Dear Ms. Bruce:

The Mission Viejo Homeowners' Association is a voluntary neighborhood association representing over 1,973 household properties. The Mission Viejo Homeowners' Association was incorporated in 1975 to advance the interests of the residents and property owners of Mission Viejo, a subdivision in the city of Aurora, Colorado, County of Arapahoe, State of Colorado by maintaining the same high quality residential areas, including the enforcement of restrictive covenants, and by initiating, promoting and improving any and all matters of mutual interest, benefit, and advantage to said area and to the persons who from time to time may be residents or owners of property in said area.\*

As such we would like to provide comments on the Centennial Airport Part 150 Study, as requested in the February 22, 2008, Federal Register. We have reviewed the Noise Compatibility Program recommendations and have identified that the following flight track changes as having the potential to increase aircraft noise over our neighborhood:

- Recommendation 3—Implement 010 degree departure heading for jet aircraft at night
- Recommendation 4—Test 24-hour flight tracks between 350 and 010 degree headings
- Recommendation 5—Elimination of preferential runway use.

We oppose these recommendations and urge the FAA not to approve these flight tracks. Additionally, we request that the preferential runway be used more frequently to reduce the number of flights over our neighborhood.

Sincerely,

Todd McMahon  
Mission Viejo HOA President - acting on behalf  
of the Board of Directors of the Mission Viejo HOA
