

To Whom ever it may concern -
 I live by the corner of Parker Road
 and Temple (Daincey) I see planes & helicopters
 flying in & out of Centennial all the time,
 and they never bother me - Even when they're
 flying in from the east and make the
 left turn to land, they're right above me -
 But, then again, I love living by the airport
 and watching them -

I work at Don Massy Cadillac
 (By Park Meadows Mall). Every now &

then we'll hear a plane, but it's
 nothing to complain about.

Thank you
