

**ENGINEERING GUIDANCE 98-08**

SUBJECT: Standard Handout for Design Reports

PURPOSE: Provide guidance for design reports.

CANCELLATION: This Engineering Guidance replaces Safety & Standards Guidance No. 26, dated November 1, 1990.

DISCUSSION: Design reports for AIP projects should all include a minimum of information and the design assumption and analysis for the project.

GUIDANCE: The attached handout should be used for AIP projects in the Northwest Mountain Region. Any suggested changes or comments should be forwarded to Safety and Standards Branch, Jack Scott, at (425) 227-2622.

REFERENCES: None.

APPROVAL:                   signed                    
                  Matthew Cavanaugh, Manager  
                  Northwest Mountain Region  
                  Safety & Standards Branch, Airports Division
