons
