ORDER ANNOUNCING POLICY ON NON-COMPLIANCE WITH CONDITIONS OF MARKET-BASED RATE AUTHORITY, INSTITUTING SECTION 206 PROCEEDING AND ESTABLISHING REFUND EFFECTIVE DATE

(Issued May 31, 2005)

1. In this order, the Commission announces its policy with respect to entities that have failed to comply with the conditions under which the Commission granted them market-based rate authority, namely, the requirement to submit an updated or revised market power analysis. We direct the above-captioned market-based rate sellers, which have failed to comply with the requirement to submit an updated or revised market power analysis to file their updated or revised market analyses within 60 days from the issuance of this order or provide satisfactory support for why they should not be required to do so. For the protection of customers, we will establish a refund effective date pursuant to the provisions of section 206 of the Federal Power Act (FPA). This order notifies these market-based rate sellers that their market-based rate authorizations will be revoked, unless they comply with the Commission's requirements.

Discussion

Failure to Submit Updated Market Power Analyses

2. As a condition of receiving market-based rate authority, the Commission requires market-based rate sellers to submit an updated market power analysis every three years² to allow the Commission to evaluate the reasonableness of their charges and to provide for ongoing monitoring of their ability to exercise market power. In the absence of an

¹ 16 U.S.C. § 824e (2000).

² See, e.g., Western Resources, Inc., et al., 94 FERC ¶ 61,050 at 61,247 (2001); Entergy Services, Inc., 58 FERC ¶ 61,234 at 61,760 (1992); PSI Energy, Inc., 51 FERC ¶ 61,367 at 62,209 (1990).

updated market power analysis, the Commission cannot exercise its statutory duty to ensure that market-based rates are just and reasonable and that market-based rate sellers continue to lack the potential to exercise market power so that market forces are in fact determining the price. Accordingly, we hereby notify the public utilities identified in Appendix A of this order that their market-based rate authority will be revoked, unless they submit their updated market power analyses within 60 days of the issuance of this order or provide satisfactory support for why they should not be required to do so.

Failure to Submit Revised Market Power Analyses

3. On May 13, 2004, the Commission issued an order³ directing certain market-based rate sellers to revise the generation market power prong of their updated market power analyses pending before the Commission, consistent with the Commission's indicative generation market power screens.⁴ To date, our records indicate that the companies listed in Appendix B have not complied with the Commission's directive in the May 13 Order. Accordingly, we hereby notify the market-based rate sellers identified in Appendix B of this order that their market-based rate authority will be revoked, unless they submit their updated market analyses within 60 days of the issuance of this order.

Institution of Section 206 Proceeding in Docket No. EL05-111-000

4. In addition, we will institute a section 206 proceeding in Docket No. EL05-111-000 to determine whether the rates charged by the above-captioned market-based rate sellers remain just and reasonable.⁵ In cases where, as here, the Commission institutes a section 206 investigation on its own motion, section 206(b) requires that the Commission establish a refund effective date that is no earlier than 60 days after publication of notice of the initiation of the Commission's investigation in the *Federal Register*, and no later than five months subsequent to the expiration of the 60-day period. In order to give maximum protection to customers, and consistent with our precedent,⁶ we will establish a refund effective date at the earliest date allowed. This date will be

³ Acadia Power Partners, LLC, 107 FERC ¶ 61,168 (2004) (May 13 Order).

 $^{^4}$ AEP Power Marketing, Inc., 107 FERC ¶ 61,018 (2004), order on reh'g, 108 FERC ¶ 61,026 (2004).

⁵ When the Commission acts on the revised or updated market power analyses filed pursuant to this order, the Commission will assign a separate EL Docket No., in addition to the instant EL Docket No., for each market-based rate seller's filing to facilitate processing. However, the refund effective date established herein will apply in all such company-specific EL Dockets.

 $^{^6}$ See, e.g., Canal Electric Company, 46 FERC \P 61,153, reh'g denied, 47 FERC \P 61,275 (1989).

60 days from the date on which notice of the initiation of the investigation in Docket No. EL05-111-000 is published in the *Federal Register*.

- 5. In the event that any of the above-captioned market-based rate sellers have already filed an updated or revised market power analysis in compliance with the Commission's requirements and is not currently due to file, its inclusion herein is inadvertent. Any such market-based rate seller is directed, within 30 days of the date of issuance of this order, to identify itself and the docket number in which it last filed an updated market power analysis.
- 6. If any of the above-captioned market-based rate sellers does not wish to continue having market-based rate authority and does not foresee entering into any contracts to sell power at market-based rates, it may file a notice of cancellation with the Commission pursuant to section 205 of the FPA to cancel its market-based rate tariff and relieve it of its obligation to submit an updated market power analysis.

The Commission orders:

- (A) The market-based rate sellers listed in Appendices A and B are directed to file within 60 days of the date of this order, an updated or revised market power analysis, as discussed in the body of this order. If a market-based rate seller fails to make this filing, the Commission will revoke its authority to sell power at market-based rates and terminate its electric market-based rate tariff. Upon expiration of the filing deadline in this order, the Secretary shall promptly issue a notice, effective on the date of issuance, listing the market-based rate sellers whose tariffs have been terminated.
- (B) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by section 402(a) of the Department of Energy Organization Act and by the Federal Power Act, particularly section 206 thereof, and pursuant to the Commission's Rules of Practice and Procedure and the regulations under the Federal Power Act (18 C.F.R., Chapter I), the Commission hereby institutes a proceeding in Docket No. EL05-111-000 concerning the justness and reasonableness of the market-based rates of the above-captioned sellers, as discussed in the body of this order.
- (C) The Secretary shall promptly publish in the *Federal Register* a notice of the Commission's initiation of the proceeding under section 206 of the FPA in Docket No. EL05-111-000.

(D) The refund effective date established pursuant to section 206(b) of the FPA will be 60 days following publication in the *Federal Register* of the notice discussed in Ordering Paragraph (D) above.

By the Commission.

(SEAL)

Linda Mitry, Deputy Secretary.
