

We live in a neighborhood that will be vastly impacted by the proposed changes in flight paths. We are a neighborhood with an abundance of pre toddler children and as you know takeoffs are more disruptive than landings. This will have a very disruptive effect on raising these children. We strongly oppose these new proposed changes! Please reconsider and leave the flight paths as they are!

Sincerely,

Milt and Lil McMinn  
Woodgate South Subdivision  
Parker Rd. and Bellevue Av.
