

**CONSOLIDATED STATE PERFORMANCE REPORT:
Parts I and II**

**for
STATE FORMULA GRANT PROGRAMS
under the
ELEMENTARY AND SECONDARY EDUCATION ACT
As amended by the
No Child Left Behind Act of 2001**

For reporting on
School Year 2006-07

RHODE ISLAND

**PART I DUE FRIDAY, DECEMBER 28, 2007
PART II DUE FRIDAY, FEBRUARY 22, 2008**

**U.S. DEPARTMENT OF EDUCATION
WASHINGTON, DC 20202**

INTRODUCTION

Sections 9302 and 9303 of the *Elementary and Secondary Education Act (ESEA)*, as amended by the *No Child Left Behind Act* of 2001 (*NCLB*) provide to States the option of applying for and reporting on multiple *ESEA* programs through a single consolidated application and report. Although a central, practical purpose of the Consolidated State Application and Report is to reduce "red tape" and burden on States, the Consolidated State Application and Report are also intended to have the important purpose of encouraging the integration of State, local, and *ESEA* programs in comprehensive planning and service delivery and enhancing the likelihood that the State will coordinate planning and service delivery across multiple State and local programs. The combined goal of all educational agencies—State, local, and Federal—is a more coherent, well-integrated educational plan that will result in improved teaching and learning.

The Consolidated State Application and Report includes the following *ESEA* programs:

- Title I, Part A – *Improving Basic Programs Operated by Local Educational Agencies*
- Title I, Part B, Subpart 3 – *William F. Goodling Even Start Family Literacy Programs*
- Title I, Part C – *Education of Migratory Children*
- Title I, Part D – *Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk*
- Title I, Part F – *Comprehensive School Reform*
- Title II, Part A – *Improving Teacher Quality State Grants (Teacher and Principal Training and Recruiting Fund)*
- Title II, Part D – *Enhancing Education through Technology*
- Title III, Part A – *English Language Acquisition, Language Enhancement, and Academic Achievement Act*
- Title IV, Part A, Subpart 1 – *Safe and Drug-Free Schools and Communities State Grants*
- Title IV, Part A, Subpart 2 – *Safe and Drug-Free Schools and Communities National Activities (Community Service Grant Program)*
- Title IV, Part B – *21st Century Community Learning Centers.*
- Title V, Part A – *Innovative Programs*
- Title VI, Section 6111 – *Grants for State Assessments and Related Activities*
- Title VI, Part B – *Rural Education Achievement Program*
- Title X, Part C – *Education for Homeless Children and Youths*

The *NCLB* Consolidated State Performance Report (CSPR) for school year (SY) 2006-07 consists of two information collections.

PART I

Part I of the CSPR requests information related to the five *ESEA* Goals, established in the June 2002 Consolidated State Application, and information required for the Annual State Report to the Secretary, as described in Section 1111(h)(4) of the *ESEA*. The five *ESEA* Goals established in the June 2002 Consolidated State Application are:

- **Performance Goal 1:** By SY 2013-14, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 2:** All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
- **Performance Goal 3:** By SY 2005-06, all students will be taught by highly qualified teachers.
- **Performance Goal 4:** All students will be educated in learning environments that are safe, drug free, and conducive to learning.
- **Performance Goal 5:** All students will graduate from high school.

Starting with SY 2005-06, collection of data for the Education of Homeless Children and Youths was added to Part I in order to provide timely data for the program's performance measures. This change allowed ED to retire OMB collection 1810-0650. For SY 2006-07, Migrant Education Program child count information that is used for funding purposes is now collected via Part I. This change allowed ED to retire OMB collection 1810-0519

PART II

Part II of the CSPR consists of information related to State activities and outcomes of specific *ESEA* programs. While the information requested varies from program to program, the specific information requested for this report meets the following criteria:

1. The information is needed for Department program performance plans or for other program needs.
2. The information is not available from another source, including program evaluations.
3. The information will provide valid evidence of program outcomes or results.
4. The CSPR is the best vehicle for collection of the data.

GENERAL INSTRUCTIONS AND TIMELINES

All States that received funding on the basis of the Consolidated State Application for the SY 2006-07 must respond to this Consolidated State Performance Report (CSPR). Part I of the Report is due to the Department by **Friday, December 28, 2007**. Part II of the Report is due to the Department by **Friday, February 22, 2008**. Both Part I and Part II should reflect data from the SY 2006-07, unless otherwise noted.

The format states will use to submit the Consolidated State Performance Report has changed to an online submission starting with SY 2004-05. This online submission system is being developed through the Education Data Exchange Network (EDEN) and will make the submission process less burdensome. Please see the following section on transmittal instructions for more information on how to submit this year's Consolidated State Performance Report.

TRANSMITTAL INSTRUCTIONS

The Consolidated State Performance Report (CSPR) data will be collected online from the SEAs, using the EDEN web site. The EDEN web site will be modified to include a separate area (sub-domain) for CSPR data entry. This area will utilize EDEN formatting to the extent possible and the data will be entered in the order of the current CSPR forms. The data entry screens will include or provide access to all instructions and notes on the current CSPR forms; additionally, an effort will be made to design the screens to balance efficient data collection and reduction of visual clutter.

Initially, a state user will log onto EDEN and be provided with an option that takes him or her to the "SY 2006-07 CSPR". The main CSPR screen will allow the user to select the section of the CSPR that he or she needs to either view or enter data. After selecting a section of the CSPR, the user will be presented with a screen or set of screens where the user can input the data for that section of the CSPR. A user can only select one section of the CSPR at a time. After a state has included all available data in the designated sections of a particular CSPR Part, a lead state user will certify that Part and transmit it to the Department. Once a Part has been transmitted, ED will have access to the data. States may still make changes or additions to the transmitted data, by creating an updated version of the CSPR. Detailed instructions for transmitting the SY 2006-07 CSPR will be found on the main CSPR page of the EDEN web site (<https://EDEN.ED.GOV/EDENPortal/>).

According to the Paperwork Reduction Act of 1965, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0614. The time required to complete this information collection is estimated to average 111 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimates(s) contact School Support and Technology Programs, 400 Maryland Avenue, SW, Washington DC 20202-6140. Questions about the new electronic CSPR submission process, should be directed to the EDEN Partner Support Center at 1-877-HLP-EDEN (1-877-457-3336).

		OMB Number: 1810-0614

**CONSOLIDATED STATE PERFORMANCE REPORT:
PART I**

For reporting on
School Year 2006-07

PART I DUE DECEMBER 28, 2007

1.1 STANDARDS AND ASSESSMENT DEVELOPMENT

This section requests descriptions of the State's implementation of the *NCLB* academic content standards, academic achievement standards and assessments to meet the requirements of Section 1111(b)(1) of *ESEA*.

1.1.1 Academic Content Standards

In the space below, provide a description and timeline of any actions the State has taken or is planning to take to make revisions to or change the State's academic content standards in mathematics, reading/language arts or science. Indicate specifically in what year your state expects the changes to be implemented.

If the State has not made or is not planning to make revisions or changes, respond "No revisions or changes to content standards taken or planned."

The response is limited to 8,000 characters.

During the 2006-2007 year the state has made minor edits to the existing grade level expectations (GLEs) and grade span expectations (GSEs) in reading written and oral communication and mathematics. These revised GLEs and GSEs were posted on the Department's web site. The state has also edited GSEs in technology and engineering and is ready to disseminate the science engineering and technology GSEs winter/spring 2008. These GSEs will also be posted on the Department's web site.

Source – Manual input by the SEA using the online collection tool.

Note: Mathematics and Reading/Language Arts has been added to this data collection for the SY 2006-07 CSPR.

1.1.2 Assessments in Mathematics and Reading/Language Arts

In the space below, provide a description and timeline of any actions the State has taken or is planning to take to make revisions to or change the State's assessments in mathematics or reading/language arts required under Section 1111(b)(3) of *ESEA*. As applicable, include any assessment (e.g., alternate assessments based on alternate achievement standards, alternate assessments based on modified achievement standards, native language assessments, or others) implemented to meet the assessment requirements under Section 1111(b)(3) of *ESEA*. Indicate specifically in what year your state expects the changes to be implemented.

If the State has not made or is not planning to make revisions or changes, respond "No revisions or changes to assessments made or planned."

The response is limited to 8,000 characters.

The state introduced the NECAP tests in reading writing and mathematics to students at grade 11.

Source – Manual input by the SEA using the online collection tool.

Note: The subject of science has been removed from this data element.

1.1.3 Academic Achievement Standards in Mathematics and Reading/Language Arts

In the space below, provide a description and timeline of any actions the State has taken or is planning to take to make revisions to or change the State's academic achievement standards in mathematics or reading/language arts implemented to meet the requirements under Section 1111(b)(3) of *ESEA*. As applicable, include alternate achievement standards for students with significant cognitive disabilities and modified academic achievement standards implemented to meet the requirements of Section 1111(b)(3) of *ESEA*. Indicate specifically in what year your state expects the changes to be implemented.

If the State has not made or is not planning to make revisions or changes, respond "No revisions or changes to content standards taken or planned."

The response is limited to 8,000 characters.

The state's achievement standards for the New England Common Assessment Program (NECAP) at grade 11 will be set in January 2008 following the methodology used for grades 3-8.
--

Source – Manual input by the SEA using the online collection tool.

Note: The subject of science has been removed from this data element.

1.1.4 Assessments in Science

In the space below, provide a description of the State's progress in developing and implementing assessments in science that meet the requirements of Section 1111(b)(3) of ESEA in the required grade levels, including remaining major milestones (e.g., field testing) and a timeline for them. As applicable, include any assessment (e.g., alternate assessments based on alternate achievement standards, alternate assessments based on modified achievement standards, native language assessments, or others) implemented to meet the assessment requirements under Section 1111(b)(3) of *ESEA*.

The response is limited to 8,000 characters.

A NECAP test in science will be administered for the first time to students in grades 4 8 and 11 in May of 2008. An alternate assessment in science is underway for students in grades 4 8 and 11 through a year long collection of evidence in a datafolio. All field testing for the NECAP and the Alternate Assessment were conducted in the 2006-2007 school year with the exception of the embedded inquiry task for the NECAP science assessment. That was field tested in November of 2007 and will be ready for use in May of 2008.

Source – Manual input by the SEA using the online collection tool.

Note: This table was formerly part of Section 1.1.2 of the SY 2005-06 CSPR.

1.1.5 Academic Achievement Standards in Science

In the space below, provide a description of the State's progress in developing and implementing academic achievement standards in science that meet the requirements of Section 1111(b)(3) in the required grade levels, including remaining major milestones and a timeline for them. As applicable, include alternate achievement standards for students with significant cognitive disabilities implemented to meet the requirements of Section 1111(b)(3) of *ESEA*.

The response is limited to 8,000 characters.

As part of the New England Common Assessment Program (NECAP) academic achievement standards in science will be developed in August 2008 in collaboration with New Hampshire and Vermont. The alternative achievement standards will also be developed in 2008.
--

Source – Manual input by the SEA using the online collection tool.

Note: This table was formerly part of Section 1.1.3 of the SY 2005-06 CSPR.

1.2 PARTICIPATION IN STATE ASSESSMENTS

This section collects data on the participation of students in the State *NCLB* assessments.

1.2.1 Participation of All Students in Mathematics Assessment

In the table below, provide the number of students enrolled during the State's testing window for *NCLB* mathematics assessments required under Section 1111(b)(3) of ESEA (regardless of whether the students were present for a full academic year) and the number of students who were tested in mathematics. The percentage of students who were tested for mathematics will be calculated automatically.

The student group "children with disabilities (*IDEA*)" includes children who were tested using regular assessments with or without accommodations and alternate assessments.

The student group "limited English proficient students (LEP)" includes recently arrived students who have attended schools in the United States for fewer than 12 months; and it does not include former LEP students.

