It supersedes TB 48-20, dated December 2, 2003, includes a new rate table applicable to semi-annual assessments for savings and loan holding companies, and revises the existing rate table applicable to semi-annual savings association assessments by eliminating the alternative size assessment schedule for qualifying small institutions. This Bulletin also supersedes TB 48-19, dated September 23, 2003, by incorporating the schedules of fees that OTS charges. The fee schedules are unchanged from TB 48-19 and shall remain in effect until further notice.

*Thrift Bulletin 48-21***Holding Company Assessments**

OTS has replaced fees for regularly scheduled examinations of savings and loan holding companies (SLHCs) mailed after May 1, 2004, with semi-annual assessments. OTS will charge each responsible SLHC a semi-annual assessment that is composed of a base assessment amount, and up to three additional components: (1) a risk/complexity component, (2) an organizational form component, and (3) a condition component. The amount of the base assessment and each component is set out in the attached rate table.

OTS is phasing in the SLHCs semi-annual assessment in three stages. The total semi-annual assessment will equal a percentage of the sum of the base assessment and all applicable component amounts. The applicable percentages are: (1) 25 percent for the July 2004 semi-annual assessment, (2) 50 percent for the January 2005 semi-annual assessment, and (3) 100 percent for July 2005 and thereafter.

OTS will continue to charge for extraordinary examinations, such as eligibility examinations conducted in connection with an application and specialty examinations, including information technology examinations. OTS will also continue to charge an hourly fee when staff is required to spend an inordinate amount of supervisory time as a result of an extraordinary event or circumstances.

Thrift Assessments

OTS also has amended its rules governing the calculation of semi-annual assessments for savings associations to eliminate the alternative calculation of the asset size component for small “qualifying” thrifts. Accordingly, the size component of the semi-annual assessment schedule for savings associations included in the attached rate schedule no longer includes the alternative size assessment schedule for qualifying small institutions.

As set forth in 12 C.F.R. § 502.60, under unusual circumstances the Director, or the Director's designee, may adjust, add, waive, or eliminate a fee. Such adjustments and waivers are not common. Circumstances in which the agency has waived fees include:

- (i) The savings association seeks an exception from a recent change in a regulation that in and of itself, rather than any new action by the savings association, caused an association in compliance with the former regulation to become out of compliance. Such fees will generally only be waived if the savings association files the request for regulatory exception within 90 days of the regulatory change.
- (ii) Change in control notices or holding company applications involving non-material increases in share ownership by acquirers that have previously received approval or non-objection under 12 C.F.R. Part 574 or other acquirers whose acquisitions would be aggregated with approved parties due to a presumption of concerted action.
- (iii) Situations where, due to the applicant's size or financial condition, a fee is not economically feasible or justifiable.
- (iv) The agency's actual processing time and costs are minimal because of revised procedures or efficiencies not contemplated when the agency set the fee.

Securities Exchange Act of 1934 Filings

For any other securities filings not listed, the Office of Thrift Supervision (OTS) generally will charge the same fee as the Securities and Exchange Commission (SEC).
