Federal Energy Regulatory Commission

[Docket No. ER02-2166-000]

Pennsylvania Windfarms, Inc.; Notice of Issuance of Order

November 26, 2008.

Pennsylvania Windfarms, Inc. (Pennsylvania Windfarms) filed an application for market-based rate authority, with an accompanying tariff. The proposed market-based rate tariff provides for the sale of energy, capacity and ancillary services at market-based rates. Pennsylvania Windfarms also requested waivers of various Commission regulations. In particular, Pennsylvania Windfarms requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Pennsylvania Windfarms.

On August 5, 2002, pursuant to delegated authority, the Director, Division of Tariffs and Market Development-West, granted the requests for blanket approval under part 34 (Director's Order). The Director's Order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard concerning the blanket approvals of issuances of securities or assumptions of liability by Pennsylvania Windfarms, should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004). The Commission encourages the electronic submission of protests using the FERC Online link at <http://www.ferc.gov>.

Notice is hereby given that the deadline for filing protests is December 8, 2008.

Absent a request to be heard in opposition to such blanket approvals by the deadline above, Pennsylvania Windfarms is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Pennsylvania Windfarms, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be

adversely affected by continued approvals of Pennsylvania Windfarm's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. SUPPLEMENTARY INFORMATION:

I. Information About the Project/Document

The United States Environmental Protection Agency (EPA) has formed a working group comprised of individuals from several program offices including the Offices of Pesticides, Prevention, and Toxic Substances; the Office of Water; the Office of Research and Development; and the Office of Policy, Economics, and Innovation, to study production, use, alternatives, environmental fate, exposure, and health effects of polybrominated diphenyl ethers (PBDEs). This working group issued a project plan in 2006 that

outlined projects in these areas. EPA reports regularly on progress in completing the activities identified in the project plan, with the most recent status report issued in March 2008. The Web site that describes this working group, including the project plan, is <http://www.epa.gov/oppt/pbde>.