Student Group	# Students Enrolled	# Students Tested	Percent of Students Tested
All students	81030	80058	98.8
American Indian or Alaska Native	514	503	97.9
Asian or Pacific Islander	2490	2463	98.9
Black, non-Hispanic	7049	6923	98.2
Hispanic	14491	14223	98.2
White, non-Hispanic	56328	55887	99.2
Children with disabilities (<i>IDEA</i>)	15009	14629	97.5
Limited English proficient (LEP) students	4070	3977	97.7
Economically disadvantaged students	28915	28522	98.6
Migratory students			
Male	41799	41278	98.8
Female	39137	38780	99.1
Comments: At Grade 11, the Mathematics proficiency level is determined from three subtests. It is possible to be proficient in Math skills and not be proficient in Math problem solving. This leads to fractional proficiency levels and sum of these rounded up to whole numbers may not equal the number of students who actually took the test.			
Please note that there are no students in our migrant census; this cell is therefore blank. A "0" cannot be entered because the fields were prepopulated by EDEN.			

Source – The table above is produced through EDFacts. The SEA submits the data in file N/X081 that includes data group 588, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online collection tool.

Note: This table was formerly Section 1.2.1.1 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the total number of students enrolled has been added to this data collection.

1.2.2 Participation of Students with Disabilities in Mathematics Assessment

In the table below, provide the number of children with disabilities (IDEA) tested during the State's testing window for mathematics assessments required under Section 1111(b)(3) of ESEA (regardless of whether the children were present for a full academic year) by the type of assessment. The percentage of children with disabilities (IDEA) who were tested in mathematics for each type of assessment will be calculated automatically. The total number of children with disabilities (IDEA) tested will also be calculated automatically.

The data provided below should include mathematics participation results from all students with disabilities as defined under the Individuals with Disabilities Education Act. Do not include results from students covered under Section 504 of the Rehabilitation Act of 1973.

Type of Assessment	# Children with Disabilities (IDEA) Tested	Percentage of Children with Disabilities (IDEA) Tested, Who Took the Specified Assessment
Regular Assessment without Accommodations	5530	38.0
Regular Assessment with Accommodations	8509	58.5
Alternate Assessment Based on Grade-Level Achievement Standards	495	3.4
Alternate Assessment Based on Modified Achievement Standards	0	0.0
Alternate Assessment Based on Alternate Achievement Standards	0	0.0
Total	14534	
Comments: At Grade 11, the Mathematics proficiency level is determined from three subtests. It is possible to be proficient in Math skills and not be proficient in Math problem solving. This leads to fractional proficiency levels and sum of these rounded up to whole numbers may not equal the number of students who actually took the test.		

Source – Manual input by the SEA using the online collection tool.

Note: This table was formerly Section 1.2.2.1 of the SY 2005-06 CSPR.

1.2.3 Participation of All Students in the Reading/Language Arts Assessment

This section is similar to 1.2.1 and collects data on the State's *NCLB* reading/language arts assessment.

Student Group	# Students Enrolled	# Students Tested	Percent of Students Tested
All students	70014	68693	98.1
American Indian or Alaska Native	447	437	97.8
Asian or Pacific Islander	2157	2093	97.0
Black, non-Hispanic	6114	5944	97.2
Hispanic	12796	12190	95.3
White, non-Hispanic	48400	48023	99.2
Children with disabilities (<i>IDEA</i>)	13296	12951	97.4
Limited English proficient (LEP) students	3671	3101	84.5
Economically disadvantaged students	25794	25097	97.3
Migratory students			
Male	36292	35570	98.0
Female	33629	33123	98.5

Comments: Grade 11 Assessment was in English Language Arts. Since this chart has been pre-populated from EDEN, and EDEN can only take Reading or English Language Arts, the figures in this chart do not include Grade 11 assesemnts. Only Reading in grades 03-08 are included in here. PLEASE NOTE THAT DATA REPORTED IN THIS SECTION DOES NOT EQUAL THE SUM OF THE DATA IN SECTION 1.3 BECAUSE THIS 1.2 REPORT DOES NOT INCLUDE DATA FROM GRADE 11.

Source – The same file specification as 1.2.1 is used, but with data group 589 instead of 588.

Note: This table was formerly Section 1.2.1.2 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the total number of students enrolled has been added to this data collection.

1.2.4 Participation of Students with Disabilities in Reading/Language Arts Assessment

This section is similar to 1.2.2 and collects data on the State's *NCLB* reading/language arts assessment.

The data provided should include reading/language arts participation results from all students with disabilities as defined under the Individuals with Disabilities Education Act and do not include results from students covered under Section 504 of the Rehabilitation Act of 1973.

Type of Assessment	# Children with Disabilities (IDEA) Tested	Percentage of Children with Disabilities (IDEA) Tested, Who Took the Specified Assessment
Regular Assessment without Accommodations	5598	38.2
Regular Assessment with Accommodations	8554	58.4
Alternate Assessment Based on Grade-Level Achievement Standards	493	3.4
Alternate Assessment Based on Modified Achievement Standards	0	0.0
Alternate Assessment Based on Alternate Achievement Standards	0	0.0
Total	14645	
Comments: Grade 11 Assessment was in English Language Arts. These numbers included Reading Assessment in Grades 03-08 in addition to the English Language Arts in Grade 11.		

Source – Manual input by the SEA using the online collection tool.

Note: This table was formerly Section 1.2.2.2 of the SY 2005-06 CSPR.

1.3 STUDENT ACADEMIC ACHIEVEMENT

This section collects data on student academic achievement on the State *NCLB* assessments.

1.3.1 Student Academic Achievement in Mathematics

In the format of the table below, provide the number of students who completed the State *NCLB* assessment(s) in mathematics implemented to meet the requirements of Section 1111(b)(3) of ESEA (regardless of whether the students were present for a full academic year) and for whom a proficiency level was assigned, and the number of these students who scored at or above proficient, in grades 3 through 8 and high school. The percentage of students who scored at or above proficient is calculated automatically.

The student group "children with disabilities (*IDEA*)" includes children who were tested using regular assessments with or without accommodations and alternate assessments.

The student group "limited English proficient students (LEP)" does not include recently arrived students who have attended schools in the United States for fewer than 12 months; and does not include monitored former LEP (MFLEP) students.

1.3.2 Student Academic Achievement in Reading/Language Arts

This section is similar to 1.3.1. The only difference is that this section collects data on the State's *NCLB* reading/language arts assessment.

1.3.1 Student Academic Achievement in Mathematics - Grade 3

Grade 3	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	11083	6189	55.8
American Indian or Alaska Native	79	28	35.4
Asian or Pacific Islander	329	187	56.8
Black, non-Hispanic	973	356	36.6
Hispanic	2190	737	33.7
White, non-Hispanic	7503	4879	65.0
Children with disabilities (<i>IDEA</i>)	1851	568	30.7
Limited English proficient (LEP) students	839	164	19.5
Economically disadvantaged students	4459	1736	38.9
Migratory students	0	0	0.0
Male	5710	3277	57.4
Female	5365	2910	54.2
Comments: We have no data on migratory students and the cells should be blank. The rest of the data have been verified.			

Source – Initially prepopulated by ED Facts in file N/X075 that is data group 583, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.2 Student Academic Achievement in Reading/Language Arts - Grade 3

Grade 3	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	11028	7137	64.7
American Indian or Alaska Native	79	35	44.3
Asian or Pacific Islander	325	220	67.7
Black, non-Hispanic	960	472	49.2
Hispanic	2152	888	41.3
White, non-Hispanic	7504	5519	73.5
Children with disabilities (<i>IDEA</i>)	1849	614	33.2
Limited English proficient (LEP) students	786	163	20.7
Economically disadvantaged students	4423	2164	48.9
Migratory students	0	0	0.0
Male	5678	3402	59.9
Female	5343	3732	69.8
Comments: We have no data on migratory students and the cells should be blank. The rest of the data have been verified.			

Source – Initially prepopulated by ED Facts in file N/X076, N/X077, or N/X078 that are data group 584, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.3 Student Academic Achievement in Mathematics - Grade 4

Grade 4	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	11090	5971	53.8
American Indian or Alaska Native	81	30	37.0
Asian or Pacific Islander	363	223	61.4
Black, non-Hispanic	959	290	30.2
Hispanic	2060	669	32.5
White, non-Hispanic	7616	4755	62.4
Children with disabilities (<i>IDEA</i>)	2104	611	29.0
Limited English proficient (LEP) students	760	138	18.2
Economically disadvantaged students	4407	1601	36.3
Migratory students	0	0	0.0
Male	5727	3157	55.1
Female	5352	2810	52.5

Comments: We have no data on migratory students and the cells should be blank. The rest of the data have been verified.

Source – Initially prepopulated by ED*Facts* in file N/X075 that is data group 583, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.4 Student Academic Achievement in Reading/Language Arts - Grade 4

Grade 4	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	10995	6926	63.0
American Indian or Alaska Native	80	42	52.5
Asian or Pacific Islander	354	246	69.5
Black, non-Hispanic	944	415	44.0
Hispanic	2001	757	37.8
White, non-Hispanic	7605	5462	71.8
Children with disabilities (<i>IDEA</i>)	2103	636	30.2
Limited English proficient (LEP) students	667	91	13.6
Economically disadvantaged students	4330	1951	45.1
Migratory students	0	0	0.0
Male	5682	3257	57.3
Female	5302	3665	69.1

Comments: We have no data on migratory students and the cells should be blank. The rest of the data have been verified.

Source – Initially prepopulated by ED*Facts* in file N/X076, N/X077, or N/X078 that are data group 584, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.5 Student Academic Achievement in Mathematics - Grade 5

Grade 5	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	11272	6434	57.1
American Indian or Alaska Native	51	22	43.1
Asian or Pacific Islander	338	212	62.7
Black, non-Hispanic	952	314	33.0
Hispanic	1986	749	37.7
White, non-Hispanic	7927	5127	64.7
Children with disabilities (<i>IDEA</i>)	2162	534	24.7
Limited English proficient (LEP) students	610	108	17.7
Economically disadvantaged students	4298	1739	40.5
Migratory students	0	0	0.0
Male	5851	3356	57.4
Female	5406	3069	56.8

Comments: We have no data on migratory students and the cells should be blank. The rest of the data have been verified.

Source – Initially prepopulated by ED*Facts* in file N/X075 that is data group 583, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.6 Student Academic Achievement in Reading/Language Arts - Grade 5

Grade 5	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	11201	7246	64.7
American Indian or Alaska Native	51	29	56.9
Asian or Pacific Islander	335	221	66.0
Black, non-Hispanic	945	380	40.2
Hispanic	1927	783	40.6
White, non-Hispanic	7926	5823	73.5
Children with disabilities (<i>IDEA</i>)	2158	600	27.8
Limited English proficient (LEP) students	542	91	16.8
Economically disadvantaged students	4237	1974	46.6
Migratory students	0	0	0.0
Male	5811	3576	61.5
Female	5375	3661	68.1

Comments: We have no data on migratory students and the cells should be blank. The rest of the data have been verified.

Source – Initially prepopulated by ED*Facts* in file N/X076, N/X077, or N/X078 that are data group 584, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.7 Student Academic Achievement in Mathematics - Grade 6

Grade 6	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	11521	6204	53.8
American Indian or Alaska Native	72	21	29.2
Asian or Pacific Islander	339	220	64.9
Black, non-Hispanic	995	285	28.6
Hispanic	2010	612	30.4
White, non-Hispanic	8096	5063	62.5
Children with disabilities (<i>IDEA</i>)	2258	454	20.1
Limited English proficient (LEP) students	482	75	15.6
Economically disadvantaged students	4163	1502	36.1
Migratory students	0	0	0.0
Male	5966	3234	54.2
Female	5546	2967	53.5

Comments: We have no data on migratory students and the cells should be blank. The rest of the data have been verified.

Source – Initially prepopulated by ED*Facts* in file N/X075 that is data group 583, category sets A, B, C, D, E, and F. Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.3.14 Student Academic Achievement in Reading/Language Arts - High School

High School	# Students Who Completed the Assessment and for Whom a Proficiency Level Was Assigned	# Students Scoring at or Above Proficient	Percentage of Students Scoring at or Above Proficient
All students	10778	5891	54.7
American Indian or Alaska Native	67	22	32.8
Asian or Pacific Islander	326	186	57.1
Black, non-Hispanic	907	343	37.8
Hispanic	1622	552	34.0
White, non-Hispanic	7808	4776	61.2
Children with disabilities (<i>IDEA</i>)	1637	369	22.5
Limited English proficient (LEP) students	349	44	12.6
Economically disadvantaged students	3002	1124	37.4
Migratory students	0	0	0.0
Male	5373	2579	48.0
Female	5402	3310	61.3
Comments: We have no data on migratory students and the cells should be blank. The rest of the data have been verified and updated.			

Source – Initially prepopulated by *EDFacts* in file N/X076, N/X077, or N/X078 that are data group 584, category sets A, B, C, D, E, and F. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

Note: The addition of the total number of students with an assigned proficiency level is a new data collection for the SY 2006-07 CSPR.

1.4 SCHOOL AND DISTRICT ACCOUNTABILITY

This section collects data on the Adequate Yearly Progress (AYP) status of schools and districts.

1.4.1 All Schools and Districts Accountability

In the table below, provide the total number of public elementary and secondary schools and districts in the State and the total number of those schools and districts that made AYP based on data for the SY 2006-07 school year. The percentage that made AYP will be calculated automatically.

Entity	Total #	# That Made AYP in SY 2006-07	Percentage That Made AYP in SY 2006-07
Schools	309	244	79.0
Districts	36	24	66.7
Comments:			

Source – The table above is produced through *EDFacts*. The SEA submits the data in N/X103 for data group 32.

1.4.2 Title I School Accountability

In the table below, provide the total number of public Title I schools by type and the total number of those schools that made AYP based on data for the SY 2006-07 school year. Include only public Title I schools. Do not include Title I programs operated by local educational agencies in private schools. The percentage that made AYP will be calculated automatically.

Title I School	# Title I Schools	# Title I Schools That Made AYP in SY 2006-07	Percentage of Title I Schools That Made AYP in SY 2006-07
All Title I schools	143	111	77.6
Schoolwide (SWP) Title I schools	69	43	62.3
Targeted assistance (TAS) Title I schools	74	68	91.9
Comments: The # of Title I Schools that made AYP in SY 2006-07 is correct at 111. You will note that we had significant improvement in elementary and middle schools in SY 2006-07. You will also note that the percentage of Title I Schools that Made AYP in SY 2006-07 is very close to the Percentage of all schools that made AYP in SY 2006-07.			

Source – The table above is produced through *EDFacts*. The SEA submits the data in N/X101 for data group 22 and N/X103 for data group 32.

Note: New for the SY 2006-07 CSPR is the data collection requirement to report for public schools and to include data for schoolwide (SWP) and targeted assistance (TAS) Title I Schools.

1.4.3 Accountability of Districts That Received Title I Funds

In the table below, provide the total number of districts that received Title I funds and the total number of those districts that made AYP based on data for SY 2006-07. The percentage that made AYP will be calculated automatically.

# Districts That Received Title I Funds	# Districts That Received Title I Funds and Made AYP in SY 2006-07	Percentage of Districts That Received Title I Funds and Made AYP in SY 2006-07
35	23	65.7
Comments:		

Source – Initially, pre-populated by *EDFacts* file N/X103 that is data group 32 and 582. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly part of Section 1.4.2 of the SY 2005-06 CSPR.

1.4.4 Title I Schools Identified for Improvement

1.4.4.1 List of Title I Schools Identified for Improvement

In the following table, provide a list of Title I schools identified for improvement, corrective action, or restructuring under Section 1116 for the SY 2007-08 based on the data from SY 2006-07. For each school on the list, provide the following:

- District Name and NCES ID Code
- School Name and NCES ID Code
- Whether the school missed the proficiency target in reading/language arts as outlined in the State's Accountability Plan
- Whether the school met the participation rate target for the reading/language arts assessment
- Whether the school missed the proficiency target in mathematics as outlined in the State's Accountability Plan
- Whether the school met the participation rate target for the mathematics assessment
- Whether the school missed the other academic indicator for elementary/middle schools (if applicable) as outlined in the State's Accountability Plan
- Whether the school missed the graduation rate for high schools (if applicable) as outlined in the State's Accountability Plan
- Improvement status for SY 2007-08 (Use one of the following improvement status designations: School Improvement – Year 1, School Improvement – Year 2, Corrective Action, Restructuring Year 1 (planning), or Restructuring Year 2 (implementing))¹
- Whether the school is a Title I school (This column is optional and is used only by States that choose to list all schools in improvement.)

See attached for blank template that can be used to enter School Data.

Download template: [Question 1.4.4.1_0607.xls](#) ([Get MS Excel Viewer](#))

Source – Manual entry by SEA into the online collection tool.

Note: Identification as Title I school is a new data collection for the SY 2006-07 CSPR.

¹ The school improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be found on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.

1.4.4.2 Actions Taken for Title I Schools Identified for Improvement

In the space below, describe the measures being taken to address the achievement problems of schools identified for improvement, corrective action, and restructuring. Include a discussion of the technical assistance provided by and supported by the State, including a description of the statewide systems of support under *NCLB* (e.g., the number of schools served, the nature and duration of assistance provided, etc.).

The response is limited to 8,000 characters.

Title I schools identified for Improvement in Districts identified for improvements and corrective action are required to work with RIDE to develop and implement a District Negotiated Agreement that outlines district and state roles and responsibilities and a district corrective action plan and school-focused action plans. The allocation of state and federal resources is tied to the District Negotiated Agreement. Quarterly district face to face meetings with the RI Department of Education are held to assess progress and troubleshoot barriers to implementation. In addition, an annual Commissioner's Visit is scheduled to determine the district's/school's progress in implementing its corrective action plans.

The Office of Progressive Support and Intervention is focused on the ongoing building of its system of response to identified schools and districts. This system includes the development and implementation of the following mechanisms: (1) formal management letters to districts announcing the "corrective action" status of their schools and/or district were sent; (2) a District Negotiated Agreement model in all PSI districts (Central Falls, Pawtucket, Providence, South Kingstown, West Warwick, and Woonsocket) was developed and implemented; (3) partnerships with support providers (Educational Development Center, The Education Alliance, Annenberg Institute for School Reform, and individual contractors) were built; (4) each PSI district's proposed expenditures and actual use of both federal and state aide allocations systematically were reviewed, this includes Title I School Improvement Funds; (5) each district's Article 31 5% Set-Aside funds to be used to support the implementation of the district negotiated agreement were reallocated; (6) regular (monthly or quarterly) face-to-face meetings with the commissioner, his staff, superintendent, his/her staff, and district stakeholders (school committee, union, etc.) were held; (7) SALT Visits, Commissioner Visits, and Commissioner Focused Walks to track progress of district/school improvement plans were integrated; (8) a superintendents' support network (ALDS - Advanced Leadership Development Series) for both PSI and non-PSI superintendents was developed; and (9) a District Corrective Action Plan development and approval process was implemented.

In 2005-2006 RIDE designated four urban districts in need of improvement for failure to meet all their performance targets. In 2006-2007 that number grew to six districts which included one suburban and one urban ring district. RIDE anticipates that additional districts will be added in 2007-2008 that will require more of RIDE's capacity and funding to respond in a timely and effective manner. In addition, the district/school classification triggers, which are currently AYP - State Assessments and SALT Visits, will most likely include other triggers such as the ELL Access Test, PBGR, and School Support Visits.

In the 2007-2008 school year PSI will focus on the monitoring and evaluation of RIDE's newly constructed system of intervention. The Office of Progressive Support and Intervention will organize itself so that each PSI district will be matched with a RIDE PSI Designated Director and a PSI District Coordinator. Each director and coordinator will have oversight responsibilities for that individual district that include such functions as: communication; planning; support provision and/or coordination (within and outside of RIDE); problem-solving; monitoring and tracking; and reporting and evaluation. In addition, common protocols will be institutionalized for: the use of district data; the development of a district negotiated agreement; the hosting of face-to-face meetings; the tracking and monitoring of district school expenditures; and the tracking and reporting of district/school performance.

Source – Manual entry by SEA into the online collection tool.

Note: The inclusion of the discussion of technical assistance provided by and supported by the State is a new data collection for the SY 2006-07 CSPR.

1.4.4.3 Corrective Action

In the table below, for schools in corrective action, provide the number of schools for which the listed corrective actions under *NCLB* are being implemented.

Corrective Action	# of Schools in Corrective Action in Which the Corrective Action Is Being Implemented
Required implementation of a new research-based curriculum or instructional program	14
Extension of the school year or school day	0
Replacement of staff members relevant to the school's low performance	0
Significant decrease in management authority at the school level	0
Replacement of the principal	0
Restructuring the internal organization of the school	0
Appointment of an outside expert to advise the school	6
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.4.4 Restructuring – Year 2

In the table below, for schools in restructuring – year 2 (implementation year), provide the number of schools for which the listed restructuring actions under *NCLB* are being implemented.

Restructuring Action	# of Schools in Restructuring in Which Restructuring Action Is Being Implemented
Replacement of all or most of the school staff (which may include the principal)	2
Reopening the school as a public charter school	0
Entering into a contract with a private entity to operate the school	0
Take over the school by the State	0
Other major restructuring of the school governance	10
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.5 Districts That Received Title I Funds Identified for Improvement

1.4.5.1 List of Districts That Received Title I Funds and Were Identified for Improvement

In the following table, provide a list of districts that received Title I funds and were identified for improvement or corrective action under Section 1116 for the SY 2007-08 based on the data from SY 2006-07. For each district on the list, provide the following:

- District Name and NCES ID Code
- Whether the district missed the proficiency target in reading/language arts as outlined in the State's Accountability Plan
- Whether the district met the participation rate target for the reading/language arts assessment
- Whether the district missed the proficiency target in mathematics as outlined in the State's Accountability Plan
- Whether the school met the participation rate target for the mathematics assessment
- Whether the district met the other academic indicator for elementary/middle schools (if applicable) as outlined in the State's Accountability Plan
- Whether the district met the graduation rate for high schools (if applicable) as outlined in the State's Accountability Plan
- Improvement status for SY 2007-08 (Use one of the following improvement status designations: Improvement or Corrective Action²)
- Whether the district is a district that received Title I funds (This column is optional and is used only by States that choose to list all districts in improvement.)

See attached for blank template that can be used to enter School Data.

Download template: [Question 1.4.5.1_0607.xls](#) ([Get MS Excel Viewer](#))

Source – Manual entry by SEA into the online collection tool.

Note: Identification of a district as receiving Title I funds is a new data collection for the SY 2006-07 CSPR.

² The district improvement statuses are defined in *LEA and School Improvement Non-Regulatory Guidance*. This document may be found on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/schoolimprovementguid.doc>.

1.4.5.2 Actions Taken for Districts That Received Title I Funds Identified for Improvement

In the space below, describe the measures being taken to address the achievement problems of districts identified for improvement or corrective action. Include a discussion of the technical assistance provided by the State (e.g., the number of districts served, the nature and duration of assistance provided, etc.).

The response is limited to 8,000 characters.

Districts identified for improvements and corrective action that receive Title I Funds are required to work with RIDE to develop and implement a District Negotiated Agreement that outlines district and state roles and responsibilities and a district corrective action plan and school-focused action plans. The allocation of state and federal resources is tied to the District Negotiated Agreement. Quarterly district face to face meetings with the RI Department of Education are held to assess progress and troubleshoot barriers to implementation. In addition, an annual Commissioner's Visit is scheduled to determine the district's/school's progress in implementing its corrective action plans.

