**VA/DOD CLINICAL PRACTICE GUIDELINE (CPG) FOR
MANAGEMENT OF TRAUMATIC STRESS**

EES WEB-BASED TRAINING EDUCATIONAL ACTIVITY

February 1, 2007 – September 30, 2007

***To complete this
educational
activity:***

Participants must access the course from the National Center for Posttraumatic Stress Disorder web site at: <http://www.ncptsd.va.gov/ptsd101/index.html>

For continuing education credit for each module, you must (1) read the module's program brochure (2) complete the module, and (3) register on one of either sites:

VA EES on-line learning internal (Intranet) registration:

<https://vaww.ees.aac.va.gov/librix/loginhtml.asp>

Non-VA EES on-line learning external (Internet) registration:

<https://www.ees-learning.net/librix/loginhtml.asp>

On both sites, there is help for First Time Users or those who may have forgotten their password.

After logging on and registering, complete the post test and evaluation. If you receive a test score of no lower than 80%, you may print a certificate of completion. If necessary, you may retake the test.

Background:

The VA/DoD CPG for Management of Traumatic Stress represents an official VA and DoD-approved delineation of best practices for the assessment and treatment of posttraumatic stress disorder (PTSD). The guideline is a broad one, including sections on PTSD in primary care, management of acute stress reactions, management of combat and operational stress reactions, and management of PTSD in the specialty mental health sector.

Purpose:

This presentation orients the practitioner to the guideline, explains its structure and key recommendations, and suggests ways for VA mental health providers to achieve greater compliance with the guideline. This presentation will orient the provider to the VA/DoD CPG for Management of Traumatic Stress,

explain its structure and key recommendations, and suggest ways for VA mental health providers to achieve greater compliance with the guideline.

Outcome Objectives:

After viewing the presentation, the participant will be able to:

1. report the key elements of the VA/DoD CPT for Management of Traumatic Stress
2. utilize 3 concrete steps towards improving compliance with the CPG within VA mental health care.
3. implement one or more of the 4 “strongly recommended” psychotherapies for PTSD.

Target Audience:

Mental health leadership/clinicians, OIF/OEF outreach coordinators and clinical managers, psychiatrists, psychologists, social workers, nurses, primary care clinicians, and others involved in the provision of services, outreach/communication, or program planning for veteran populations (such as OIF/OEF) and others who have suffered traumatic stress.

Disclosure(s)

The VA Employee Education System (EES) must insure balance, independence, objectivity, and scientific rigor in all its individually sponsored or jointly EES sponsored educational activities. All prospective faculty & planning committee members participating in an EES activity must disclose any relevant financial interest or other relationship with: (a) the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in an educational presentation, and (b) any commercial supporters of the activity. Relevant financial interest or other relationship includes but is not limited to such things as personal receipt of grants or research support, employee or consultant status, stock holder, member of speakers bureau, within the prior 12 months. EES is responsible for collecting such information from prospective planners and faculty, evaluating the disclosed information to determine if a conflict of interest is present and, if a conflict of interest is present, to resolve such conflict. Information regarding such disclosures and the resolution of the conflicts for planners and faculty shall be provided to activity participants. When an unlabeled use of a commercial product or an investigational use not yet approved by the FDA for any purpose is discussed during an educational activity, EES shall require the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

Each faculty and planning committee member reported having no relevant * financial relationships with any commercial interest. This activity includes no discussion of uses of FDA regulated drugs or medical devices which are experimental or off-label.

*The ACCME defines “relevant financial relationships” as financial relationships in any amount occurring within the past 12 months that creates a conflict of interest.
