 - i. other (specify) 0 (requests that were not processed for other reasons)

VII. Compliance with Time Limits/Status of Pending Requests.

(Please note that there are two median times that are reported in this section: (1) median time for processing completed requests and (2) median number of days that pending requests were in pending status. Days reported should be “**working days**” as opposed to “calendar days.”)

A. Median time for processing requests.

You should count days from the time at which a request is “perfected.” You may separately report each track of a multi-track system (***multi-track processing***--a system in which simple requests requiring relatively minimal review are placed in one processing track and more voluminous and complex requests are placed in one or more other tracks. Requests in each track are processed on a first-in/first-out basis). The following are examples for obtaining the “median” number: Given seven requests completed during the fiscal year, aged 10, 25, 35, 65, 75, 80 and 400 days from date of perfection to date of completion, the total number of requests completed during the fiscal year would be seven and the median age of the completed requests would be 65 days. If there were six pending cases aged 10, 20, 30, 50, 120 and 200 days from date of perfection to date of completion, the total number of requests completed would be six and the median age would be 40 days (the average of the two middle numbers).

IX. Costs/FOIA Staffing.

A. Staffing levels.

In completing this part regarding staffing levels related to FOIA/PA matters, you should be careful to pay full attention to Line 2 as well as Line 1. Line 1 simply asks for the number of personnel who are involved in FOIA/PA matters full-time. Line 2 asks for the number of personnel who have only part-time or occasional FOIA duties (even if merely sporadic), expressed in total numbers of work-years. For example, if your bureau had four employees working full-time on FOIA matters and three employees with part-time FOIA responsibilities, it would simply specify "4" on Line 1.

To complete Line 2, however, you would have to determine, and then total, the individual work-year percentages for the three employees working on FOIA matters only part-time. If the first employee devoted an estimated 10 percent of her time to the FOIA, the second employee 30% of his time, and the third employee 15% of her time, then that would total 55% of a work-year. So for Line 2, you would enter **".55 work-years."** Your entry for Line 3 would be "4.55 work-years." You will arrive at a figure for Line 3 by adding the number in Line 1 to the number (which could be zero) in Line 2.

1. Number of full-time FOIA personnel: 1
2. Number of personnel with part-time or occasional FOIA duties: .40
3. Total number of personnel (in work-years): 1.40

B. Total costs (staff and resources combined).

In filling out this part, you are asked to provide three figures, based upon your bureau's best ability to calculate the costs of your FOIA activities. Line 1 seeks the total costs of FOIA-processing activities, including appeals. In completing it, you are asked to include the costs of your bureau's staffs "and all resources" that are devoted to these activities. To arrive at a comprehensive figure for this, your bureau must do its best to estimate the costs of these resources -- which may include such items as photocopying, postage, data-processing services, and other items of overhead that are reasonably allocable to your bureau's FOIA operations.

For Line 2, bureaus are likewise asked to provide estimates of the costs of their litigation-related FOIA activities. Such estimates should take into account the full range of the bureau's efforts that are undertaken in support of a FOIA litigation case, including attorney coordination with declarants, additional subject-matter experts, and other bureau program personnel.

1. FOIA processing (including appeals): \$ __165,800.00__
2. Litigation-related activities (estimated): \$ __0__
3. Total Costs: \$ _165,800.00_
4. Comparison with previous years. (Not required).

C. Statement of additional resources needed for FOIA compliance (Optional).

If a continual FOIA backlog exists in your bureau because of a lack of FOIA resources, you are encouraged to include a statement here.

X. Fees.

- A. Total fees collected FY 2006: \$369.66
- B. Percentage of total costs: .02%

XI. FOIA Regulations.

XII. Report on FOIA Executive Order Implementation

- A. Description of supplement/modification of agency improvement plan if applicable
- B. Report on agency implementation of its plan, including its performance in meeting milestones, with respect to each improvement area
- C. Identification and discussion of any deficiency in meeting plan milestones, if applicable
- D. Additional narrative statement regarding other executive order related activities – optional
- E. Concise descriptions of FOIA exemptions
- F. Additional Stats:
 - a. Time range of requests pending, by date of request (or, where applicable, by date of referral from another agency)
 - b. Time range of consultations pending with other agencies, by date of initial interagency communication
- G. Improvement Plan attached

BUREAU OF ENGRAVING AND PRINTING
2006 FOIA Improvement Plan Report

A. **Description of Improvement(s)** In 2005, the Bureau of Engraving and Printing (BEP) processed 90 FOIA requests with median days to process requests at 14 days. In 2006, the BEP received 79 requests and completed processing of 75. Four (4) 2006 FOIA requests will be reported in 2007. In 2007, the BEP will continue to track and monitor requests to alleviate backlogs.

B. **BEP FOIA Plan Implementation** In October 2006, Disclosure services were re-organized to the Office of Chief Counsel (OCC) and the Office of External Relations (OEX). The BEP's Disclosure Officer brings over fifteen (15) years of experience and expertise advising on BEP's FOIA and Privacy activities. Proven leadership and knowledge to manage and coordinate activities improves BEP FOIA/Privacy goals.

C. **Deficiencies in Meeting Milestones** The BEP continues to meet its milestones.

D. **Other Executive Order Activities** Not Applicable.

E. **Description of FOIA Exemptions Cited**

Of the 75 requests reportable in 2006;

- **21** requests were directed to Office of Procurement. Contracts and related information were provided;
- **15** requests were directed to the Office of Security. Employee background investigation records and related were provided;
- **11** requests were directed to the Office of External Relations. Historical and related records were provided; and
- **9** requests were directed to the Office of Human Resources. Internal employee records were requested.

Of the BEP's 75 FOIA requests processed in 2006, FOIA exemptions were cited in **29** cases. Exemption b(4) exempting competitive contractual data was cited in **12** cases and exemption b(6) exempting the release of personal privacy data was cited in **9** cases.

In 2006, the BEP had 2 cases processed under the effects of Hurricane Katrina. The number of days to process each case was 143 days and 130 days. The same requester submitted both requests.

2006 FOIA Improvement Plan Continued

F. Additional Stats

Four (4) 2006 FOIA requests will be reported in 2007. The 4 pending requests were processed in a median of five (5) days.

BEP's increased sharing of popular information through use of its website, as well as links to other websites, such as the U.S. Mint, for educators, collectors, media and others has contributed to the reduction in FOIA cases.

Additionally, internal (employee) requests for records under FOIA/PA have been reduced by employees obtaining the information they seek directly from the BEP component holding the requested records. These requests include information from the BEP's Office of Security on background investigative records and Office of Human Resources regarding vacancy selection information.

Two significant changes noted in BEP's FY 2006 FOIA activities included; a) requesters sought records in "electronic" formats only and b) in accordance with FOIA and Privacy regulations, requesters sought "records of internal and external e-mail or camera footage" of themselves (especially if/when used as part of disciplinary actions) and were granted the electronic or video records. With technical improvements, such as encryption verification, BEP may in future accept requests electronically and deliver responsive records electronically.