The Office of Progressive Support and Intervention is focused on the ongoing building of its system of response to identified schools and districts. This system includes the development and implementation of the following mechanisms: (1) formal management letters to districts announcing the "corrective action" status of their schools and/or district were sent; (2) a District Negotiated Agreement model in all PSI districts (Central Falls, Pawtucket, Providence, South Kingstown, West Warwick, and Woonsocket) was developed and implemented; (3) partnerships with support providers (Educational Development Center, The Education Alliance, Annenberg Institute for School Reform, and individual contractors) were built; (4) each PSI district's proposed expenditures and actual use of both federal and state aide allocations systematically were reviewed, this includes Title I School Improvement Funds; (5) each district's Article 31 5% Set-Aside funds to be used to support the implementation of the district negotiated agreement were reallocated; (6) regular (monthly or quarterly) face-to-face meetings with the commissioner, his staff, superintendent, his/her staff, and district stakeholders (school committee, union, etc.) were held; (7) SALT Visits, Commissioner Visits, and Commissioner Focused Walks to track progress of district/school improvement plans were integrated; (8) a superintendents' support network (ALDS - Advanced Leadership Development Series) for both PSI and non-PSI superintendents was developed; and (9) a District Corrective Action Plan development and approval process was implemented.

In 2005-2006 RIDE designated four urban districts in need of improvement for failure to meet all their performance targets. In 2006-2007 that number grew to six districts which included one suburban and one urban ring district. RIDE anticipates that additional districts will be added in 2007-2008 that will require more of RIDE's capacity and funding to respond in a timely and effective manner. In addition, the district/school classification triggers, which are currently AYP - State Assessments and SALT Visits, will most likely include other triggers such as the ELL Access Test, PBGR, and School Support Visits.

In the 2007-2008 school year PSI will focus on the monitoring and evaluation of RIDE's newly constructed system of intervention. The Office of Progressive Support and Intervention will organize itself so that each PSI district will be matched with a RIDE PSI Designated Director and a PSI District Coordinator. Each director and coordinator will have oversight responsibilities for that individual district that include such functions as: communication; planning; support provision and/or coordination (within and outside of RIDE); problem-solving; monitoring and tracking; and reporting and evaluation. In addition, common protocols will be institutionalized for: the use of district data; the development of a district negotiated agreement; the hosting of face-to-face meetings; the tracking and monitoring of district school expenditures; and the tracking and reporting of district/school performance.

Note: The inclusion of the discussion of technical assistance provided by the State is a new data collection for the SY 2006-07 CSPR.

1.4.5.3 Corrective Action

In the table below, for districts in corrective action, provide the number of districts in corrective action in which the listed corrective actions under *NCLB* are being implemented.

Corrective Action	# of Districts in Corrective Action in Which Corrective Action Is Being Implemented
Implementing a new curriculum based on State standards	14
Authorized students to transfer from district schools to higher performing schools in a neighboring district	10
Deferred programmatic funds or reduced administrative funds	14
Replaced district personnel who are relevant to the failure to make AYP	6
Removed one or more schools from the jurisdiction of the district	0
Appointed a receiver or trustee to administer the affairs of the district	0
Restructured the district	0
Abolished the district (list the number of districts abolished between the SYs 2005-06 and 2006-07 as a corrective action)	0
Comments:

Note: New data collection for the SY 2006-07 CSPR.

1.4.6 Dates of AYP and Identification Determinations

In the table below, provide the dates (MM/DD/YY) when your State provided final school and district AYP and identification for improvement, corrective action, or restructuring to schools and districts based on SY 2006-07 assessments. If applicable, also provide the dates for preliminary determinations provided to schools and districts.

	Districts	Schools
Final AYP and identification determinations	12/03/07	08/20/07
Preliminary school AYP and identification determinations (if applicable)	05/30/07	05/30/07
Comments:		

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.7 Appeal of AYP and Identification Determinations

In the table below, provide the number of districts and schools that appealed their AYP designations based on 2006-07 data and the results of those appeals.

	# Appealed Their AYP Designations	# Appeals Resulted in a Change in the AYP Designation
Districts	1	0
Schools	9	1
Comments:

Note: New data collection for the SY 2006-07 CSPR.

1.4.8 Section 1003(a) Funds

In the space below, describe your State's use of Section 1003(a) of ESEA funds. Specifically, address the following:

- Describe briefly any priorities the State uses in allocating these funds to schools.
- Describe briefly the State's methods for distributing these funds (e.g., formula, competitive, etc.).
- Describe briefly the types of activities supported by the Section 1003(a) funds.

The response is limited to 8,000 characters.

The State continues to give priority to Title I participating school districts that are in need of improvement. Those districts are required to participate under the framework of our Progressive Support and Intervention (PS&I) key strategies and activities. The 1003 (a) funds benefit the Title I schools identified as in need of improvement and are at the corrective action or restructuring phase.

The funds are awarded based on a formula-driven model. This model is predicated on annual data that illustrates the adequacy of state and local financial resources to turn around low performing Title I schools, the state and local financial resources linked to student groups for whom we annually disaggregate performance data.

These funds have been used to (a) supplement professional development for teaching staff and for principals, (b) provide added-time programs including after school, summer and ramp-up programs, (c) supplemental support materials in reading and mathematics for students who have not met proficiency standards, (d) parental involvement programs, (e) external evaluations of core curriculum and classroom instruction have been the key activities supported by these funds.

Note: New data collection for the SY 2006-07 CSPR.

1.4.9 Public School Choice and Supplemental Educational Services

This section collects data on public school choice and supplemental educational services.

1.4.9.1 Public School Choice

This section collects data on public school choice. FAQs related to the public school choice provisions are at the end of this section.

1.4.9.1.1 Schools Using Public School Choice

In the table below, provide the number of public schools *from which* and *to which* students transferred under the provisions for public school choice in Section 1116 of ESEA.

	# Schools
Title I schools <i>from which</i> students transferred for public school choice	16
Public Schools <i>to which</i> students transferred for public school choice	16
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 1.4.5.1 of the SY 2005-06 CSPR.

1.4.9.1.2 Public School Choice – Students

In the table below, provide the number of students who were eligible for public school choice, the number of eligible students who applied for public school choice, and the number who transferred under the provisions for public school choice in Section 1116 of ESEA.

Students who are eligible for public school choice includes:

- (1) Students currently enrolled in a school identified for improvement
- (2) Students who transferred in the current school year under the public school choice provisions of section 1116, and
- (3) Students who previously transferred under section 1116 and are continuing to transfer for the current school year under section 1116.

	# Students
Eligible for public school choice	16384
Who applied to transfer	223
Who transferred to another school under Title I public school choice provisions	51

Indicate in the table below the categories of students that are included in the count of eligible students.

	Yes/No
1. Enrolled in a school identified for improvement	<u>Yes</u>
2. Transferred in the current school year, only	<u>Yes</u>
3. Transferred in a prior year and in the current year	<u>No</u>
Comments:	

Source – Initially, pre-populated by ED*Facts* file N/X010 that includes data groups 579, 574 and 544. If necessary, it is updated through manual entry by the SEA into the online CSPR collection tool.

Note: This table was formerly part of section 1.4.5.1 of the SY 2005-06 CSPR.

1.4.9.1.3 Funds Spent on Public School Choice

In the table below, provide the total dollar amount spent by LEAs on transportation for public school choice in Section 1116 of ESEA.

	Amount
Dollars spent by LEAs on transportation for public school choice	\$ 63466
Comments:	

Source – Initially, pre-populated by ED*Facts* file N/X102 that includes data group 652. If necessary, it is updated through manual entry by the SEA into the online CSPR collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.4.9.1.4 Availability of Public School Choice Options

In the table below provide the number of LEAs in your State that are unable to provide public school choice options to eligible students due to any of the following reasons:

1. All schools at a grade level are in school improvement, corrective action, or restructuring.
2. LEA only has a single school at the grade level of the school at which students are eligible for public school choice
3. LEA's schools are so remote from one another that choice is impracticable.

	# LEAs
LEAs Unable to Provide Public School Choice	3
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

FAQs about public school choice:

- a. *How should States report data on Title I public school choice for those LEAs that have open enrollment and other choice programs?* An LEA may consider a student as eligible for and participating in Title I public school choice, and may consider costs for transporting that student towards its funds spent on transportation for public school choice, if the student meets the following conditions:
 - Has a "home" or "neighborhood" school (to which the student would have been assigned, in the absence of a choice program) that receives Title I funds and has been identified, under the statute, as in need of improvement, corrective action, or restructuring; and
 - Has elected to enroll, at some point since July 1, 2002 (the effective date of the Title I choice provisions), and after the home school has been identified as in need of improvement, in a school that has not been so identified and is attending that school; and
 - Is using district transportation services to attend such a school.³
- b. *How do States report on public school choice for those LEAs that are not able to offer public school choice (e.g., LEAs in which all schools in a grade level are in school improvement, LEAs that have only a single school at that grade level, or LEAs whose schools are so remote from one another that choice is impracticable)?* For those LEAs, States should count as eligible all students who attend identified Title I schools. States should report that no eligible schools or students were provided the option to transfer and should provide an explanation why choice is not possible within the LEA in the Comment Section.

³ Adapted from OESE/OII policy letter of August 2004. The policy letter may be found on the Department's Web page at <http://www.ed.gov/policy/elsec/guid/stateletters/choice/choice081804.html>.

1.4.9.2 Supplemental Educational Services

This section collects data on supplemental educational services.

1.4.9.2.1 Schools with Students Eligible for Supplemental Educational Services

In the table below, provide the number of Title I schools identified as in need of improvement, corrective action, or restructuring whose students received supplemental educational services under Section 1116 of ESEA. A Frequently Asked Questions (FAQ) section related to supplemental educational services is below the table.

	# Schools
Title I schools whose students received supplemental educational services	22
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly part of section 1.4.5.2 of the SY 2005-06 CSPR.

FAQ about supplemental education services

How should a State define the phrase "students who received supplemental educational services"? States should consider students who "received" supplemental educational services as those students who enrolled and participated in some hours of services. States have the discretion to determine the minimum number of hours of participation necessary for a student to have "received" services.

1.4.9.2.2 Supplemental Educational Services - Students

In the table below, provide the number of students who were eligible for, who applied for, and who received supplemental educational services under Section 1116 of ESEA.

	# Students
Eligible for supplemental educational services	9833
Who applied for supplemental educational services	3647
Who received supplemental educational services	2384
Comments:

1.5 TEACHER QUALITY

This section collects data on "highly qualified" teachers as the term is defined in Section 9101(23) of the *ESEA*.

1.5.1 Core Academic Classes Taught by Teachers Who Are Highly Qualified

In the table below, provide the number of core academic classes for each of the school types listed and the number of those core academic classes taught by teachers who are highly qualified (as the term is defined in section 9101(23) of the *ESEA*) and the number taught by teachers who are not highly qualified. The percentage of core academic classes taught by teachers who are highly qualified and the percentage taught by teachers who are not highly qualified will be calculated automatically. Below the table are FAQs about these data. The percentages used for high- and low-poverty schools and the poverty metric used to determine those percentages are reported in 1.5.3.

School Type	# of Core Academic Classes (Total)	# of Core Academic Classes Taught by Teachers Who Are Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are Highly Qualified	# of Core Academic Classes Taught by Teachers Who Are NOT Highly Qualified	Percentage of Core Academic Classes Taught by Teachers Who Are NOT Highly Qualified
All schools	10650	10112	94.9	538	5.1
Elementary level					
High-poverty schools	1953	1897	97.1	56	2.9
Low-poverty schools	3040	2980	98.0	60	2.0
All elementary schools	4993	4877	97.7	116	2.3
Secondary level					
High-poverty schools	2029	1807	89.1	222	10.9
Low-poverty schools	3628	3428	94.5	200	5.5
All secondary schools	5657	5235	92.5	422	7.5
Comments:					

Do the data in Table 1.5.1 above include classes taught by special education teachers who provide direct instruction core academic subjects?

Data table includes classes taught by special education teachers who provide direct instruction core academic subjects.	<u>Yes</u>
---	------------

If the answer above is no, please explain:

--

Does the State count elementary classes so that a full-day self-contained classroom equals one class, or does the State use a departmentalized approach where a classroom is counted multiple times, once for each subject taught?

The response is limited to 8,000 characters.

Rhode Island counts elementary classes so that a full-day, self-contained classroom equals one class.

Source – Manual entry by SEA into the online collection tool.

Note: The data collection requirement to submit data for core classes taught by teachers who are NOT highly qualified has been added for the SY 2006-07 CSPR.

