## NAVY CASH SAILOR OF THE MONTH!

**PS2(SW) Reuben Ramos, USS RONALD REAGAN, has been named October Navy Cash Sailor of the month. He proactively resolved multiple issues, with little or no assistance from a Navy Cash technician. During a recent deployment, he was instrumental in preventing a casualty to the Navy Cash server. An error message indicated a fan inside the Network Processing Location was bad. With guidance from a technician, he removed the server from the rack, opened it, and cleaned the inside of the server and the fan assembly, which resolved the problem. This type of work is normally performed by IT/ETs. He is very proactive in doing preventive maintenance onboard the ship. He has also provided excellent Navy Cash training to new Disbursing / Sales crew members.**

**SUBMITTED BY L-3 TITAN West Coast Integrators, Sean Kenealy.**

**Navy Family Support thanks PS2 Ramos for his proactive preventive maintenance and training support to the Navy Cash Program aboard the USS RONALD REAGAN.**
