1001 Statutory Authority of Commissioner

35 U.S.C. 6. Duties of Commissioner. The Commissioner, under the direction of the Secretary of Commerce, shall superintend or perform all duties required by law respecting the granting and issuing of patents and the registration of trademarks; and he shall have charge of property belonging to the Patent Office. He may, subject to the approval of the Secretary of Commerce, establish regulations, not inconsistent with law, for the conduct of proceedings in the Patent Office.

1001.01 Modes of Exercising Authority [R-21]

The Commissioner's authority to review and supervise the work of the Office is exercised by the promulgation of the Rules of Practice; issuance of Orders, Notices and Memoranda stating Office policies and modes for effectuating these policies; decisions on petitions by applicants, and by the designation of particular cases which must be submitted to the Commissioner or other officials authorized by the Commissioner. The present chapter deals with the latter two items.

The Commissioner's authority relating to decisions on petitions and to the supervision of the work of the Examining Corps has, in instances not requiring the personal decision of the Commissioner, been delegated to the Group Directors, to the Solicitor and to the Law Examiners.

1002 Petitions to the Commissioner [R-21]

Rule 181. Petition to the Commissioner. (a) Petition may be taken to the Commissioner (1) from any

action or requirement of any examiner in the *ex parte* prosecution of an application which is not subject to appeal to the Board of Appeals or to the court; (2) in cases in which a statute or the rules specify that the matter is to be determined directly by or reviewed by the Commissioner; and (3) to invoke the supervisory authority of the Commissioner in appropriate circumstances.

(b) Any such petition must contain a statement of the facts involved and the point or points to be reviewed and the action requested. Briefs or memoranda, if any, in support thereof should accompany or be embodied in the petition; and where facts are to be proven, the proof in the form of affidavits (and exhibits, if any) must accompany the petition.

(c) When a petition is taken from an action or requirement of an examiner in the *ex parte* prosecution of an application, it may be required that there have been a proper request for reconsideration (rule 111) and a repeated action by the examiner. The examiner may be directed by the Commissioner to furnish a written statement, within a specified time, setting forth the reasons for his decision upon the matters averred in the petition, supplying a copy thereof to the petitioner.

(d) No fee is required for a petition to the Commissioner except in the case of a petition to revive an abandoned application (rule 137) or for the delayed payment of a final fee (rule 317).

(e) Oral hearings will not be granted except when considered necessary by the Commissioner.

(f) Except as otherwise provided in these rules, any such petition not filed within 60 days from the action complained of, may be dismissed as untimely. The mere filing of a petition will not stay the period for reply to an examiner's action which may be running against an application, nor act as a stay of other proceedings.

(g) Determination of petitions of various kinds may be delegated by the Commissioner to the Supervisory Examiners or to the Solicitor and Law Examiners.

Rule 183. Suspension of rules. In an extraordinary situation, when justice requires, any requirement of these rules which is not a requirement of the statutes may be suspended or waived by the Commissioner in person on petition of the interested party, subject to such other requirements as may be imposed.

Petitions on appealable matters ordinarily are not entertained. See section 1201.

The mere filing of a petition will not stay the period for replying to an Examiner's action which may be running against an application, nor act as a stay of other proceedings (Rule 181(f)). For example, if a petition to vacate a final rejection as premature is filed within sixty days from the date of the final rejection, the period for response to the final rejection is not extended even if the petition is not reached for decision within that period. However, if the petition is granted and the applicant has filed an otherwise full response to the rejection *within the period for response*, the case is not abandoned.

Rule 181(f) now provides that any petition under that rule which is not filed "within 60 days from the action complained of" may be dismissed as untimely. Often, the "action complained of", for example, a requirement for a new drawing, is included in the same letter as an action on the merits of the claims, the latter having a three months period for response. Under such circumstances, if applicant requests reconsideration, under Rule 111(b), of the requirement for a new drawing, the Examiner's action on this request, if adverse, establishes the beginning of the 60 day period for filing the petition. The petition must be filed within this period even though the period for response to the rejection of the claims may extend beyond the 60 day period.

1002.01 Procedure [R-21]

Petitions, together with the respective application files, are sent to the Office of the Commissioner or other official having the delegated authority to decide the petition. The petition may be referred to the Examiner for a formal statement under Rule 181(c) or for an informal memorandum.

Where a formal statement under Rule 181(c) is made, a copy thereof is mailed to the petitioner by the Examiner unless the latter is otherwise directed, and the file and petition, accompanied by the original copy of his statement, are returned to the official handling the petition. If an informal memorandum is requested, no copy thereof is mailed to the petitioner by the Examiner. After the decision has been rendered, the decision is entered on the "Contents" of the file wrapper which is then returned to the Primary Examiner, who will act in accordance with the decision.

The Group Director should also be consulted in situations such as the one spelled out in 1208.-01, where it must be decided whether to fully reopen the ex parte prosecution after appeal or to proceed by introducing a new ground of rejection in the Examiner's Answer. Such consultation would ordinarily be confined to questions of policy as to whether the best interests of the applicant as well as the Office would be served by reopening the prosecution or extending the term to reply to the Answer.

All unusual questions of practice may be referred to the Group Directors.