FAQs about highly qualified teachers and core academic subjects:

- a. *What are the core academic subjects?* English, reading/language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography [Title IX, Section 9101(11)]. While the statute includes the arts in the core academic subjects, it does not specify which of the arts are core academic subjects; therefore, States must make this determination.
- b. *How is a teacher defined?* An individual who provides instruction in the core academic areas to kindergarten, grades 1 through 12, or ungraded classes, or individuals who teach in an environment other than a classroom setting (and who maintain daily student attendance records) [from NCES, CCD, 2001-02]
- c. *How is a class defined?* A class is a setting in which organized instruction of core academic course content is provided to one or more students (including cross-age groupings) for a given period of time. (A course may be offered to more than one class.) Instruction, provided by one or more teachers or other staff members, may be delivered in person or via a different medium. Classes that share space should be considered as separate classes if they function as separate units for more than 50 percent of the time [from NCES Non-fiscal Data Handbook for Early Childhood, Elementary, and Secondary Education, 2003].
- d. *Should 6th-, 7th-, and 8th-grade classes be reported in the elementary or the secondary category?* States are responsible for determining whether the content taught at the middle school level meets the competency requirements for elementary or secondary instruction. See Question A-14 in the August 3, 2006, Non-Regulatory Guidance for additional information. Report classes in grade 6 through 8 consistent with how teachers have been classified to determine their highly qualified status, regardless of whether their schools are configured as elementary or middle schools.
- e. *How should States count teachers (including specialists or resource teachers) in elementary classes?* States that count self-contained classrooms as one class should, to avoid over-representation, also count subject-area specialists (e.g., mathematics or music teachers) or resource teachers as teaching one class. On the other hand, States using a departmentalized approach to instruction where a self-contained classroom is counted multiple times (once for each subject taught) should also count subject-area specialists or resource teachers as teaching multiple classes.
- f. *How should States count teachers in self-contained multiple-subject secondary classes?* Each core academic subject taught for which students are receiving credit toward graduation should be counted in the numerator and the denominator. For example, if the same teacher teaches English, calculus, history, and science in a self-contained classroom, count these as four classes in the denominator. If the teacher were Highly Qualified to teach English and history, he/she would be counted as Highly Qualified in two of the four subjects in the numerator.
- g. *What is a "high-poverty school"?* Section 1111(h)(1)(C)(viii) defines "high-poverty" schools as schools in the top quartile of poverty in the State. The poverty quartile breaks are reported later in this section.
- h. *What is a "low-poverty school"?* Section 1111(h)(1)(C)(viii) defines "low-poverty" schools as schools in the bottom quartile of poverty in the State. The poverty quartile breaks are reported later in this section.

1.5.2 Reasons Core Academic Classes Are Taught by Teachers Who Are Not Highly Qualified

In the table below, estimate the percentages for each of the reasons why teachers who are not highly qualified teach core academic classes. For example, if 900 elementary classes were taught by teachers who are not highly qualified, what percentage of those 900 classes falls into each of the categories listed below? If the three reasons provided at each grade level are not sufficient to explain why core academic classes at a particular grade level are taught by teachers who are not highly qualified, use the row labeled "other" and explain the additional reasons. The total of the reasons is calculated automatically for each grade level and must equal 100% at the elementary level and 100% at the secondary level.

Note: Use the numbers of core academic classes taught by teachers who are **NOT** highly qualified from 1.5.1 for both elementary school classes (1.5.2.1) and for secondary school classes (1.5.2.2) as your starting point.

	Percentage
Elementary School Classes	
Elementary school classes taught by certified general education teachers who did not pass a subject-knowledge test or (if eligible) have not demonstrated subject-matter competency through HOUSSE	40.0
Elementary school classes taught by certified special education teachers who did not pass a subject-knowledge test or have not demonstrated subject-matter competency through HOUSSE	60.0
Elementary school classes taught by teachers who are not fully certified (and are not in an approved alternative route program)	0.0
Other (please explain)	0.0
Total	100.0

Source – Manual entry by SEA into the online collection tool.

	Percentage
Secondary School Classes	
Secondary school classes taught by certified general education teachers who have not demonstrated subject-matter knowledge in those subjects (e.g., out-of-field teachers)	2.0
Secondary school classes taught by certified special education teachers who have not demonstrated subject-matter competency in those subjects	98.0
Secondary school classes taught by teachers who are not fully certified (and are not in an approved alternative route program)	0.0
Other (please explain)	0.0
Total	100.0
Comments:	

Source – Manual entry by SEA into the online collection tool.

1.5.3 Poverty Quartiles and Metrics Used

In the table below, provide the poverty quartiles breaks used in determining high- and low-poverty schools and the poverty metric used to determine the poverty quartiles. Below the table are FAQs about the data collected in this table.

	High-Poverty Schools (more than what %)	Low-Poverty Schools (less than what %)
Elementary schools	57.6	12.7
Poverty metric used	Percentage of students who qualify for free or reduced lunch	
Secondary schools	53.7	10.9
Poverty metric used	Percentage of students who qualify for free or reduced lunch	
Comments:		

Source – Manual entry by SEA into the online collection tool.

FAQs on poverty quartiles and metrics used to determine poverty

- a. *How are the poverty quartiles determined?* Separately rank order elementary and secondary schools from highest to lowest on your percentage poverty measure. Divide the list into four equal groups. Schools in the first (highest group) are high-poverty schools. Schools in the last group (lowest group) are the low-poverty schools. Generally, States use the percentage of students who qualify for the free or reduced-price lunch program for this calculation.
- b. *Since the poverty data are collected at the school and not classroom level, how do we classify schools as either elementary or secondary for this purpose?* States may include as elementary schools all schools that serve children in grades K through 5 (including K through 8 or K through 12 schools) and would therefore include as secondary schools those that exclusively serve children in grades 6 and higher.

1.6 TITLE III AND LANGUAGE INSTRUCTIONAL PROGRAMS

This section collects annual performance and accountability data on the implementation of Title III programs.

Throughout this section:

- "AYP grades" is sometimes used to reference grades used for accountability determinations (grades 3 through 8 and one year of high school)
- "Non-AYP grades" is used to reference grades not used for accountability determinations.

1.6.1 Language Instruction Educational Programs (formerly 1.1. of the Title III Biennial Collection)

In the table below, provide the number of Title III subgrantees that use each type of language instruction educational program, as defined in Section 3301(8).

Note: Numbers reflected in 1.6.1 can be duplicative due to subgrantees' use of more than one type of program. The number for each type of program should be equal to or less than the total number of subgrantees in 1.6.4.1.

Table 1.6.1 Definitions:

- # Using Program** = Number of subgrantees that reported using a specific type of language instruction educational program. Subgrantees may use multiple programs. **(a.)** If multiple programs are used, count one for each program type used. **(b.)** Consortium is always counted as **one if all members used the same type of program**. If consortium members used different types of programs, count all members using the same type of program as one for each type. Do not count the members of the consortium individually as one, unless each member used a different type of program (e.g., use the same method of counting as one subgrantee using multiple types of programs in **(a.)**)
- Type of Program** = Type of programs described in the subgrantee's local plan (as submitted to the State or as implemented) that is closest to the descriptions in <http://www.ncela.gwu.edu/expert/glossary.html>.
- Other Language** = Name of the language of instruction, other than English, used in the program.
- % Language of Instruction** = Average percentages of English and the other language used as a language of instruction in the program or use the percentage of the most common practice in the State (applies **only** to the first five bilingual program types).
- OLOI** = Other Language of Instruction used in the bilingual language instruction educational program.

# Using Program	Type of Program	Other Language	% Language of Instruction	
			English	OLOI
2	Dual language	Spanish	50.0	50.0
0	Two-way immersion	NA	0.0	0.0
1	Transitional bilingual	Spanish	80.0	20.0
0	Developmental bilingual	NA	0.0	0.0
0	Heritage language	NA	0.0	0.0
0	Sheltered English instruction			
0	Structured English immersion			
5	Specially designed academic instruction delivered in English (SDAIE)			
17	Content-based ESL			
15	Pull-out ESL			
1	Other (explain)			
Comments: 1 Type=Dual Language Other Language=Portuguese %English=50 %OLOI=50

1.6.3 Student Performance Data

This section collects data on LEP student English language proficiency and LEP academic content performance data (e.g., LEP tested in native language tables and MFLEP/AYP Grades results table).

1.6.3.1 Student English Language Proficiency Testing Status

This section collects data on the number of ALL LEP students and Title III-served LEP students in the State by testing status for English language proficiency.

1.6.3.1.1 ALL LEP Student English Language Proficiency Testing Status

In the table below, provide the unduplicated number of ALL LEP students in the State by testing status for English language proficiency. ALL LEP students includes the following students:

- Newly enrolled and continually enrolled LEP students in the State for the year of this report, whether or not they receive services in a Title III language Instruction educational program;
- All students assessed for English language proficiency (ELP) using an annual State English Language proficiency (ELP) assessment as required under Section 1111(b)(7) of the ESEA in the reporting year and who meet the LEP definition in Section 9101 (25).

Table 1.6.3.1.1. Definitions:

- **Tested/State Annual ELP** = Number of LEP students who took the annual State English language proficiency assessment as required under Section 1111(b)(7) of the *ESEA* in this reporting year.
- **Not Tested/State Annual ELP** = Number of LEP students enrolled at the time of testing but did not take the annual State English language proficiency assessment.
- **Subtotal** = Sum of "Tested/State Annual ELP" and "Not Tested/State Annual ELP" (i.e., the number of LEP students enrolled at the time of testing).
- **LEP/One Data Point** = Number of LEP students who took the annual State English language proficiency assessment as required under Section 1111(b)(7) for the first time in this reporting year. Note that "LEP/One Data Point" is a subset of those students reported as Tested on the annual State English Language proficiency assessment.

ALL LEP Testing Status	#
Tested/State annual ELP	7784
Not tested/State annual ELP	136
Subtotal	7920
LEP/One Data Point	749

1.6.3.2 Student English Language Proficiency Results

This section collects data on the results from the annual State English language proficiency assessment(s) for LEP students. Before completing Table 1.6.3.2.2 or 1.6.3.2.3, please indicate your State's use of the flexibility to apply annual measurable achievement objectives (AMAOs) to all LEP students.

1.6.3.2.1 Application of Title III English Language Proficiency Annual Assessment and AMAOs (formerly 1.6.8 of the Title III Biennial Collection, reformatted)

In the table below, indicate the State application of the following:

State applied the Title III English language proficiency annual assessment to all LEP students in LEAs receiving Title III funds.	<u>Yes</u>
State applied the annual measurable achievement objectives (AMAOs) to ALL LEP students in LEAs receiving Title III funds.	<u>Yes</u>
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.2.2 All LEP English Language Proficiency Results

Please report information in this section **ONLY** if the State checked "Yes" in section 1.6.3.2.1 (row 2), that annual measurable achievement objectives are applied to all LEP students in LEAs receiving Title III funds.

Report the results from the annual State English language proficiency assessment(s) for ALL LEP students in grades K through 12.

Table 1.6.3.2.2 Definitions:

1. **Making Progress** = Number of LEP students who met the definition of "Making Progress" as defined by the State and submitted to OELA in the State Consolidated Application (CSA), or as amended.
2. **No Progress** = Number of LEP students who did not meet the State definition of "Making Progress."
3. **ELP Attainment** = Number of LEP students who attained English language proficiency as defined by the State and submitted to OELA in the State Consolidated Application (CSA), or as amended.
4. **Target** = AMAO target for the year as established by the State and submitted to OELA in the CSA (September 2003 submission), or as amended, for each of "Making Progress" and "Attainment" of ELP.
5. **Results** = Number and percent of LEP students who met the State definition of "Making Progress" and the definition of "Attainment" of English language proficiency.
6. **Met/Y** = Met the annual target, "Met/N" = did not meet annual target. This cell will be automatically populated, based on the Target % and the Results %.

