Suite 224
Denver, CO 80249

Dear Ms. Bruce,

We live at Parker Road and Belleview. The proposed changes in the air traffic patterns would negatively affect our quality of life. We occasionally are aware of noise now from planes, but simply because we haven't made formal complaints, we are not happy about the existing noise. Any additional traffic over our homes would be totally unacceptable.

When we selected and purchased our home, we deliberately chose an area away from Centennial Airport. Now, there is a threat of sending more aircraft directly over our homes. This clearly, is not an acceptable option for the hundreds of homes in the path of the new proposed routes.

In addition, we are against recommendations 3, 4 and 5 suggested by the FAA. We request that the preferential runway be used more frequently to reduce the number of flights over our neighborhood.

Sincerely,

Mike and Louise Jezier
