

I read with interest the article in the denverpost.com today regarding the banning of the loudest jets at Centennial Airport.

I live in Orchard Gate, a residential community north of Centennial Airport and am regularly awoken and annoyed by aircraft from Centennial airport flying over my home. I am in favor of banning Stage 1 aircraft at all times of the day and night. I also support the ban on Stage 2 aircraft between 10 pm and 7 pm.

Please feel free to contact me if you have any questions.