	Target	Results		Met
	%	#	%	Y/N
Making progress				
No progress				
ELP attainment	40.0	1332	33.4	N
Comments: Improvement is measured on aggregate state-wide results of matched students for 2 consecutive years, not student results. THE NUMBER OF STUDENTS WHO HAVE RECEIVED ELP ATTAINMENT DIFFERS FROM THE NUMBER REPORTED AS TESTED IN 1.6.3.1.2 BECAUSE THE ELP ATTAINMENT IS CALCULATED ONLY FOR STUDENTS RECEIVING SERVICES FOR THREE OR MORE YEARS.				

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

If a State does not count "ELP attainment" students as also "Making Progress", the number for "No Progress" should be the "Subtotal" in 1.6.3.1.1 minus the number "Making Progress" and "Attainment." If a State counts "ELP attainment" students as also "Making Progress", the number for "No Progress" should be the "Subtotal" in 1.6.3.1.1 minus "Making Progress".

1.6.3.2.3 Title III LEP English Language Proficiency Results

Please report information in this section **ONLY** if the State checked "No" in section in 1.6.3.2.1 (row 2), reporting that annual measurable achievement objectives (AMAOs) are applied to LEP students served by Title III.

In the table below, provide the results from the annual State English language proficiency assessment for Title III LEP students who participated in a Title III language instruction educational program in grades K through 12.

Table 1.6.3.2.3 Definitions:

1. **Making Progress** = Number of Title III LEP students who met the definition of "Making Progress" as defined by the State and submitted to OELA in the State Consolidated Application (CSA), or as amended.
2. **No Progress** = Number of Title III LEP students who did not meet the State definition of "Making Progress."
3. **ELP Attainment** = Number of Title III LEP students who attained English language proficiency as defined by the State and submitted to OELA in the State Consolidated Application (CSA), or as amended.
4. **Target** = AMAO target for the year as established by the State and submitted to OELA in the CSA (September 2003 submission), or as amended, for each of "Making Progress" and "Attainment" of ELP.
5. **Results** = Number and percent of Title III LEP students who met the State definition of "Making Progress" and the definition of "Attainment" of English language proficiency.
6. **Met/Y** = Met the annual target, "Met/N" = did not meet annual target. This cell will be automatically populated, based on the Target % and the Results %.

	Target	Results		Met
	%	#	%	Yes/No
Making progress				
No progress				
ELP attainment				N
Comments: THIS SECTION LEFT BLANK BECAUSE R.I. CHECKED 'YES' ON 1.6.3.2.1 row 2.				

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

If a State does not count "ELP attainment" students as also "Making Progress", the number for "No Progress" should be the "Subtotal" in 1.6.3.1.2 minus the number "Making Progress" and "Attainment." If a State counts "ELP attainment" students as also "Making Progress", the number for "No Progress" should be the "Subtotal" in 1.6.3.1.2 minus "Making Progress".

1.6.3.4 LEP Subgroup Academic Content Assessment Results (formerly 3.2.3/MFLEP of the Title III Biennial Collection)

This section collects data on the academic content assessment results for LEP students.

1.6.3.4.1 LEP Subgroup Flexibility

In the table below, report whether the State exercises the LEP flexibility afforded States through the new regulation for monitored former LEP (MFLEP), in AYP determination.

MFLEP	<u>Yes</u>
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.4.3 Status of Monitored Former LEP Students (MFLEP) (formerly 3.1 of the Title III Biennial Collection, modified)

In the table below, report the unduplicated count of MFLEP students in K-12 for each of the two years monitored during the SY 2006-07, which includes both MFLEP students in AYP grades and in non-AYP grades in row 1 and MFLEP students only in AYP grades in row 2.

Table 1.6.3.4.3 Definitions:**1. Monitored Former LEP (MFLEP) includes:**

- Students that have transitioned into classrooms that are not designed for LEP students;
- Students that are no longer receiving LEP services; and who are being monitored for academic content achievement for 2 years after transition.

2. Total MFLEP = State aggregated number of all MFLEP students in grades K through 12.**3. MFLEP/AYP Grades =** State aggregated number of MFLEP students in grades used for accountability determinations (3 through 8 and once in high school). These students may be included in the LEP subgroup AYP calculations.

	#
Total MFLEP	1945
MFLEP/AYP grades	1438
Comments:	

Source – Initially, pre-populated by ED Facts file N/X126, which contains data group 668, category set A. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.4.4 LEP Students in Non-AYP Grades (formerly 2.3 of the Title III Biennial Collection)

In the table below, report the total number of LEP students in grade ranges that were not tested for AYP in SY 2006-07.

Table 1.6.3.4.4 Definitions:**1. LEP K-2 =** All LEP students in these grades. Do not include pre-K students.**2. LEP HS/Non-AYP =** High school students (grades 9 through 12 or 10 through 12 [State specific]) who are in the high school grades that are not tested for AYP in the State (e.g., if the State tested grade 10 for AYP, then the State should provide the aggregated number of LEP students in grades 9, 11 and 12).**3. LEP Other Grades =** Number of LEP students enrolled in public schools but not in grades K through 12. Students in non-graded grades or grade spans. Do not report LEP students in grades used for NCLB accountability determinations (3 through 8 and once in high school) in this row.

Grade	#
LEP K-2	2627
LEP HS/Non-AYP	1139
LEP other grades	0

1.6.3.5.4 Native Language Version of State NCLB Mathematics Assessment Results (formerly 2.4.3 of the Title III Biennial Collection)

In the table below, report the number of LEP students who took a mathematics assessment in their native language across all grades used for NCLB accountability determinations (3 through 8 and once in high school).

Table 1.6.3.5.4 Definitions:

1. **# Tested** = Number of LEP students in grades used for NCLB accountability determinations (3 through 8 and once in high school) who took the native language version of the mathematics assessment.
2. **# At or Above Proficient** = Number of students tested through the native language version of the mathematics assessment who scored at or above proficient.
3. **% Results** = Automatically calculated based on the number who scored at or above proficient divided by the number tested.

# Tested	# At or Above Proficient	% Results
Comments:		

Source – Initially pre-populated by *EDFacts* file N/X049 that is data group 272, category set A. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.5.5 Native Language Version of State NCLB Reading/Language Arts Assessment Results (formerly 2.4.3 of the Title III Biennial Collection)

In the table below, report the number of LEP students who took a reading/language arts assessment in their native language across all grades used for NCLB accountability determinations (3 through 8 and once in high school).

Table 1.6.3.5.5 Definitions:

1. **# Tested** = Number of LEP students in grades used for NCLB accountability determinations (3 through 8 and once in high school) who took the native language version of the reading/language arts assessment.
2. **# At or Above Proficient** = Number of students tested through the native language version of the reading/language arts assessment who scored at or above proficient.
3. **% Results** = Automatically calculated based on the number who scored at or above proficient divided by the number tested.

# Tested	# At or Above Proficient	% Results
Comments:

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.6 Title III Served Monitored Former LEP Students

This section collects data on the performance of former LEP students.

1.6.3.6.1 Title III Served MFLEP Students by Year Monitored (formerly 3.1 of the Title III Biennial Collection)

In the table below, report the unduplicated count of monitored former LEP students during the two consecutive years of monitoring, which includes both MFLEP students in AYP grades and in non-AYP grades.

Table 1.6.3.6.1 Definitions:

1. **# Year One** = Number of former LEP students in their first year of being monitored.
2. **# Year Two** = Number of former LEP students in their second year of being monitored.
3. **Total** = Number of monitored former LEP students in year one and year two. This is automatically calculated.

# Year One	# Year Two	Total
934	1011	1945
Comments:		

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.6.2 Monitored Former LEP (MFLEP) Students in AYP Grades Results for Mathematics (formerly 3.2 of the Title III Biennial Collection)

In the table below, report the number of monitored former LEP (MFLEP) students who took the annual mathematics assessment.

Table 1.6.3.6.2 Definitions:

1. **# Tested** = State-aggregated number of MFLEP students who were tested in mathematics for AYP.
2. **# At or Above Proficient** = State-aggregated number of MFLEP students who scored at or above proficient on the State annual mathematics assessment.
3. **% Results** = Automatically calculated based on number who scored at or above proficient divided by the number tested.
4. **# Below proficient** = State-aggregated number of MFLEP students in grades used for NCLB accountability determinations (3 through 8 and once in high school) who did not score proficient on the State *NCLB* mathematics assessment. This will be automatically calculated.

# Tested	# At or Above Proficient	% Results	# Below Proficient
1370	478	34.9	892

The number tested should be the same or near the total in 1.6.3.4.3 row 2, if not explain the difference in the comment box below.

Comments:

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.3.6.3 Monitored Former LEP (MFLEP) Students in AYP Grades Results for Reading/Language Arts (formerly 3.2 of the Title III Biennial Collection)

In the table below, provide the number of monitored former LEP (MFLEP) students who took the annual reading/language arts assessment.

Table 1.6.3.6.3 Definitions:

1. **# Tested** = State-aggregated number of MFLEP students who were tested in reading/language arts for AYP.
2. **# At or Above Proficient** = State-aggregated number of MFLEP students who scored at or above proficient on the State annual reading/language arts assessment.
3. **% Results** = Automatically calculated based on number who scored at or above proficient divided by the total number tested.
4. **# Below proficient** = State-aggregated number MFLEP students in grades used for NCLB accountability determinations (3 through 8 and once in high school) who did not score proficient on the State annual reading/language arts assessment. This will be automatically calculated.

# Tested	# At or Above Proficient	% Results	# Below Proficient
1370	563	41.1	807

The number tested should be the same or near the total in 1.6.3.4.3 row 2, if not explain the difference in the comment box below.

Comments:

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.4 Title III Subgrantees

This section collects data on the performance of Title III subgrantees.

1.6.4.1 Title III Subgrantee Performance (formerly 4.1 of the Title III Biennial Collection)

In the table below, report the number of Title III subgrantees meeting the criteria described in the table. Use the same method of counting consortia as in 1.6.1 (consortia regardless of number of members is only counted as one). Do not leave items blank. If there are zero subgrantees, who met the condition described, put a zero in the number (#) column. Do not double count subgrantees by category. The total of the # met all three AMAOs + # met 2 AMAOs only + # Met one AMAO + # Met zero AMAOs=total # of subgrantees for the year.

Note: Do not include number of subgrants made under Section 3114(d)(1) reserved funds for education programs and activities for immigrant children and youth. (Report Section 3114(d)(1) subgrants in 1.6.5.1 ONLY.)

	#
Total number of subgrantees for the year	17
Number of subgrantees that met all three Title III AMAOs	9
Number of subgrantees that met only 2 AMAOs	5
Number of subgrantees that met AMAOs of Making Progress and ELP Attainment	0
Number of subgrantees that met AMAOs of Making Progress and AYP	3
Number of subgrantees that met AMAOs of ELP Attainment and AYP	2
Number of subgrantees that met only 1 AMAO	3
Number of subgrantees that met AMAO of Making Progress	3
Number of subgrantees that met AMAO of Attainment of ELP	0
Number of subgrantees that met AMAO AYP	0
Number of subgrantees that did not meet any AMAOs	0
Number of subgrantees that did not meet AMAOs for two consecutive years	0
Number of subgrantees with an improvement plan for not meeting Title III AMAOs	0
Number of subgrantees who have not met Title III AMAOs for four consecutive years (beginning in SY 2007-08)	0
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly in section 1.6.10 of the SY 2005-06 CSPR.

1.6.4.2 State Accountability (formerly 4.2 of the Title III Biennial Collection)

In the table below, indicate whether the State met all three Title III AMAOs.

Note: Meeting all three Title III AMAOs means meeting each State-set target for each objective: Making Progress, Attaining Proficiency, and Making AYP for the LEP subgroup.

State met <u>all</u> three Title III AMAOs	<u>No</u>
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly in Section 1.6.10 of the SY 2005-06 CSPR.

1.6.4.3 Termination of Title III Language Instruction Educational Programs (formerly 6.1 of the Title III Biennial Collection)

Any Title III language instruction educational programs <u>or</u> programs and activities for immigrant children and youth terminated for failure to reach program goals.	<u>No</u>
If yes, provide the number of language instruction educational programs <u>or</u> programs and activities for immigrant children and youth terminated.	
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.5 Education Programs and Activities for Immigrant Students (formerly 5.1 of the Title III Biennial Collection)

This section collects data on education programs and activities for immigrant students.

