

**Federal Energy Regulatory Commission  
FACT SHEET  
September 20, 2007  
Louisiana Public Service Commission and the  
Council of the city of New Orleans v. Entergy Corp.  
MA07-11  
Docket No. EL00-66-007**

The Federal Energy Regulatory Commission today responded to a remand from the United States Court of Appeals for the District of Columbia Circuit and ordered Entergy Corporation to calculate refunds for some of its customers.

Consistent with the Court's findings, Entergy is directed to make a compliance filing with the Commission that recalculates customers' peak load responsibilities and eliminates interruptible load from computing customers' charges since April 1, 2004. The Commission also directed Entergy to pay refunds to its Louisiana customers and file a refund report.

Entergy has 30 days to make its compliance filing and 60 days to file the refund report.

The Entergy system is comprised of Entergy Services, Inc. and its various public utility operating companies: Entergy Arkansas, Inc; Entergy Louisiana, Inc; Entergy Mississippi, Inc; Entergy New Orleans, Inc; and Entergy Gulf States, Inc.