1.6.5.1 Immigrant Students

In the table below, report the unduplicated number of immigrant students enrolled in the State and in qualifying educational programs under Section 3114(d)(1).

Table 1.6.5.1 Definitions:

- 1. Immigrant Students Enrolled** = Number of students who meet the definition of immigrant children and youth in Section 3301 (6) and enrolled in the elementary or secondary schools in the State.
- 2. Students in 3114(d)(1) Program** = Number of immigrant students who participated in programs for immigrant children and youth funded under Section 3114(d)(1), using the funds reserved for immigrant education programs/activities. This number should not include immigrant students who receive services in Title III LIEPs under Sections 3114(a) & 3115(a) ONLY.
- 3. 3114(d)(1) Subgrants** = Number of subgrants made in the State under Section 3114(d)(1), with the funds reserved for immigrant education programs/activities. Do not include Title III LIEP subgrants made under Sections 3114(a) & 3115(a) that have immigrant students enrolled in them.

# Immigrant Students Enrolled	# Students in 3114(d)(1) Program	# of 3114(d)(1) Subgrants
3508	212	4

If state reports zero (0) students in programs or zero (0) subgrants, explain in comment box below.

Comments:

Source – Initially, the first column of the table is pre-populated by ED*Facts* file N/X045 that contains data group 519, grand total. The second and third columns are manual entry by the SEA.

Note: This table was formerly in section 1.6.4 of the SY 2005-06 CSPR.

1.6.5.2 Distribution of Immigrant Funds (formerly 5.3 of the Title III Biennial Collection, reformatted)

In the table below, report how the State distributes the funds reserved for the education of immigrant children and youth to subgrantees.

Subgrant award cycle			
Annual	<u>Yes</u>	Multi-year	<u>No</u>
Type of subgrant awarded			
Competitive	<u>No</u>	Formula	<u>Yes</u>

If the State checked more than one item in each category, explain in the comment box.

Comments:

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.6 Teacher Information and Professional Development

This section collects data on teachers in Title III language instruction education programs.

1.6.6.1 Teacher Information (formerly 7.1 of the Title III Biennial Collection, modified)

In the table below, report the number of teachers who are working in the Title III language instruction educational programs as defined in Section 3301(8) and reported in table 1.6.1 (Types of language instruction educational programs).

Note: Section 3301(8) – The term 'Language instruction educational program' means an instruction course – (A) in which a limited English proficient child is placed for the purpose of developing and attaining English proficiency, while meeting challenging State academic content and student academic achievement standards, as required by Section 1111(b)(1); and (B) that may make instructional use of both English and a child's native language to enable the child to develop and attain English proficiency and may include the participation of English proficient children if such course is designed to enable all participating children to become proficient in English and a second language.

	#
Number of all certified/licensed teachers currently working in Title III language instruction educational programs.	369
Number of certified/licensed/endorsed ESL/BE teachers in the state currently working with LEP students (e.g., ESL/BE teachers for ALL LEP students), if the State has such requirements. <u>Or</u> number of teachers with professional development points or course work in ESL/BE, if the State does not require such certification/licensure/endorsement.	369
Estimate number of additional certified/licensed teachers that will be needed for Title III language instruction educational programs in the next 5 years*.	0

Explain in the comment box below if there is a zero for any item in the table above.

Comments: The number of LEP enrollment in Rhode Island is declining, therefore RI is estimating that it will not need an increase in the number of teachers for Title III language instruction.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

* This number should be the total additional teachers needed for the next 5 years, not the number needed for each year. Do not include the number of teachers currently working in Title III English language instruction educational programs.

1.6.6.2 Professional Development (PD) Activities of Subgrantees Related to the Teaching and Learning of LEP Students
(formerly 7.4 of the Title III Biennial Collection)

In the table below, provide the number of professional development activities that specifically address only the teaching of LEP students or are related to the learning of LEP students. These professional development activities must meet the requirements of the Title III subgrantee required activities.

Table 1.6.6.2 Definitions:

1. **Types of Professional Development Activity** = Subgrantee activities for professional development required under Title III.
2. **#Subgrantees** = Number of subgrantees who conducted each type of professional development activity. A subgrantee may conduct more than one professional development activity. (Use the same method of counting subgrantees, including consortia, as in 1.6.1.1 and 1.6.4.1.)
3. **Total Number of Participants** = Number of teachers, administrators and other personnel who participated in each type of the professional development (PD) activities reported.
4. **Total** = Number of all participants in PD activities.

Type of Professional Development Activity	# Subgrantees	
Instructional strategies for LEP students	17	
Understanding and implementation of assessment of LEP students	17	
Understanding and implementation of ELP standards and academic content standards for LEP students	17	
Alignment of the curriculum in language instruction educational programs to ELP standards	17	
Subject matter knowledge for teachers	17	
Other (Explain in comment box)	0	
Participant Information	# Subgrantees	# Participants
PD provided to content classroom teachers	5	1871
PD provided to LEP classroom teachers	17	590
PD provided to principals	12	50
PD provided to administrators/other than principals	17	57
PD provided to other school personnel/non-administrative	1	1
PD provided to community-based organization personnel	0	0
Total		2569
Comments:		

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.7 State Subgrant Activities

This section collects data on State grant activities.

1.6.7.1 State Subgrant Process

In the table below, report the time between when the State receives the Title III allocation from ED, normally on July 1 of each year for the upcoming school year, and the time when the State distributes these funds to subgrantees for the intended school year. Dates must be in the format MM/DD/YY.

Table 1.6.7.1 Definitions:

1. **Date State Received Allocation** = Annual date the State receives the Title III allocation from US Department of Education (ED).
2. **Date Funds Available to Subgrantees** = Annual date that Title III funds are available to approved subgrantees.
3. **# of Days/\$\$ Distribution** = Average number of days for States receiving Title III funds to make subgrants to subgrantees beginning from July 1 of each year, except under conditions where funds are being withheld.

Example: State received SY 2006-07 funds July 1, 2006, and then made these funds available to subgrantees on August 1, 2006, for SY 2006-07 programs. Then the "# of days/\$\$ Distribution" is 30 days.

Date State Received Allocation	Date Funds Available to Subgrantees	# of Days/\$\$ Distribution
07/01/06	07/01/06	0
Comments: Once funds are available to the Rhode Island Department of Education, the funds are then available to the LEAs on the same day to begin running their programs. This is achieved because Rhode Island requires that the LEAs submit their application 1 month in advance of the July 1 program start date. The RIDE program and fiscal offices then review the applications and the approval process occurs prior to July 1 to achieve a July 1 start.		

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.6.7.2 Steps To Shorten the Distribution of Title III Funds to Subgrantees

In the comment box below, describe how your State can shorten the process of distributing Title III funds to subgrantees.

Rhode Island does not need to shorten the process since funds are made available to subgrantees within 0 days of receiving the allocation.
--

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.7 PERSISTENTLY DANGEROUS SCHOOLS

In the table below, provide the number of schools identified as persistently dangerous, as determined by the State, by the start of the school year. For further guidance on persistently dangerous schools, refer to section B "Identifying Persistently Dangerous Schools" in the Unsafe School Choice Option Non-Regulatory Guidance, available at:

<http://www.ed.gov/policy/elsec/guid/unsafeschoolchoice.pdf>.

Persistently Dangerous Schools	0
Comments: There were no Rhode Island Schools identified per the USCO/Persistently Dangerous School Policy that we have adopted and implemented in our state.	

Source – Manual entry by SEA into the online collection tool.

1.8 GRADUATION RATES AND DROPOUT RATES

This section collects graduation and dropout rates.

1.8.1 Graduation Rates

In the table below, provide the graduation rates calculated using the methodology that was approved as part of the State's accountability plan for the **previous school year** (SY 2005-06). Below the table are FAQs about the data collected in this table.

Student Group	Graduation Rate
All Students	85.0
American Indian or Alaska Native	80.0
Asian or Pacific Islander	80.0
Black, non-Hispanic	78.0
Hispanic	73.0
White, non-Hispanic	88.0
Children with disabilities (<i>IDEA</i>)	73.0
Limited English proficient	
Economically disadvantaged	
Migratory students	
Male	82.0
Female	88.0
Comments: RI does not calculate rates for LEP, Economically disadvantaged and Migratory students. Rates also fluctuate for small student groups.	
RI DOES NOT HAVE THE DATA TO CALCULATE GRADUATION RATE FOR LEP GROUP FOR 2006-07.	

Source – Initially, pre-populated by EDFacts file N/X041 that is data group 563, category sets A, B, C, D, E, and F. If necessary, it is updated through manual entry by the SEA into the online collection tool. If the SEA has additional racial/ethnic groups or combinations of racial/ethnic groups in its accountability plan under *NCLB*, the SEA will report the above data for those groups through the online CSPR collection tool.

FAQs on graduation rates:

- a. *What is the graduation rate?* Section 200.19 of the Title I regulations issued under the *No Child Left Behind Act* on December 2, 2002, defines graduation rate to mean:
 - The percentage of students, measured from the beginning of high school, who graduate from public high school with a regular diploma (not including a GED or any other diploma not fully aligned with the State's academic standards) in the standard number of years; or,
 - Another more accurate definition developed by the State and approved by the Secretary in the State plan that more accurately measures the rate of students who graduate from high school with a regular diploma; and
 - Avoids counting a dropout as a transfer.
- b. *What if the data collection system is not in place for the collection of graduate rates?* For those States that are reporting transitional graduation rate data and are working to put into place data collection systems that will allow the State to calculate the graduation rate in accordance with Section 200.19 for all the required subgroups, please provide a detailed progress report on the status of those efforts.

1.8.2 Dropout Rates

In the table below, provide the dropout rates calculated using the annual event school dropout rate for students leaving a school in a single year determined in accordance with the National Center for Education Statistic's (NCES) Common Core of Data (CCD) for the **previous school year** (SY 2005-06). Below the table is an FAQ about the data collected in this table.

Student Group	Dropout Rate
All Students	15.0
American Indian or Alaska Native	24.0
Asian or Pacific Islander	20.0
Black, non-Hispanic	22.0
Hispanic	26.0
White, non-Hispanic	12.0
Children with disabilities (<i>IDEA</i>)	27.0
Limited English proficient	
Economically disadvantaged	
Migratory students	
Male	17.0
Female	12.0
Comments: RI does not calculate rates for LEP, Economically disadvantaged and Migratory students. Rates also fluctuate for small student groups.	
RHODE ISLAND DOES NOT HAVE THE DATA TO CALCULATE DROOUT RATE FOR LEP GROUP FOR 2006-07.	

Source – Manual entry by SEA into the online collection tool.

FAQ on dropout rates:

What is a dropout? A dropout is an individual who: 1) was enrolled in school at some time during the previous school year; and 2) was not enrolled at the beginning of the current school year; and 3) has not graduated from high school or completed a State- or district-approved educational program; and 4) does not meet any of the following exclusionary conditions: a) transfer to another public school district, private school, or State- or district-approved educational program (including correctional or health facility programs); b) temporary absence due to suspension or school-excused illness; or c) death.

1.9 EDUCATION FOR HOMELESS CHILDREN AND YOUTHS PROGRAM

This section collects data on homeless children and youths and the McKinney-Vento grant program.

In the table below, provide the following information about the number of LEAs in the State who reported data on homeless children and youths and the McKinney-Vento program. The totals will be will be automatically calculated.

	#	# LEAs Reporting Data
LEAs without subgrants	41	41
LEAs with subgrants	6	6
Total	47	47
Comments:		

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly Section 1.9.1.2 of the SY 2005-06 CSPR.

1.9.1 All LEAs (with and without McKinney-Vento subgrants)

The following questions collect data on homeless children and youths in the State.

1.9.1.1 Homeless Children And Youths

In the table below, provide the number of homeless children and youths by grade level enrolled in public school at any time during the regular school year. The totals will be automatically calculated:

Age/Grade	# of Homeless Children/Youths Enrolled in Public School in LEAs <u>Without</u> Subgrants	# of Homeless Children/Youths Enrolled in Public School in LEAs <u>With</u> Subgrants
Age 3 through 5 (not Kindergarten)	8	16
K	21	21
1	30	34
2	21	28
3	22	32
4	20	33
5	21	25
6	23	35
7	29	26
8	18	30
9	16	30
10	26	17
11	34	13
12	29	<N
Ungraded	0	<N
Total	318	349
Comments:		

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly section 1.9.1.3 of the SY 2005-06 CSPR.

1.9.1.2 Primary Nighttime Residence of Homeless Children and Youths

In the table below, provide the number of homeless children and youths by primary nighttime residence enrolled in public school at any time during the regular school year. The primary nighttime residence should be the student's nighttime residence when he/she was identified as homeless. The totals will be automatically calculated.

	# of Homeless Children/Youths - LEAs <u>Without</u> Subgrants	# of Homeless Children/Youths - LEAs <u>With</u> Subgrants
Shelters, transitional housing, awaiting foster care	136	261
Doubled-up (e.g., living with another family)	140	66
Unsheltered (e.g., cars, parks, campgrounds, temporary trailer, or abandoned buildings)	11	0
Hotels/Motels	31	22
Total	318	349
Comments:		

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly section 1.9.1.4 of the SY 2005-06 CSPR.

1.9.2 LEAs with McKinney-Vento Subgrants

The following sections collect data on LEAs with McKinney-Vento subgrants.

1.9.2.1 Homeless Children and Youths Served by McKinney-Vento Subgrants

In the table below, provide the number of homeless children and youths by grade level who were served by McKinney-Vento subgrants during the regular school year. The total will be automatically calculated.

Age/Grade	# Homeless Children/Youths Served by Subgrants
Age 3 through 5 (not Kindergarten)	12
K	17
1	32
2	26
3	31
4	33
5	22
6	37
7	24
8	26
9	18
10	10
11	<N
12	<N
Ungraded	0
Total	303
Comments:	

Source – Initially, pre-populated by EDFacts file N/X043 that is data group 560, category set A. If necessary, it is updated through manual entry by the SEA into the online collection tool.

1.9.2.2 Subpopulations of Homeless Students Served

In the table below, please provide the following information about the homeless students served during the regular school year.

	# Homeless Students Served
Unaccompanied youth	<N
Migratory children/youth	0
Children with disabilities (<i>IDEA</i>)	100
Limit English proficient students	23
Comments:	

Source – Initially, pre-populated by EDFacts file N/X043 that is data group 560, category sets B, C, D, and E. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly Sections 1.9.2.3, 1.9.2.4, and 1.9.2.5 of the SY 2005-06 CSPR. For the SY 2006-07 CSPR, the data collection has been changed to show the total number of students served.

1.9.2.3 Educational Support Services Provided by Subgrantees

In the table below, provide the number of subgrantee programs that provided the following educational support services with McKinney-Vento funds.

	# McKinney-Vento Subgrantees That Offer
1. Tutoring or other instructional support	6
2. Expedited evaluations	4
3. Staff professional development and awareness	4
4. Referrals for medical, dental, and other health services	4
5. Transportation	4
6. Early childhood programs	4
7. Assistance with participation in school programs	4
8. Before-, after-school, mentoring, summer programs	6
9. Obtaining or transferring records necessary for enrollment	4
10. Parent education related to rights and resources for children	5
11. Coordination between schools and agencies	4
12. Counseling	3
13. Addressing needs related to domestic violence	3
14. Clothing to meet a school requirement	2
15. School supplies	5
16. Referral to other programs and services	4
17. Emergency assistance related to school attendance	4
18. Other (optional)	1
19. Other (optional)	0
20. Other (optional)	0
Comments:	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly Section 1.9.2.6 of the SY 2005-06 C SPR.

1.9.2.4 Barriers To The Education Of Homeless Children And Youth

In the table below, provide the number of subgrantees that reported the following barriers to the enrollment and success of homeless children and youths.

	# Subgrantees Reporting
1. Eligibility for homeless services	1
2. School Selection	0
3. Transportation	4
4. School records	0
5. Immunizations	0
6. Other medical records	0
7. Other Barriers	3
Comments: Other barriers include lack of transitional and affordable housing behavior/social skills and failure to self-report.	

Source – Manual entry by SEA into the online collection tool.

Note: This table was formerly Section 1.9.2.7 of the SY 2005-06 C SPR. Immunizations and Other Medical Records have been changed to two separate data collections for the SY 2006-07 C SPR.

1.9.2.5 Academic Progress of Homeless Students

The following questions collect data on the academic achievement of homeless children and youths served by McKinney-Vento subgrants.

1.9.2.5.1 Reading Assessment

In the table below, provide the number of homeless children and youths served who were tested on the State *NCLB* reading/language arts assessment and the number of those tested who scored at or above proficient. Provide data for grades 9 through 12 only for those grades tested for *NCLB*.

Grade	# Homeless Children/Youths Served by McKinney-Vento Taking Reading Assessment Test	# Homeless Children/Youths Served by McKinney-Vento Who Scored At or Above Proficient
3	16	<N
4	17	<N
5	16	<N
6	20	<N
7	11	<N
8	13	<N
High School	<N	<N
Comments:		

Source – Initially, pre-populated by EDFacts file N/X076, N/X077, or N/X078 that are data group 584, category set G. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: This table was formerly part of section 1.9.2.9 of the SY 2005-06 CSPR. Grades 9 through 12 have been changed to High School for the SY 2006-07 CSPR.

1.9.2.5.2 Mathematics Assessment

This section is similar to 1.9.2.5.1. The only difference is that this section collects data on the State *NCLB* mathematics assessment.

Grade	# Homeless Children/Youths Served by McKinney-Vento Taking Mathematics Assessment Test	# Homeless Children/Youths Served by McKinney-Vento Who Scored At or Above Proficient
3	17	<N
4	19	<N
5	17	<N
6	20	<N
7	11	<N
8	13	<N
High School	<N	<N
Comments:		

Source – Similar to 1.9.2.5.1 but the file specification is N/X075 that is data group 583, category set G.

Note: This table was formerly part of section 1.9.2.9 of the SY 2005-06 CSPR. Grades 9 through 12 have been changed to High School for the SY 2006-07 CSPR.

1.10 MIGRANT CHILD COUNTS

This section collects the Title I, Part C, Migrant Education Program (MEP) child counts which States are required to provide and may be used to determine the annual State allocations under Title I, Part C. The child counts should reflect the reporting period of September 1, 2006 through August 31, 2007. This section also collects a report on the procedures used by States to produce true, accurate, and valid child counts.

To provide the child counts, each SEA should have sufficient procedures in place to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the State's MEP because they permit the early discovery and correction of eligibility problems and thus help to ensure that only eligible migrant children are counted for funding purposes and are served. If an SEA has reservations about the accuracy of its child counts, it must inform the Department of its concerns and explain how and when it will resolve them in Section 1.10.3.4 *Quality Control Processes*.

Please note that in submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the child counts and information contained in the report are true, reliable, and valid and that any false statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. 1001.

FAQs on Child Count:

How is "out-of-school" defined? Out-of-school means youth up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school, youth who are working on a GED outside of a K-12 institution, and youth who are "here-to-work" only. It does not include preschoolers, who are counted by age grouping.

How is "ungraded" defined? Ungraded means the children are served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded, or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a GED through a K-12 institution, or those in a correctional setting. (Students working on a GED outside of a K-12 institution are counted as out-of-school youth.)

1.10.1 Category 1 Child Count

In the table below, enter the unduplicated statewide number by age/grade of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, resided in your State for one or more days during the reporting period of September 1, 2006 through August 31, 2007. This figure includes all eligible migrant children who may or may not have participated in MEP services. Count a child who moved from one age/grade level to another during the reporting period only once in the highest age/grade that he/she attained during the reporting period. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

Age/Grade	12-Month Count of Eligible Migrant Children Who Can be Counted for Funding Purposes

1.10.2 Category 2 Child Count

In the table below, enter by age/grade the unduplicated statewide number of **eligible** migrant children age 3 through 21 who, within 3 years of making a qualifying move, were served for one or more days in a MEP-funded project conducted during either the summer term or during intersession periods that occurred within the reporting period of September 1, 2006 through August 31, 2007. Count a child who moved from one age/grade level to another during the reporting period only once in the highest age/grade that he/she attained during the reporting period. Count a child who moved to different schools within the State and who was served in both traditional summer and year-round school intersession programs only once. The unduplicated statewide total count is calculated automatically.

Do not include:

- Children age birth through 2 years
- Children served by the MEP (under the continuation of services authority) after their period of eligibility has expired when other services are not available to meet their needs
- Previously eligible secondary-school children who are receiving credit accrual services (under the continuation of services authority).

Source – Initially, pre-populated by EDFacts file N/X122 that is data group 635, Subtotal 1. If necessary, it is updated through manual entry by the SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.10.2.1 Category 2 Child Count Increases/Decreases

In the space below, explain any increases or decreases from last year in the number of students reported for Category 2 greater than 10%.

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.10.3 Child Count Calculation and Validation Procedures

The following question requests information on the State's MEP child count calculation and validation procedures.

1.10.3.1 Student Information System

In the space below, respond to the following questions: What system(s) did your State use to compile and generate the Category 1 and Category 2 child count for this reporting period (e.g., NGS, MIS 2000, COEStar, manual system)? Were child counts for the last reporting period generated using the same system(s)? If the State's category 2 count was generated using a different system from the category 1 count, please identify each system.

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.10.3.2 Data Collection and Management Procedures

In the space below, respond to the following questions: How was the child count data collected? What data were collected? What activities were conducted to collect the data? When were the data collected for use in the student information system? If the data for the State's category 2 count were collected and maintained differently from the category 1 count, please describe each set of procedures.

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

In the space below, describe how the child count data are inputted, updated, and then organized by the student information system for child count purposes at the State level

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

If the data for the State's category 2 count were collected and maintained differently from the category 1 count, please describe each set of procedures.

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

1.10.3.3 Methods Used To Count Children

In the space below, respond to the following question: How was each child count calculated? Please describe the compilation process and edit functions that are built into your student information system(s) specifically to produce an accurate child count. In particular, describe how your system includes and counts only:

- children who were between age 3 through 21;
- children who met the program eligibility criteria (e.g., were within 3 years of a last qualifying move, had a qualifying activity);
- children who were resident in your State for at least 1 day during the eligibility period (September 1 through August 31);
- children who—in the case of Category 2—received a MEP-funded service during the summer or intersession term; and
- children once per age/grade level for each child count category.

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

If your State's category 2 count was generated using a different system from the category 1 count, please describe each system separately.

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

1.10.3.4 Quality Control Processes

In the space below, respond to the following question: What steps are taken to ensure your State properly determines and verifies the eligibility of each child included in the child counts for the reporting period of September 1 through August 31 before that child's data are included in the student information system(s)?

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

In the space below, describe specifically the procedures used and the results of any re-interview processes used by the SEA during the reporting period to test the accuracy of the State's MEP eligibility determinations. In this description, please include the number of eligibility determinations sampled, the number for which a test was completed, and the number found eligible.

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

In the space below, respond to the following question: Throughout the year, what steps are taken by staff to check that child count data are inputted and updated accurately (and—for systems that merge data—consolidated accurately)?

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

In the space below, respond to the following question: What final steps are taken by State staff to verify the child counts produced by your student information system(s) are accurate counts of children in Category 1 and Category 2 prior to their submission to ED?

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I, Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.

Source – Manual entry by SEA into the online collection tool.

Note: New data collection for the SY 2006-07 CSPR.

Describe those corrective actions or improvements that will be made by the SEA to improve the accuracy of its MEP eligibility determinations in light of the prospective re-interviewing results.

The response is limited to 8,000 characters.

The Rhode Island Department of Education has not operated a migrant education program since 2005 and it has returned all Title I,

Part C funds to the US DOE every fiscal year since. The number of potentially eligible migratory students in the state is too low to operate a viable program. Consequently, the state does not collect or maintain any migrant child information.
